TRADITION SERIES

17 jewels . . . tiny, hand-finished cases of solid 14K Gold

EACH **$36.95**

Choice of White or Yellow Gold

The Inside Story of your Orvin Watch

ORVIN Watches are fine watches . . . inside as well as outside. They are made for Sears by a foremost Swiss watch manufacturer. Each has the dependable ORVIN movement with *genuine jeweled escapement*, assuring you accuracy and long service. But ORVIN standards of perfection are so rigidly high . . . because only hard jewels are placed at important points of wear . . . because every ORVIN is tested and retested—ORVIN owners are assured long lasting accuracy with minimum servicing costs.
Guarantee: If your ORVIN watch does not meet with your complete satisfaction, return it and Sears will exchange it or refund your money including shipping costs. *For satisfactory service have your Orvin cleaned regularly. Men's wrist watches should be cleaned at least once a year; women's watches every eight months.*
How can Sears price Orvins so low? Customers often wonder why Sears ORVIN prices are so low when compared with other nationally advertised watches of equal quality. Here are the reasons: Orvin watches are imported direct by Sears and sold direct to you. *No costly magazine advertising or in-between selling costs are added.* This direct manufacturer-to-Sears-to-you distribution cuts costs. Lower costs mean lower selling prices, because our savings are passed on to you. *We fully believe Orvin is today's biggest value in precision made jeweled watches.*

Sears Watch Repair Service

For low cost watch repairing that is fast, expert, dependable and guaranteed . . . send your watch to Sears! All our work is done by expert watchmakers working with latest equipment. Each watch is repaired with factory new parts, and is electronically timed and regulated before it is returned. We repair any make of watch that has 7 or more jewels. We do not repair clocks or cylinder movement watches.

How to send your watch for repairs: Print your name and address on a tag and attach to watch. Pack your watch carefully and enclose a letter telling us what you want done. Address the package to your Sears mail order house, Dept. 155. Send by registered first class mail.

If charges for repairs are $5 or less, we will do the work and send you a statement. If charges will be over $5, we will send you an estimate and await your reply before starting work. No watch repairs are sent C.O.D.

Shipping weights for all watches above, 9 ounces

Roto-Automatic—your arm motions keep it fully wound!

"Lucky Strike" $99.50 Cash $10.00 Down

PORTABLE GEIGER COUNTERS

DD Low-priced "Snooper" . . . a sensitive, reliable Geiger counter at a low price everyone can afford. More sensitive than many larger, more expensive counters . . . yet it's small enough to fit easily into your hip pocket. Easy to operate . . . just turn switch on and listen through earphones to clicking sound. Carry in hand or pocket. Detects radiation from Uranium Ore, Radium, X-rays or Atomic Explosion. Weighs only 1¼ lbs. Uses one 22½ volt hearing aid battery and 1 flashlight battery. (Replacement cost only $1.25.)
4 G 06146—Strong plastic case, 1½x3x5 in. long. Shpg. wt. 4 lbs.....$24.95

EE "Super Sniffer" . . . sturdy, lightweight . . . has two signals to indicate radiation. To use, turn on switch and listen to earphones, *OR* watch neon flasher light on top of case. Very sensitive . . . will detect radioactive ore deposits whenever radiation reaches surface of ground. Entire instrument may be used as a probe for lowering into crevices. Weighs less than 2 lbs. Costs less to operate than a flashlight. Uses flashlight batteries. May be worn on belt. Metal case 7½x4x2½ in.
4 G 06149—Shpg. wt. 4 lbs.....$49.50

FF "Lucky Strike" deluxe counter has earphones, flasher, AND *sensitive meter with 3 ranges—.2, 2 and 20 milliroentgens per hour full scale.* Detects faintest traces of uranium, pinpoints location of ore, lets you estimate quantity and quality of strike right in the field. Rugged steel case is completely weatherproof . . . weighs only 3½ lbs. Uses two standard flashlight cells and two 45-volt batteries. Web carrying belt included. Carry in hand or wear on belt. 3½x4x6½ in. long. Shpg. wt. 7 lbs.
4 G M6152—*Shipped express*...$99.50

Attention! Doctors, Scientists: *"Super Sniffer" and "Lucky Strike" are sensitive to Beta rays, too! Ideal for locating scattered X-ray radiation, lost radon or radium needles, or for monitoring radio-isotope laboratories.*

Notice: All Geiger counters come complete with batteries, plug-in earphones, radium test sample, complete instructions, and the United States Atomic Energy booklet, "Prospecting for Uranium." For information on other Geiger counters priced from $69.50 to $250.00, write to Sears Personal Service Department.

Tower Pens

Exclusive with Sears . . . Tower Pens are by far the finest values in writing instruments we've ever offered. You get all these superior quality features:

New—Exclusive—
Touch-O-Matic Point

Writes instantly . . smoothly . . with either "quick dry" or standard inks!

Micro-ground ink feed precise to 1/10,000 of an inch. Holds any good fountain pen ink always ready to flow.

14K gold point—a "must" no skimping on gold content . . . no substitute alloys. Only gold can be guaranteed to corrode or wear away.

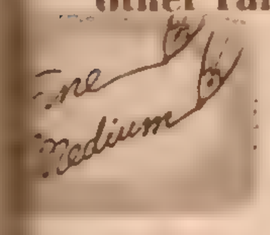
Precious metal alloy tip . . . extra-hard and extra-smooth for silent, effortless writing. We believe this revolutionary Touch-O-Matic point . . . exclusive with TOWER Pens . . . the finest pen point made anywhere. Therefore we make offer:

10-DAY HOME TRIAL OFFER

a Tower Pen or set. Use it for 10 days. If you're not convinced it's the finest writing pen you've ever used, return it and Sears will promptly refund your money.

Prices on these 2 pages include 20% Federal Tax where "E" is added to catalog number

Other Famous Tower Features!



HAND-TESTED POINTS. . . . in your choice of fine or medium style. Every Tower Pen is actually *tested by hand* before it leaves the factory . . . extra assurance that your Tower will give you true *touch-and-go* writing performance.

ACTION-MATIC FILLER . . . another Tower exclusive! Fast and simple to use . . . just press inner filler bar 3 times! This amazing filling device stops all mess and fuss . . . cuts filling time to seconds . . . fills completely full every time.

TRANS-PLASTIC INK SAC . . . your Tower pen need never run dry because you can see the ink supply! This special plastic ink sac resists age and deterioration no matter what kind of ink you use. Uses 98% of ink supply before "going dry."

STREAMLINE STYLING . . . "sleek as a rocket" . . . these beautiful Tower Pens are styled exclusively for Sears by top designers. Their precision perfect balance assures you smooth, easy and effortless writing. Tower . . . *a pen you'll be proud to own.*

TOWER PENCILS . . . finest mechanical pencils we know of! Lead may be extended, retracted or ejected. Special thin-point design gives greater lead support. Remember—*most set owners use their pencil more often than their pen!*

TOWER BINOCULARS with *Grand Oculaire**

Case included

[A] **8-power x 40mm.** Our most popular binocular. Strong power. Good brightness. Wide field of view.

[A] $69.50 Cash
$7 down

Compare these TOWER features with those of any other binocular

You'll see why we believe Tower is absolutely today's biggest value in high precision binoculars.

***Grand Oculaire** means TOWER ocular lenses (the lenses you look into) are about 25% larger than standard size. This gives you faster, easier sighting.

Coated Lenses (*both objective and ocular lenses are coated*) cut light loss, get brighter image. (*Grand Oculaire and Coated Lenses are top quality features usually found only in very expensive binoculars.*)

Fully Achromatic Lenses...no disturbing glare or distortion.

Large Center Focus Wheel for quick focusing with *either* hand.

Adjustable Eyepiece assures you sharp focus for *both* eyes.

Diecast Aluminum Alloy Frames . . . lightweight yet durable.

Black Plastic Finish . . . resists wear . . . won't peel off.

Deluxe Genuine Leather Carrying Case, attractively lined . . . strong yet light, looks very smart. Included with each binocular on this page.

TOWER Grand Oculaire* binoculars are precision made to Sears rigid specifications by world famous manufacturers of high quality optical instruments. Each is guaranteed to meet with your complete satisfaction or your money will be completely refunded. Models (B), (C) and (G) are made in France. Model (E) is made in Germany *of fine Jena glass.* Models (F) and (H) are made in the Saar by skilled German craftsmen. Models (A) and (D) are made in Japan. TOWER Grand Oculaire* binoculars can be purchased on Sears Easy Terms for only 10% down and only $5 to $9 monthly. So why not buy the finest? You can by using Easy Terms and continuing your monthly payments just a little longer. Order from table at right. *Shipped express.*

Check These Features! See how the View-Master Personal Stereo Camera will save you money. See why it's the most economical to own of all stereo cameras.

• **SAVE on film.** . . . View-Master Personal Stereo Camera uses standard 35mm color film. You get 37 pairs on 20-exposure film; 69 pairs on 36-exposure film—more pairs per roll of film than any other stereo camera on the market.

• **SAVE on viewer** . . . View-Master stereoscope costs only $2 (at left). No expensive viewer need be purchased.

• **SAVE by mounting your own reels** . . . it's easy. And it saves time . . . stereo reels take seven pairs—eliminate tiresome reach-and-change for each picture.

You have the View-Master stereoscope —now make your own reels in 3 dimensions! You'll be astonished how natural your own pictures appear—in full, thrilling 3 dimension and breathtaking natural color. Easy to use . . . "Expo-sure" calculator automatically adjusts lens opening and shutter speed. Coated anastigmat f:3.5 lenses stop down to f:16. Shutter speeds from 1/10 to 1/100 sec., and bulb. Lenses focused from 7 ft. to infinity. Eye-level optical viewfinder. Double exposure prevention. Flash synchronized. With instructions.

3 G M6134MT—*Express prepaid* (Shipping weight 3 lbs.) $149.00

View-Master Film Cutter die-cuts stereo pairs for the Personal Reel to .001 inch accuracy. Just fit the proper film perforations on a sprocket—press down—and an accurately die-cut stereo pair falls from the machine. Film Advance knob automatically registers the next pair for proper cutting. Sturdy metal construction. UL listed.
3 G 6411MT—*Postpaid.* (Shipping weight 3 pounds 4 ounces.) $19.50

Personal Reels for mounting pictures taken on Personal Stereo camera. Mount them on the reels—then see them in the viewer. Die-cut stereo pairs slip easily into reel pockets. *Postpaid.*

TOWER 35 CAMERA with FAMOUS NIKKOR LENS

Camera price includes case

- We believe these are the finest lenses in the world!
- Used by amateur and professional photographers
- Lenses interchangeable with most German Leicas

Sold exclusively by Sears. TOWER 35 is the truly precision 35mm camera that the serious amateur has always wanted and never expected to get under $350. Reports from an independent laboratory and top magazine photographers agree that NIKKOR lenses are equal to or better than any in the world!

Superior resolving power gives breathtaking sharpness to your color slides and enlargements. The lenses are ground to exacting requirements. Accessories below extend its picture-taking range. Sears laboratory technicians and buyers worked with the manufacturers on this camera for more than a year and a half before offering it to you. It is a camera that will last a lifetime, if treated properly. Satisfaction is guaranteed or your money back including shipping costs.

Tower 35 has accurate 11-speeds focal plane shutter . . . from 1 to 1/500 sec. time and bulb. Automatically cocks when you wind film . . prevents double exposures. **Focuses 1½ feet to infinity.** Lenses coated on all inside surfaces. Outer surface is left hard to resist scratches and fingerprints. Coupled range-finder with superimposed image magnifies 1½ times—can be used with telephoto and wide angle lenses. Depth of field scale on lens barrel. Mechanism entirely hand machined. Precision made in Japan. With leather case.

Illustrated Instruction Book given free with each camera. Clearly written book explains in detail how to use and take care of your TOWER 35. Special section in back devoted to uses of TOWER 35 accessories.

Keep your HAPPIEST MEMORIES as fresh as the day they were filmed with

REVERE 8mm AND 16mm MOVIE CAMERAS AND PROJECTORS

Low priced Revere "50".. Two-speed 8mm Camera with unique recessed lens — **$49.50** $5 Down. Camera only

Features: Fixed focus f:2.8 coated lens—means no focusing necessary. Just aim . . . and press button.

Drop-in loading—fast loading spool type camera. Just drop film into place—no intricate threading.

Built-in lens shade—extra long lens shade permits taking clear pictures while facing the sun! And it gives additional safety protection to lens.

Automatic footage indicator—sets itself at zero when door is closed. Shows you at a glance how much film has been exposed. Eliminates guesswork.

Two-speeds—normal and true slow motion. 16 and 64 frames per second. Usually found in expensive cameras.

Additional features include optical built-in viewfinder. Recessed click-stop diaphragm disc provides easy selection of lens opening to assure accurate exposure settings. Continuous run permits operator to get into the scene. Exposure guide. All standard filters adaptable to lens mount. Extra powerful motor runs 10 feet of film per winding. Single frame exposures. *Same price cash or terms. Express prepaid.*

Lowest Priced Blower Cooled SLIDE PROJECTOR We Know of!

$22.95 Cash
$2.50 Down

Air drawn in around slides . . forced out through sides of projector by blower fan

New! TOWER SLIDE PROJECTOR

- Cool air drawn in around slides keeps them in focus by preventing buckling . . protects them from burning and fading
- Vents in SIDES keep light from your eyes, heat from your face
- Projector stays cool enough to touch even after hours of use

Enjoy all the advantages of blower cooling . . yet see how little you pay! Projects all 2x2 slides, glass and readymounts, made from your 35mm and bantam film.

100-watt lamp gives brightness equal to 150 watts in most other projectors without blower cooling . . no heat-absorbing filter needed . . more light reaches the screen. Fine 5-inch f:3.5 lens with 3 elements.

Direct insertion slide track lets you show slides with little effort. Automatically aligns slides of various thicknesses for sharp focus. Rubber feet protect surfaces, keep projector from creeping. Elevation adjustment to align picture on screen. Sturdy die-cast metal body with light gray crackle finish. Uses 105–120-volt, 50–60-cycle, AC only. UL approved.

3 G 6379M—Shipped express. Shipping weight 9 lbs. $22.95
3 G 6399M—**Carrying Case.** Shipping weight 6 lbs. 5.25

POLAROID LAND CAMERA

Develops its own picture in 60 seconds

$89.75 Cash
$9 Down
Camera only

Polaroid photography is so much fun! A real hit at parties . . . pictures of family and friends when you want them, 60 seconds after you take the picture. **It's so simple!** Film drops in place, set a single dial for lens **and** shutter speed, snap the picture, pull film tab. No double exposures. A beautiful black and white print in only a minute. Use an 8-exposure roll of Polaroid film, pull tab to start development. A big 3¼x4¼-inch picture is ready on the spot. A wax tube is included with each roll of film. Rub wax over print when it's dry . . . lasting protection from fading, fingerprints. Polaroid-General Electric Meter clips right on camera, tells what number to dial to set **both** lens and shutter speed.

Flash synchronized. Infinity to 3½-ft. Eye-level optical viewfinder. Time exposure. Simplified drop-in loading . . . no spools to thread, knobs to wind. Extra copies of pictures are available from the manufacturer. Complete instructions included.

3 G M6285MT—*Express prepaid* (Shpg. wt. 7 lbs.) Cash or terms.....$89.75

Greatest Bible News in 341 Years

THE NEW REVISED STANDARD VERSION OF THE HOLY B

The famous version you've been hearing about . . . the Word of Life in living lan

$6.00 Buckram bound

- Beautiful new edition. Authorized by the National Council of the Churches of Christ in the U.S.A.
- The result of 16 years of intensive bible research
- A Bible ALL . . old and young . . can read, understand, enjoy

$10 G ther

How this new authorized version of the Bible can bring you richer understanding of God's W help you find peace of mind and soul—

It is easier to understand. It is written in the living language we use today—o old-fashioned phrases are gone. Language is clear and vigorous as in the earlie scripts known—many passages will be clear to you for the first time. And yet all th of the King James Version has been retained.

It is easy to read. Large type set in two columns. Poetry printed in verse form.

It is more accurate. Leading Bible scholars worked at it for 16 years, using earli scripts (some, recently discovered, 1000 years older than any previously used).

Please do not order before September 30th

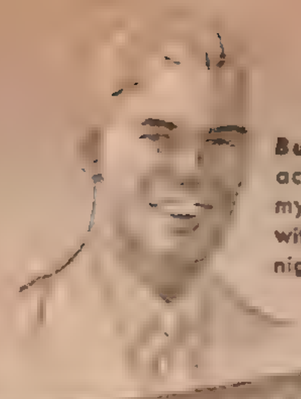
3 G 2472—Shpg. wt. 4 lbs.....$5.29

The Complete Bible—famous American translation by Smith and Goodspeed . . . the Old Testament, New Testament, and 14 Apocryphal Books in one volume. It's the Bible in OUR own everyday language—the words we hear and use every day. A treasure for scholars and for the ordinary person who wishes to know his Bible. *The Christian Evangelist* says, "The work is in pure, beautiful clear, often incisive English, and it is delightful to read." And Dr. Daniel Poling adds, "His translation of the Scriptures runs like a Rocky Mountain chain across the continent of translations." This is an edition you will enjoy owning and reading daily. Sturdy cloth binding. Contains about 1346 pages. Size 5¼x7¾ inches. **$3.79**

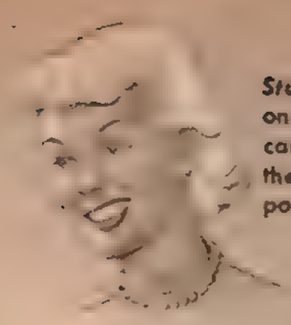
3 G 2212—Shpg. wt. 12 oz.....$3.79

Religious Books listed above are all clothbound except where otherwise stated

Housewife—It's so smart appearing I keep it on our living room desk ready for all the family to use.



Businessman—Big machine action and features make this my office typewriter. Travels with me on trips and home for nightwork, too.



Student—I like a tabulator on my typewriter. I shopped carefully and found the Tower the lowest priced tabulator-portable on the market.

Student—My friends thought a portable that looks and types as super as my Tower tabulator must cost dollars more.

Your choice of Pica or Elite type. Pica letters per inch) is larger than Elite w is 12 letters per inch.

Sears TOWER ADDING MACHINES

10-key and full keyboard machines in 6 and 8-column models

Double check your entries from the tape: It's a perfect record of what's been put into the machine and your insurance against errors. Cradle the machine in your arm for carrying, it only weighs 10 lbs. and you can operate it with 1 hand while you're checking stock.

For crowded quarters: Overall size 11⅞x7⅛x4¾ inches. Sub-total, grand total key may be operated without taking your hand off the handle.

Error and repeat keys, column indicator window: Help to increase speed and efficiency of your operating technique. Cast aluminum case smartly styled and built to resist knocks and jars. Ribbon reverses automatically. 'Instructions on adding and multiplying. With ribbon, paper tape, dust protection cover.

Full keyboard or 10-key keyboard. Each available in 6-column or 8-column models. Six-column machine totals to 99,999.99, lists to 9,999.99. Eight column machine totals to 9,999,999.99, lists to 999,999.99.

F **10-key Tower Adding Machine.** Fast, convenient! Only 10 keys to operate! No need to count digits, feed the figures into the machine like you'd write them—in order. No column-counting to find right row for starting your number. Just press the keys in proper sequence; pull the handle and there's your number. Error key clears keyboard instantly in case you press the wrong number. For lists of identical numbers simply press down the repeat lever—machine automatically repeats the number until lever is released. Complete with black ribbon and paper tape. Shipped by express. Wt. 15 lbs.

TOWER SPIRIT DUPLICATOR

Thrifty . . and surprisingly simple to use

Save 50% on cost of each master copy! No stencils, no ink, no gelatin. Prints up to 500 clear copies from one master sheet. Turn out office forms, bulletins, programs, menus, price lists, club news, church notices and dozens of others at less than ⅓ cent per copy. Prints from postcard size to 9x14 in. Just type, trace or write on master copy, insert in machine, fill tank and you're set. Size: 10½ in. wide x 18 in. long x 8 in. high.

Duplicator makes copies by transferring copy from master sheet to blank sheets of paper. Master can be filed away for additional copies later. Ball bearing pressure roller. Easy to operate adjustment for lighter or heavier impressions. Filter automatically regulates even flow of liquid. Side guides are adjustable for positioning paper. Tray receives printed paper. With dust cover and instructions. Shpg. wt. 21 lbs. Dark grey.

REVERE TAPE RECORDERS . . Famous for Tone

Faithfully reproduce meetings . . dictation . . speeches . . music

- Records 2 full hours on single 5-inch reel
- Saves money . . . single reel does work of two
- Saves time . . . sound head has simple drop-in threading

A **Revere One Hour Magnetic Tape Recorder**—replays thousands of times without loss of quality! One full hour of faithful sound reproduction can be made on a single 5-inch reel. Built-in 5x7-inch elliptical speaker gives rich tone. Simplified controls. Perfect for practicing and capturing speeches, providing commentary and music for home movies and slides, for improving diction and music ability, for dictation, conferences. Neon light flashes to show when proper recording level has been reached.

Fast forward and rewind speeds to move to any part of tape. Recorder can automatically erase entire tape or any section you choose. Use tape thousands of times. Time and footage indicator helps find desired section quickly. Reel rewinds in about 60 seconds. Instant start and stop. Powerful constant speed motor keeps tape moving at same speed for fidelity sound recording. Easily carried—machine is built right into carrying case with handle—just remove cover to use. Weighs only 25 lbs.

Size: 9x14x12 in. Uses 110 120-volt 60-cycle AC only. UL listed. Includes microphone, radio attachment cord, one reel of plastic tape and one empty reel. Accessories listed at right. (Shpg. wt. 28 lbs.)

3 G M4670T—*Express prepaid* $169.50

B **Revere Two Hour Magnetic Tape Recorder.** Has same features as machine at left—light flashes to indicate proper recording level; rapid forward lever permits skipping forward to any desired part of the reel; and scientifically designed sound-head provides simplest "drop-in" threading. PLUS the economy feature of recording 2 full hours on a single 5-inch reel.

Compact—the recorder is mounted in handsomely designed red and tan case with gold trim. Simplified controls—easy to operate. Complete with microphone, radio attachment cord and 2 reels (one with tape).

3GM8843T—*Express prepaid.* (Shpg. wt. 28 lbs.) . $179.50

3G4671—**Foot Control.** Perfect for business use. For Revere models only. *Ppd.* (Wt. 3 lbs.) 17.50

3G4672—**Ear Phone.** Ideal for stenographers. For Revere models only. *Ppd.* (Shpg. wt. 1 lb.) $10.50

3G4673—**Plastic Tape for either model.** 600 ft. *Postpaid.* (Shipping weight 6 ounces) $2.50

AMPRO RECORDERS

Low Priced . . Simple to Operate

C **New Ampro Tape Recorder.** An easy-to-operate tape recorder with dozens of uses. Schools can use it for studying speech correction, in music classes to compare students' efforts, or in secretarial classes where recorded dictation can be controlled to either rapid or slow depending on rate of speed desired. It is a useful machine for churches—sermons may be tape-recorded for rehearsal or for shut-ins; outstanding occasions in church activities may be preserved for future inspiration and discussion. Slides and film-strips of religious subjects have greater impact when used with commentaries recorded on tape. Offices and industry find it useful in training salesmen with tape recordings of right and wrong ways to sell a prospect.

Playing time of Ampro recorder is 2 hours using dual track recording on 7-in. reel; 1 hour using dual track recording on 5-in. reel. Sound erases automatically so reel can be used again and again. Fast forward speed. Tone control. Instant stop switch. Size: 11x8x12 in. Mounted in maroon leatherette case. Operates on 60-cycle AC only. (Shpg. wt. 20 lbs.)

3 G M8855T *Express prepaid* $119.75

3 G 8865—**Foot Control.** For Ampro only. Starts, stops instantly. *Postpaid.* (Shpg. wt. 3 lbs.) $17.50

FOR ONLY **$69.50** CASH — $7.00 DOWN

CHECK THESE OUTSTANDING FEATURES

√ Powerful PRINTED Electric Circuit

The Silvertone hearing aid has one tiny, shock-resistant unit that does the job of 45 electronic parts! Makes your Silvertone smaller, lighter weight, as well as more economical.

√ New, more economical "A" Battery

Laboratory tests prove that it can save you up to $35.00 a year in battery costs alone over mercury cell costs. This can pay for your Silvertone in 2 years time.

√ Midget "B" Battery Tiny but Powerful

Only the size of a tiny cylinder, yet still embodying the power and long-life of bigger batteries. Makes your Silvertone smaller . . . but gives full 22½-volt power, long battery life and mellow tone.

√ Miniature, low-drain Tubes

Tiny tubes . . . only ¾ of an inch long. These small low-drain tubes make the 4-ounce Silvertone hearing aid possible. Yet you still get long battery life and famous low-cost Silvertone operation.

√ Extra Cord included at no extra cost

Silvertone hearing aids come to you equipped with a $1.65 extra receiver-cord . . . at no additional cost to you. Should it wear out, you've got another on hand. This extra cord helps assure continued operation — another Silvertone "plus" feature!

√ "Fingertip" variable Tone Control

Tiny tone-control located on top of case permits you to select the frequency range you desire. Gives you either mellow, soft tones, or higher, more treble tones by just a flick of a switch.

√ Easy Volume Control "at your fingertip"

Volume control wheel is located at upper left hand corner of case. One finger can raise or lower the volume quickly to select for you the proper degree of loudness or softness for comfortable hearing.

√ Accepted by American Medical Association

Silvertone hearing aid model H-16 carries the seal of acceptance of the American Medical society's Council on Physical Medicine and Rehabilitation . . . your assurance of high standard performance.

SILVERTONE H-16 HEARING AID

Weighs only 4 ounces! Small as a package of cigarettes!

Just check all the features listed at right! No other hearing aids regardless of price offer you all of these advantages. Why pay more if you get less?

Thousands of satisfied users have proved that you do not need "expensive consultations" to get the aid you need. We believe that you are the best one to determine which hearing aid offers you the greatest satisfaction and economy. Approximately 90% of all persons who can be helped by a hearing aid do not need an aid especially selected for their own loss. For the few who may need extra power, we offer below a super-power H-16 model (8 G 8070). That's why we offer our "Satisfaction or Your Money Back" Guarantee. Order your new SILVERTONE today . . . try it . . . prove to yourself what Silvertone can do for your hearing loss on Sears famous "Satisfaction or your Money Back Guarantee."

Smooth, sturdy plastic case reduces clothing noises. Attractive maroon and cream color with gold-plated front panel and reversible clip. Comes complete with two "A" batteries (8 G 8112), one "B" battery (8 G 8205), and extra cord. Available on Easy Terms.

IF you have worn an aid and have a custom ear mold order:

8 G 8069—Silvertone H-16. Shipping weight 1 pound 7 ounces..... ONLY **$69.50**

IF you haven't worn an aid and have no custom ear mold order this Model H-16:

8 G 8074—Includes Custom Ear Mold Impression Kit. Best hearing-aid results are gained when you have your own custom molded ear piece. You can easily take an impression in just a few minutes in your own home. Complete material and easy-to-follow directions. 5-day service by our laboratory after receiving your impression. Shpg. wt. 2 lbs..... **$74.50**

If you want to enjoy inconspicuous hearing, order this model H-16. Modern science has developed for hearing aid users this less-conspicuous type of hollow earmold and plastic tube used in place of the conventional custom ear-mold and cord. No receiver button shows in your ear; rests out of sight beneath clothing or hair instead.

8 G 8079—Complete with Custom Ear-Mold Kit. Shipping weight 2 pounds..... **$79.50**

New "SUPER-POWER" H-16 Silvertone Hearing Aid

Essentially the same aid as described above as 8 G 8069 except that it is more high-powered. It is particularly recommended for those who have severe hearing loss. *CAUTION:* If you are uncertain of your exact hearing loss, we suggest that you first try the standard model described above since extra power may be irritating unless it is definitely required.

8 G 8070—Complete with batteries and cords. Shipping weight 1 pound 7 oz..... **$69.50**

New! *SEARS APPROVED* CRYSTA-BEE

High-potency Vitamin B Complex capsules that aid in fighting fatigue and that "run-down" feeling.

100 CAPSULES **$4.89** 100-DAY SUPPLY

Crystа-Bee will give you the "water soluble" vitamins that your body **cannot store up** but **must have** to maintain maximum health, energy, and vitality. A steady intake of the B Complex (nervousness and fatigue-fighting) Vitamins is necessary for them to be effective . . . your system can't "save-up" on them.

Vitamin content per capsule

Vitamin B_1 U.S.P	16 mg.	di-Methionine	30 mg.
Riboflavin U.S.P. (B_2)	6 mg.	Ferrous Sulfate Dried U.S.P. (Equivalent to 20 mg. of Iron)	68 mg.
Pyridoxine Hydrochloride (B_6)	1.5 mg.	Choline Dihydrogen Citrate	65 mg.
Ascorbic Acid (C)	50 mg.	Inositol	20 mg.
Niacin Amide U.S.P.	30 mg.	Folic Acid U.S.P.	0.34 mg.
Liver Disiccated NF	180 mg.	Vitamin B_{12} U.S.P	3 mcg.
Calcium Pantothenate	4.5 mg.		

B-Vitamin and Iron deficiencies can cause that "worn-out" feeling of tiredness and fatigue resulting in nervousness. Why not help yourself? Consult your doctor . . . if your condition is due to a lack of B Vitamins, try CRYSTA-BEE with B_{12}.

Need larger doses of Vitamins? Take THERAPEUTIC Vitamins for correction of deficiencies

WHAT ARE THERAPEUTIC VITAMINS?

Therapeutic vitamin preparations are those in which the daily doses are sufficiently large to be of value in the correction of vitamin deficiency conditions. These doses are usually from 2 to 10 times the minimum daily requirements, but may be even larger. Therapeutic vitamin preparations may consist of a single vitamin, such as Vitamin A, or of combinations of several vitamins.

SEARS APPROVED Therapeutic Vitamin Capsules

SEARS APPROVED Longitudinal Arch Supports

Step out and have fun even when your feet hurt!

SEARS APPROVED Longitudinal arch supports are self-adjusting and lightweight. That makes them easy to wear as well as extremely comfortable. They let you walk with a spring in your step! Foot trouble not only makes walking a hardship but causes other disturbances such as headache and shooting pains in calf of leg. If you have a weakened longitudinal arch, get this *SEARS APPROVED* arch support. It's designed to give firm, comfortable support to the arch as you wear it. Constructed of two nickel plated steel plates covered with high-quality oak-tanned leather. Because it's *SEARS APPROVED*, it meets rigid specifications to insure you highest quality and proper design.

Longitudinal arch supports extend from the heel forward to the ball of the foot providing equal pressure for the full length of the arch. Put the spring back in your walk . . . why put up with tired, aching feet any longer?

Men's sizes 6 to 11; women's sizes 5 to 9. *Please be sure to state size and width of shoe.* Shipping weight each pair 12 ounces.

♦8 G 1207Y—Women's.....Pair 2.85

FEET HURT? Use *SEARS APPROVED* Foot Comfort Appliances

Many foot discomforts may be caused by weakening of either or both of the two main arches of the foot: (1) longitudinal arch, extending from heel forward to the ball of the foot, and (2) metatarsal arch, extending from side to side across ball of foot.

READ FOR PROPER FIT

The longitudinal type Arch Support gently lifts weakened arch to a natural position; helps relieve fatigue, muscle strains and pains caused by weakened arch.

The metatarsal type Arch Support is designed to raise affected metatarsal bones into proper position; helps avoid cramp-like pains and calluses on ball of foot, corns between toe and excessive wear on shoes. For longitudinal arch weakness, plus discomfort in the metatarsal area, select a combination type support.

HOW TO ORDER. Arch supports usually come in following shoe sizes: Women's, 4 to 10 inclusive; Men's 6 to 12 inclusive. (No half sizes.) *State size and width of shoes.*

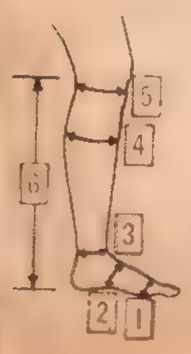
Truly, the answer to a woman's elastic hose needs! Available in hose sizes 9, 9½, 10, 10½. *Please state size desired and whether you want average or long length.* Shipping weight pair 12 ounces.
8 G 1425—Pair....$11.50 2 pairs only $19.95

HOW TO MEASURE PROPERLY FOR ELASTIC HOSE



Follow diagram at left. Have someone else measure your leg in morning before it has swollen. Take measurements while you are in standing position with bare feet flat on floor.

When measuring for elastic hose please be sure to state all measurements asked for. This will help us give you the best possible fit. *State measurements around* [1] ball of foot; [2] instep; [3] smallest part of the ankle; [4] fullest part of calf; [5] 1 inch below kneecap; [6] length from floor to 1 inch below kneecap on a vertical line, as shown in the diagram at the left.

Careful, accurate measurements should be taken in order to insure the best fit.

SEARS APPROVED *Elastic hose are guaranteed not to discolor or fade. Buy them by the pair for exact match*

BE ACTIVE AGAIN!

With a *SEARS APPROVED* ATHLETIC TRUSS

Fits "like a glove"

Work! Play! Lift! Run! Stoop! Squat!

To give you the utmost comfort when you wear a truss, Sears brings you this scientifically-designed Athletic Truss with 3-contact painless pads. Sensational double-anchor pad does not slip or shift . . . it's similar to holding hernia with 3 fingers. Made of flexible rubber, it contacts hernia at 3 necessary points, in addition holds inner ring and outer ring of canal. Truss conforms perfectly to shape of abdomen . . . no bulge to show underneath clothing.

The *Sears Approved* Athletic Truss is designed by a doctor to hold reducible hernia even though you do strenuous work or exercise. See your own doctor! Flexible rubber front, elastic webbing, non-cutting leg bands. Washable. A truss in which you can feel safer, whether bending, squatting, or coughing! *Sizes* 30 to 44. *State waist measurement.*

$8.49 Inguinal style

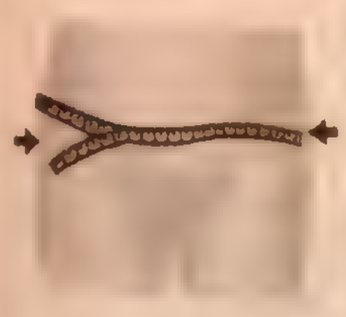
Three styles: for inguinal hernia; for scrotal hernia; and for more advanced cases of scrotal hernia.

8 G 1327—**Inguinal style truss.** Two pads, especially designed for inguinal rupture. Shipping weight 15 ounces. . . . **$8.49**

8 G 1328—**Scrotal style truss.** Two pads, designed for cases of scrotal rupture. Shipping weight 15 ounces. **$8.90**

8 G 1329—**Scrotal style truss for more severe cases.** Two pads, designed for more advanced cases of scrotal rupture. Shipping weight 1 pound 2 ounces. . **$12.50**

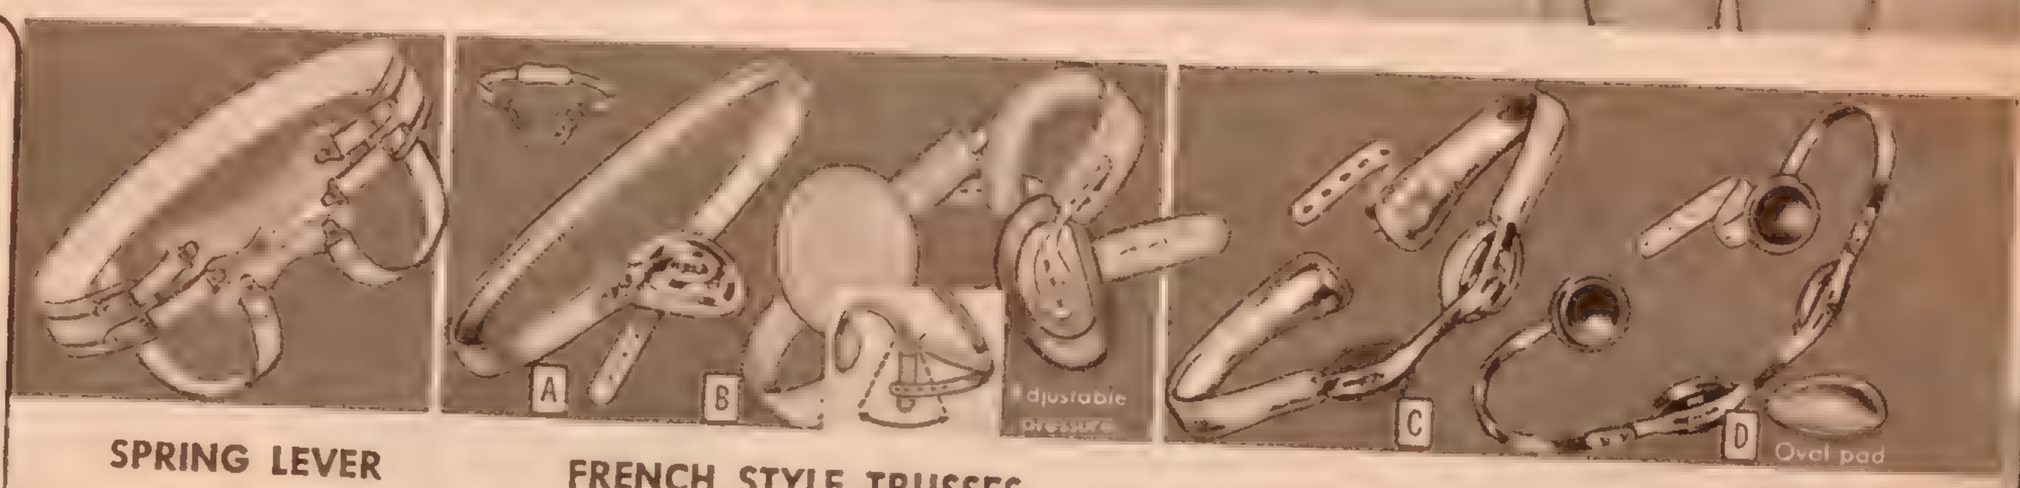
HOW TO MEASURE



Draw tape measure around body in direct line with point of rupture, as shown above. Take snug measurement over bare skin—do not measure over clothes.

Send us this exact measurement. (Do not send waist measurement except for 8 G 1327, 8 G 1328 and 8 G 1329).

NOTE: For larger sizes than those listed, order the style you want at price shown. We will get it for you at no extra charge. Allow 60 days for special sizes. Sorry, no C.O.D. orders.



SPRING LEVER

SEARS APPROVED. Body band of elastic webbing. Spring lever across wide solid leather front adjusts to body movement. Supports the lower abdomen and hernia firmly, yet comfortably. Help your child to control his BED-WETTING habit!

The average case of functional bed-wetting is usually brought under control in 2 to 4 weeks of "Wee-Alert" training! The bed-wetter *learns* to wake himself *before* it is too late

- Tested in Sears own laboratory . . safe . . harmless . . can not shock the sleeper. Only the sound of a buzz (safe as a door bell) awakens him.
- Helps to avoid the social embarrassment caused by bed-wetting habit. Helps restore self-confidence.
- Saves time, work by helping to eliminate soiled linen, blanket replacement and unhealthy sleeping conditions.

SEARS LABORATORY TESTED

GUARANTEED

A safe alarm device that awakens the sleeper. Moisture caused by the urine completes the harmless electric circuit setting off the alarm buzzer which wakens the sleeper. When sleeper has become accustomed to wakening himself, complete cure may shortly be realized. "Wee-Alert" is not recommended for people with organic diseases or for the normal training of babies. Outfit includes the alarm device complete with battery, four 18x27 inch aluminum foil pads, two separating sheets, and complete instructions for use.

Finest Leather Used in Luggage!
Best J. C. Higgins Men's Matched Set

Only at much higher prices did we find luggage equal to this

$58.50 Cash $6.00 Down — A

$47.80 Cash $5.00 Down — B

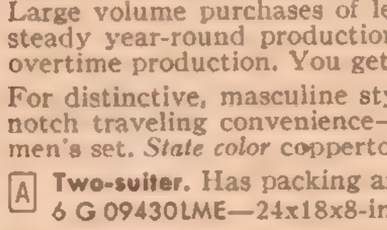
$26.50 Cash $3.00 Down — C

$25.50 Cash $3.00 Down Standard size — D

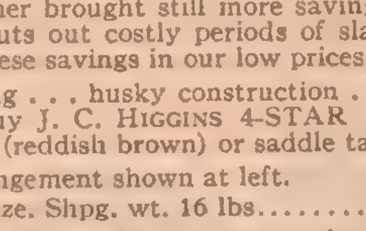
1 Suits hang neatly on 2 snag-proof plastic hangers. Ball-bearing hanger post keeps hangers from slipping off. Folding board helps prevent wrinkles. Center divider has zipper brief pocket for papers, small items on one side, tie bar holds 12 ties on other. Cotton shoe socks protect clean clothing from soiled shoes. Tan cotton gabardine lining.

2 *Exclusive!* Removable zipper travel kit holds shaving accessories. Snaps into place inside case. Cotton gabardine cover. Washable plastic lining.

3 *Exclusive!* Zipper laundry compartment expands as you fill it with soiled clothing—keeps clean clothes neat because they're separated from dirty clothes.



Molded plastic end frames (under leather covers) absorb shock of bumps and jolts



Non-sag metal scuff plates, inside angle iron reinforcements strengthen corners.

Another 4-STAR Feature!

Four reasons why Two-suiter and Companion are a 4-STAR Feature.

1. Very best leather used in luggage! No. 1 grade top-grain cowhide is firm and smooth—not soft and spongy like many top-grain leather covers. It wears and wears. And the leather is carefully inspected before we buy to insure uniform quality and color.

2. Strong construction! Molded end frames are much stronger than any other type used in men's luggage. You'll find them only in very high priced cases. Steel frames and 3-ply wood bottoms increase strength—without adding extra weight. Flanged scuff-plates and angle iron reinforcements add strength at base corners where wear is greatest. Leather is doubly reinforced at points of wear.

3. Smart, handsome design! Careful workmanship has brought out all the natural beauty of the leather. Heavy white cord stitching. Sparkling brass hardware. Easy to pack, too. Specially designed interiors incorporate packing features most wanted by travelers.

4. Top quality at low prices! We shopped and compared. Nowhere could we find luggage with all these features. Only at much higher prices did we find cases equal to these. Here's why Sears prices are dollars less. Efficient production, careful analysis of production costs helped eliminate wasteful expenses . . . resulted in great savings. Large volume purchases of leather brought still more savings. And steady year-round production cuts out costly periods of slack and overtime production. You get these savings in our low prices.

For distinctive, masculine styling . . . husky construction . . . top-notch traveling convenience—buy J. C. HIGGINS 4-STAR Feature men's set. *State color* coppertone (reddish brown) or saddle tan.

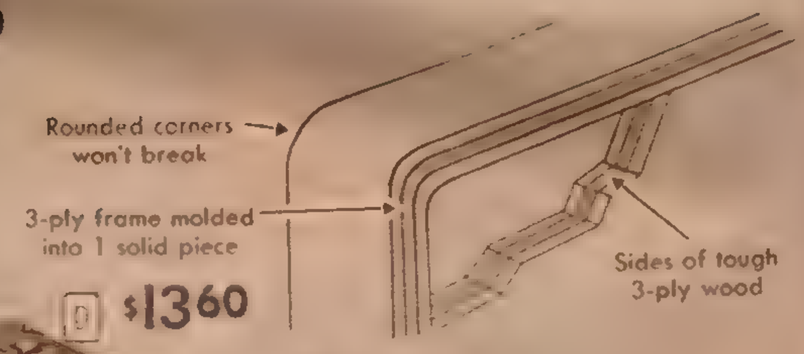
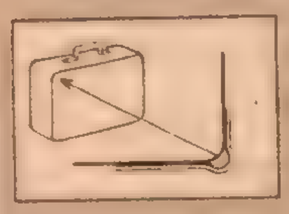
Best Selling J. C. Higgins LADIES LUGGAGE

Four beautiful high-fashion colors . . Coppertone, Tan, Green and Blue



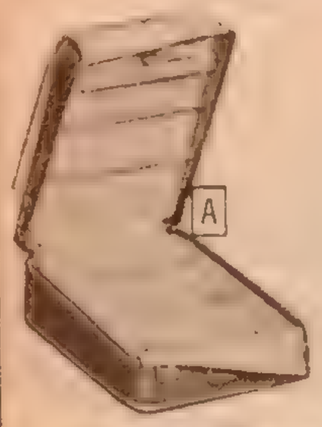
Frame is one solid piece. It's formed by molding 3 plies of wood together. Frame has rounded corners . . no old fashioned corner joints that break, come unglued. New 3-ply valence makes frame still stronger. 3-ply top and bottom complete this all-wood box.



Bumper binding wards off damaging jolts. Scuff-resistant vinyl plastic is electronically welded into one piece.

Removable zipper cosmetic bag, lined with washable plastic, snaps in Weekend case. For toilet articles.

INSIDE . . LUXURIOUS LININGS, FITTINGS



Fortniter (A) has small trunk capacity, hand luggage convenience. 3 hangers for suits, dresses. 3 bottom compartment removable dividers. 2 dust curtains. Brown cotton twill lining.

Hanger (B) has 4 hangers for suits, dresses. Keeps wrinkling to minimum. Dust curtain. Large elastic shirred pocket. Iridescent rayon satin lining.

Pullman (C) and Weekend (D). Use weekend for short trips, as a companion bag with larger cases. Has removable cosmetic bag. Pullman is for longer trips. Weekend nests inside Pullman to save storage space. Both have elastic shirred pockets, iridescent rayon satin linings.

Train Case (E) holds cosmetics, toilet articles. Plastic cosmetic tray, full lid mirror. Washable plastic lining.

A 4-STAR Feature! TOUGH CANVAS COVERS impregnated with wear-fighting vinyl plastic, resist scuffs, scratches

Here's why these cases are a 4-STAR Feature. New factory layout, new machinery and careful analysis of costs resulted in great savings. Steady year around production brought still more savings. They're passed on to you in our low prices. We studied and compared luggage . . . we checked with travelers to see what features you wanted. The result—convenient, durable luggage at low prices.

Improved features make them better than ever! New 3-ply wood valence makes cases stronger, easier to open and close. New padded and quilted bottoms. These are features usually found only in very high priced luggage. The wardrobe case has a new, ruffled elastic curtain that's very attractive. Improved mirror in train case has strong new plastic frame that helps prevent breakage.

Thoroughly tested in our laboratories. We banged these cases around, smeared them with grease and grime in tests far more brutal than actual travel. They passed every test . . actually exceeded Bureau of Standards recommendations for luggage construction.

Our most popular cases because they're built and finished like luggage costing many dollars more. All-wood box described above is usually found only in cases that cost dollars more. Smooth cove are impregnated with vinyl plastic to protect brig colors from fading, scuffs, nicks, stains. Easy to clea Dirt wipes off with a damp cloth. Smart, co fortable handle has brass-plated trim. Highly polish brass-plated hardware. 3 stop hinges.

Luxurious interiors. Lined in costly, harmonizing fabri —linings you'd expect only in very expensive lugga Removable cosmetic bag in Weekend case i iridescent rayon satin cover. (See illustrations a descriptions of interiors at left.)

Personalize your luggage with J. C. Higgins han some monograms—the smart, inexpensive way to a "custom" styling. Monograms cost only a few cen each. Described and listed at bottom of page.

Smart colors are right in style. *State color* copperto (reddish brown), tan, green or dark blue.

America's Lowest Priced 6-Shot Repeater

J. C. Higgins Bolt Action Shotgun

Our Own Trade Mark

In All Popular Gauges

Proof tested forged steel barrels. Factory installed rubber recoil pad. Handsomely grained American Walnut stock. It's made to rigid specifications, yet it's the lowest priced gun of its type on the market today.

6-shot repeater (5 shells in tubular magazine, 1 in chamber).

Loads from underneath like most expensive repeating shotguns.

"Fast travel" bolt gives you r
ld repeat shots, sure extract

Choice of 12, 16 or 20-gauge (Full or Modified Choke); .410 (Full Choke)

If you've been missing out on hunting thrills because of the cost of more expensive repeating shotguns, here's the gun designed to solve your problem. Notice the expensive gun features, and its price—the lowest of any 6-shot repeater in all popular gauges. **"Fast-travel" bolt gives 6 rapid repeat shots,** (5 shells in magazine, 1 in chamber). Plug included. Loads from underneath like more expensive repeaters (.410 loads through magazine tube).

Positive-action twin extractors for swift ejection, fast loading. Forged steel barrel is proof-tested, precision choked. Red ring safety, shows when cocked. Machined trigger mechanism has smooth, crisp pull that's creep free. One-piece American walnut stock—handsomely grained—full pistol grip. Factory installed **rubber recoil pad.** Non-glare bead front sight. Buy it today on Easy Terms. See inside back cover for details.

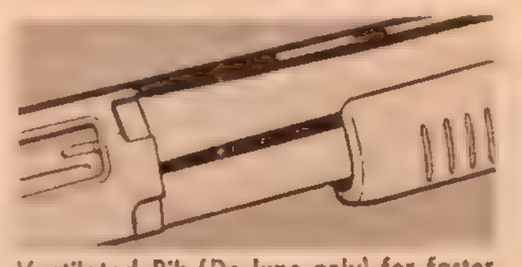
Choke Control has 3 easily changed tubes. Full choke (long range), over 40 yds. and trap. Modified choke (medium range), 25 to 40 yds. Improved cylinder (short range), 15 to 25 yds. and skeet. Remove tubes and fire rifled slugs for deer.

SEARS 4-STAR FEATURE — THE SEAL OF TESTED QUALITY AND SAVINGS · LABORATORY APPROVED

Another 4-STAR Feature

Beautifully grained walnut stock, full pistol grip. Silver-color metal name plate. Factory installed rubber recoil pad.



Ventilated Rib (De luxe only) for faster sighting, greater beauty and balance. Barrel, receiver permanently interlocked.

Specially treated, non-glare flat side receiver, with loading port underneath gives fast sure sighting.

...nd Here's Why

...'20" brings you the "custom-like" ... you like at an extremely low ... tested and compared—and ...d it's the finest in its field. By ... on one gauge and one ... by using the most modern ...available, the factory was able ... efficient production. We've ... savings on to you.

Whether you're a "one-gun" sportsman or have a full collection, you can enjoy every hunting thrill with the J. C. Higgins De luxe Model "20". Hunt pheasant in the Dakotas, ducks in Arkansas or deer in Florida with one gun. J. C. Higgins Choke Control compensator changes to fit your target. And just check these great factory installed "custom-like" features.

Built-in Features of both models at no extra cost	
Feature	Usual cost installed
Free falling action	$7.50 to $12.50
Rubber recoil pad	4.00 to 5.00
Nameplate	5.00 to 14.00

The De luxe Model "20" gives you these two fine features in addition. You get $43.00 worth of custom-like extras, yet you pay only $12.00 more	
Feature	Usual cost installed
Choke compensator	$18.00 to $22.50
Ventilated rib	25.00 to 35.00

Exclusive "free-falling" action makes possible the fastest pump action we know of, and we've tested them all. **Fires 6 shots in just 3½ seconds.** Point muzzle up, press release and "easy-action" slide falls by itself—a true mark of gun craftsmanship. **Extra short 3½-in. stroke. Steel barrel,** proof-tested with loads 50% stronger than regular ammunition. **Barrel and receiver permanently interlocked**—can't get out of alignment. **3 great safety features:** breech lock, hang fire lock and forward safety. Non-glare flat side receiver, engineered to give you clearer sighting. **Richly grained walnut stock,** full pistol grip with grip cap. **Factory installed rubber recoil pad. Inlaid silver-color name plate** (not engraved). **Palm filling semi beaver-tail fore-end** keeps fingers away from barrel heat.

De luxe Model "20" with Choke Control Compensator and Ventilated Rib. 3 choke control tubes change easily, even in the field. Gives you 3 different patterns. For deer remove tubes, shoot rifled slugs—40% more accurate than uncompensated guns. Choke control masters escaping gas, eliminates barrel whip, reduces recoil and muzzle blast up to 60%. Gun length stays the same with all 3 tubes—balance remains perfect. Ventilated rib gives you fast, glare-proof sight plane necessary for split second shooting, fast follow-up shots. Plus the "custom-like" appearance that makes the De luxe model deserve top place on your gun rack. Overall length 46¾ in. Actual weight 8 lbs.
6 G 013—Shpg. wt. 13 lbs. $72.00

Standard Model "20." Same fine gun without Choke Control and Ventilated Rib. Has precision choked barrel. Length 48 inches. Weight about 7½ pounds. Shipping weight 12 pounds.
6 G 01—12 gauge, Full choke $64.95

...e FN Mauser Action, made in Belgium by Fabrique Nationale, ...renowned makers of military and sporting arms. This is the ...modification of the famous Mauser Bolt Action, specially ...ed for sporting rifles. Simple in design, strong, easy to operate.

Choose a scope to suit your target

Your J. C. Higgins Rifleman Senior 2½ or 4-power scope comes installed with mount—they're designed for use with the J. C. Higgins High Power Rifle. 2½-power for shorter ranges—4-power for greater magnification. Achromatic lens systems give you truer light transmission, less reflection. Weatherproofing seals and protects your scope against damaging dust and moisture. Internal adjustments plus rigid mounts insure accuracy at all times even under the toughest conditions.

With CHROMED BORE for greater velocity, longer barrel life

Here's the gun designed to meet your growing demand for a rugged, high power rifle at a popular price. Now every sportsman has the chance to join in on the great thrills of big game hunting. It comes to you with or without 2½ or 4-power scope and in America's most wanted calibers, .270 or .30-06. Compare the Model "50" with any other high power rifle. You'll see that you can't find another gun with all these great features at anywhere near Sears money-saving price.

ACTION: The latest sporting modification of the famous Mauser Bolt Action, made in Belgium by world renowned Fabrique Nationale. It has great strength, simplicity and ease of operation. Low, curved bolt handle and easy-to-reach low clearance safety permit low scope mount. Checkered bolt handle gives sure grip. Single-stage trigger with crisp 4½-lb. pull has no "creep" or slack. You shoot without jerking from the target. 5-shot capacity (4 in magazine, 1 in chamber).

BARREL: Finest proof-tested steel with chromed bore, a feature usually found only on custom made rifles. Protects rifle from internal rust. Provides harder surface to withstand high temperatures and pressures of today's powerful ammunition. Barrel, crowned on muzzle, is properly bedded in stock to insure perfect accuracy. Barrel and stock are made exclusively for Sears in the U.S.A. by one of America's best known firearms manufacturers.

STOCK: Beautifully grained American walnut with full pistol grip, semi-beavertail fore-end. Designed to make recoil a steady push, not sharp punch. White plastic inserts at grip cap and butt plate.

SCOPE: Your choice of 2½ or 4-power precision instruments, designed especially for this gun. Combines rigid mount, perfect balance, and they're detachable in a jiffy, even in the field. Highly corrected optical system has coated achromatic lenses that reduce light distortion. Weatherproof; click-type internal windage, elevation adjustments. Cross hair reticule. Lens caps. 2½X scope has 43-ft. field of view at 100 yds. 4X scope has 27-ft. field of view at 100 yds. 4X scope 11⅜ in. long. Weight 9½ oz. 2½X scope 10½ in. long. Weight 8½ oz. Buy gun and scope together, get mount and installation at no additional charge to you, and save installation time, too.

SPECIFICATIONS: Barrel length 22 in. Overall length, 42½ in. Wt. 7½ lbs. without scope, 8 lbs. with scope. Sights: matted ramp front, adjustable rear. Shpg. wt. with scope 13 lbs. Without scope 12 lbs. Enjoy hunting while you pay. Buy on Sears Easy Terms. See inside back cover for details.

Our lowest priced .22 caliber rifle

J. C. Higgins Bolt Action Single Shot

Man sized and rugged—yet lightweight enough for your boy to handle. Ideal as a "first gun" for youngsters.

ONLY **$13.30**

Smooth working bolt. Removes for cleaning.

Step adjustable rear sight for quick sighting.

The lowest priced **full size** .22 caliber rifle we've seen. Husky and hard hitting, yet it weighs only 4½ pounds. Fine balance and excellent accuracy. Sure to make your boy the proudest youngster in the neighborhood. You'll find it handy for "pest control" around the farm—or for just plain "plinking" and target shooting. 24-inch round tapered barrel of blued steel. Crowned on muzzle. Fires short, long, or long rifle cartridges; regular or high speed. Strong, dependable bolt action. Very safe because the gun must be hand cocked to fire. Smooth working bolt is quickly removable for easy cleaning. Automatic ejection. Takedown model. Full sized one-piece walnut grained wood stock. Popular semi-pistol grip. Shaped "non-slip" hard rubber butt plate. Sights: partridge type front, step-adjustable sporting rear. Overall length of rifle 40½ inches. Actual weight only 4½ pounds.

Seeing power is killing power . . Your Rifle deserves a good Scop

What to Look for When Buying a Scope. To help you judge the quality of a scope, here's a brief explanation of some of the commonly used terms.

Lens Coating: Lenses chemically treated to reduce reflection and provide a hard, less easily marred surface. Adds durability, gives better light transmission.

Achromatic: A compound lens system that gives truer color transmission, reduces reflection, rainbow-effect.

Field of View: (Usually given at 100 yds.) Diameter of field you see through scope. Moving targets need larger field (37 ft. and up). For short-range shooting, a smaller field is satisfactory.

"Power": The greater the power, the shorter the apparent distance to the target. More power makes target appear larger, but reduces your field of view. Power of scope is not related to its quality or cost.

Weatherproof: Scope completely sealed and protected against entry of moisture which would damage scope.

Reticule: The fine lines with which you line up your target. "Crosshairs" are the most popular type.

Eye-Distance: The distance from eye to scope in normal shooting position. 2 inches is fine on a .22, but you need 3 to 5 inches on heavier-recoil high powers.

J. C. Higgins Scopes for .22 caliber Rifles. Achromatic lenses. Weatherproof construction. Cross hair reticule. Internal windage and elevation adjustments. Field of view shown at 100 yds. "N" type mount, instructions included. *State make and model of rifle.*

Boys' Hunting Coat, Shell Vest, Pants

Rugged 11-oz. duck, real adult styling

Built like his Dad's but low priced at only **$4.98**

J. C. Higgins Junior-sized Hunting Coat. Great for youngsters who like to hunt or to look like hunters. Makes them look just like Dad! Coat is attractively made of 11 oz. genuine army duck, water repellent treated with famous DuPont Zelan. Fabric is closely woven of snag-resistant 2-ply yarns, stays soft and pliable even in cold weather. Hefty game bag is effectively rubber coated, has 2 flapped rear openings—roomy enough to hold lunches, books, or the many odds and ends a youngster always carries. Long wearing collar faced with corduroy to resist fraying. 2 flapped front pockets. Single chest pocket carries extra equipment. Matching buttons. *State size*: 6, 8, 10, 12, 14, 16. See *How to Measure*. Excellent as a casual jacket for play or school. He'll go for the different styling. Heavy duck fabric holds up under rough use, and mustard brown color hides dirt and wear. See matching pants 6G8499 at right.

Our Finest Duck Hunting Coat!

Zelan treated and Sanforized, Has bloodproof game pocket

Coat is fully lined over chest and back — right down to the game pocket. Gives you added protection from wind and cold.

Game pocket has no bottom seam for blood to seep through, quickly unzips for cleaning or to form a dry seat in a duck blind. Protects legs in wet weather.

Newly developed game pocket is Butyl-rubber coated. Blood will not penetrate. Pocket cleans with soap and water, stays soft, pliable at low temperatures.

Water runs right off this handsome, sturdy coat, yet it costs only **$10.59**

J.C. Higgins Finest Duck Hunting Coat. Specially made for Sears! From the specially woven twisted yarn duck to the finished garment, it is exclusively Sears. You demanded it—that's why Sears designed it. We field tested it and lab tested it to give you the most coat for the money. Duck in this coat is made to our own specifications—more threads per inch than army duck, yet lighter in weight and very strong. Fabric is dyed a brush brown color, given famous Zelan treatment so it will shed water. Coat is "Sanforized" to guarantee maximum fabric shrinkage of 1%. And bloodproof game pocket has "no seam" construction. We think this your greatest hunting coat buy.

• Front and back fully lined for warmth and comfort

Finest Duck Hunting Coat has Sears exclusive "no seam" game pocket. No bottom seam, so there's no place for blood to seep through. Pocket was lab tested to prove that *blood will not penetrate butyl-rubber coating.* In every test this butyl-rubber pocket surpassed natural rubber in performance, was far superior in aging quality. *We guarantee that our game pocket is bloodproof,* that the lining will not crack or blister in hot or cold weather. And dried blood can be quickly washed off with soap and water. Talon zippers at 2 front openings let you drop pocket for easier cleaning or to form a dry seat. Gives extra leg protection in wet weather.

• Recoil pad protects shoulder from "kick" of gun

Coat is made of 9 oz. brush brown duck closely woven of 2-ply yarns. 15% lighter in weight than army duck in coat 6G8491 below, but it has a much smoother weave. Bi-swing shoulder pleats. Underarm eyelets. Collar and 2-button cuffs faced with corduroy. Vegetable ivory matching buttons. Large, combination pockets: outside muff pocket keeps hands warm; inside shell pockets have 6 elastic loops under each flap. *State chest size:* 36, 38, 40, 42, 44, 46, 48. See *How to Measure* and hunting pants to match on opposite page. Order coat and matching hunting pants today.

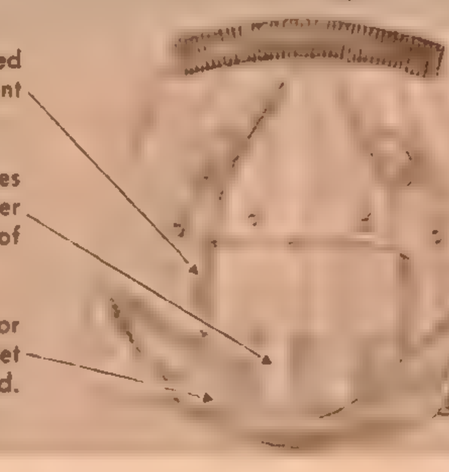
SEARS 4-STAR FEATURE — THE SEAL OF TESTED QUALITY AND SAVINGS · LABORATORY APPROVED

Another 4-STAR Feature!

Zelan treated 11 oz. Army Duck

Roomy Game Pocket has double rubber lining



Game pocket has two flapped rear openings, two inside front openings for easy access.

Rubber-coated game pocket gives double protection. Extra rubber lining also protects body side of coat from blood leakage.

Game pocket can be let down for cleaning. Or you can use pocket to form a dry seat in a duck blind.

$8.79

- Extra shoulder patch protects against gun wear; corduroy-faced collar and cuffs resist fraying
- 2-button sleeve cuffs. Roomy, muff-type pockets let you keep hands warm while carrying your gun
- 12-in. long bi-swing shoulder pleats do not bind, let you swing gun into position and follow through
- Roomy shell pockets have 6 elastic loops under flaps, hold a dozen 12, 16, or 20 gauge shells

J.C. Higgins Heaviest Duck Hunting Coat. Check these features and see if you don't agree that this is America's greatest hunting coat value. Coat made of 11 oz. mustard brown army duck. Snag-resistant because it's closely woven of 2-ply yarns. Best fabric known for taking the rough usage a hunting coat gets. Processed with famous Zelan for permanent water repellency. Easy to clean with a damp cloth. Bi-swing shoulder pleats plus underarm gussets give you complete freedom of action. Underarm metal eyelets permit body to "breathe." Matching vegetable ivory buttons are practically unbreakable. *State chest size:* 36, 38, 40, 42, 44, 46, 48. See opposite page for *How to Measure*. Also see 3 styles of Zelan treated hunting pants to go with this coat.

J. C. Higgins SLEEPING BAGS, Wool or Kapok-filled . . Exclusive new COT BAG!*

E **Kapok-filled "Twin Bed Set"** is specially designed for outdoor couples. Ideal for husband-wife, father-son. Each of the 34x74-in. bags has 4 lbs. of kapok fill. Water repellent cover of 8 oz. cotton drill. Soft, flannelette lining is tubular quilted for greater comfort. 109-in. double pull zipper lets you open bags flat for cleaning and airing. Or you can zip two bags together to make a 68x74-in. double bag. Removable 48x43-in. canopy attached by snap-fasteners. Full length underpocket for air mattress or cot pad. Rolls into long fold. Ropes included; stakes not included. Olive drab color. Buy twin bags and save $1.00 over price of bags bought separately.

6 G 07169L—**Twin Bags.** Shipping weight 20 lbs. $39.98

6 G 07168L—**Single Bag.** Shipping weight 11 lbs..... 20.49

F **J. C. Higgins Exclusive New Cot Bag** provides more comfort and warmth than a cot with mattress and blankets—yet it costs no more, and it's much easier to carry. Just like sleeping in a padded hammock with lots of warm blankets. Lifts sleeping bag off the ground, away from insects, dampness.

Four rocker-type legs of spring steel are evenly spaced, provide uniform support the length of the bag. Lightweight steel frame and legs are quickly and easily assembled.

35x80-in. bag filled with 4 lbs. of all-new wool waste. 10-oz. olive drab cover of durable canvas duck. Soft, inner lining is tubular quilted. 100-in. double pull zipper. Quilted inside weather flap stops cold drafts from coming through zipper.

6 G 07288L—Includes ropes, no stakes. Shpg. wt. 16 lbs. $34.69

G **Kapok-filled 34x74-in. Single Bag** filled with 4 lbs. of fluffy kapok that repels moisture, stays odorless, will not mat down. Bright green cover of heavy, water repellent twill. Tubular quilted flannelette lining is colorful red and green plaid. 36-in. double pull zipper. 43x50-in. overhead canopy with drawstring—makes handy cover when bag is rolled up. Full length underpocket. Rolls into long fold. Ropes included; stakes not included.

6 G 07173—Shpg. wt. 12 lbs....$18.69

H **Wool-filled 32x74-in. Single Bag** filled with 3 lbs. of soft, resilient Tanner's wool batt. Dark green drill cover has durable print cloth lining. Easy to get in and out with smooth running, double pull 36-in. zipper. Overhead canopy for additional protection during bad weather. Rolls into easy-to-carry short fold. Ropes and stakes not included. Plenty of room to sleep an average-sized adult. Enjoy the comfort of this inexpensive bag on your next camping trip.

6 G 07170—Shpg. wt. 8 lbs.....$11.85

J **Wool-filled 34x78-in. Single**—our finest wool-filled bag! Built-in foot pocket gives extra space for more sleeping comfort. Filled with 4 lbs. of luxurious all wool batt. Cover is made of 8-oz. olive drab drill. Bright plaid flannelette lining is tubular quilted to prevent filler from shifting. Smooth running 102-in. double pull zipper. Large canopy with extra long side curtains. Full length underpocket. Rolls into long fold. Frame, stakes included.

WATER REPELLENT TARPS . . 20 ready-cut sizes . . 3 qualities

J. C. Higgins High Quality Tarpaulins are strongly made of rugged, single-filling duck, water repellent treated. All seams securely double stitched. Rust resistant grommets set 3 to 4 feet apart, anchored through 2 thicknesses of duck. Brown color is not absolutely colorfast. See rubber coated covers below for use on cars, lawn furniture, etc. Fabric weights given below are before treating goods for water repellency. Each quality will give you excellent all-weather protection, but remember, the heavier the fabric, the longer it lasts and the better service it gives. Finished sizes slightly smaller than cut sizes because of seams, hems, climatic conditions. *Sizes weighing 70 pounds or more shipped freight or express.* Order from table below. *State size.*

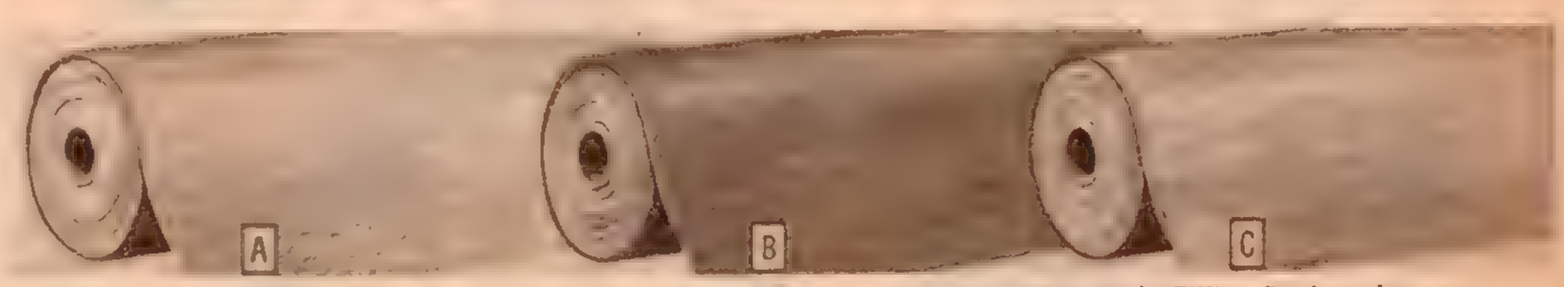
CANVAS YARD GOODS . . . treated and untreated duck



A **Untreated Single Filling Duck** is a low-priced canvas with many uses. Strongly woven and very tough. All three weights are washable and unbleached. Ideal as background scenery for schools and small theatrical groups. They make sturdy yet inexpensive grain and feed sacks, cotton pick sacks, fumigation covers, and boat sails. Protect against dents and provide insulation when used as milk can covers.

Catalog Number	Comparative weight per sq. yard (ounces)	width in inches	Actual weight per running yd. (oz.)	Each yard Shpg. wt. lbs.	Each yard Shpg. wt. oz.	Each yard Price

6 G 07586	14.90	36	14.90	1		98c

B **Brown, Treated Single Filling Duck**—treated to repel water. All-weather covering for building materials, boats, wagons, heavy machinery, hay and grain, all farm implements and tools. Very popular because large selection of weights meets demands of any job. Brown color cannot be guaranteed colorfast. 7.68 oz. fabric (6G07576) in table below is treated khaki drill. Useful as porch curtains, tenting, awning drops, ground cloth.

J. C. HIGGINS

OUR OWN TRADE MARK

You can't find stronger bikes than J. C. Higgins . . you get bright colors, streamlinin

You're sure to get your money's worth with J. C. Higgins; here's why

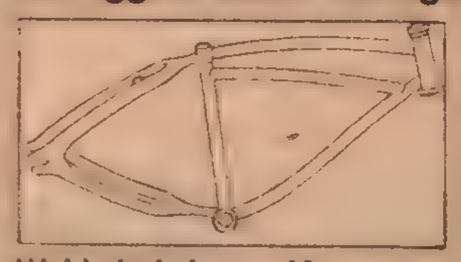
Prices of J. C. Higgins bikes are always low. Yet you get bikes as fine as any. Here's how we keep our prices down. Careful control of factory costs eliminates wasteful expense. Despite seasonal changes in demand, steady production is maintained. This eliminates costly idle and overtime periods. Freight costs are low because our bikes are made in factories from coast to coast.

Now look at exclusive features. You won't find all these features or combinations of them on any other bikes . . . no matter how much you pay. J. C. Higgins air-cooled coaster brake. Pinkerton registration service. Allstate tires, tubes. Welded tubular steel frames doubly reinforced at 9 points. Color-flow styling on chain guard and bumper braces. And exclusive color combinations.

And—no American-made bike is built more strongly. Only the finest materials are used. J. C. Higgins bikes are carefully built to exacting specifications. No American-made bike has a stronger frame, front fork or crank drive.

These features make J. C. Higgins Bikes stronger, safer, better for y

J. C. Higgins coaster brake gives instant braking action for quick stops. And you get free coasting because there's no brake drag



Welded tubular steel frames are reinforced at 9 points. No American-made bicycle frame is stronger

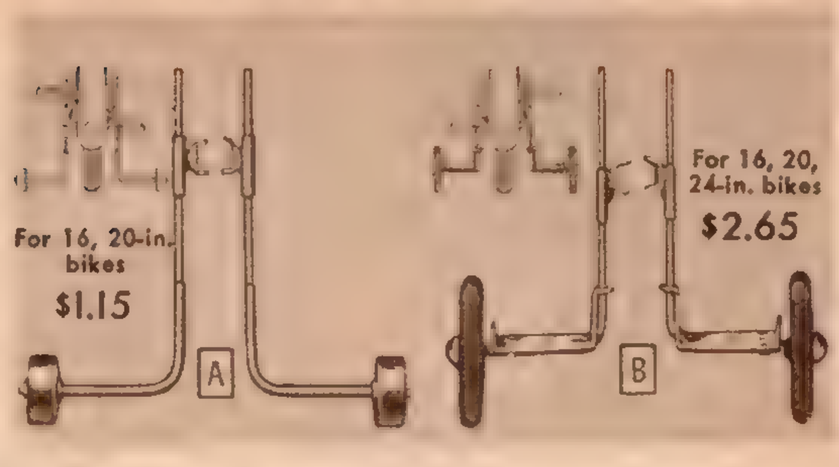
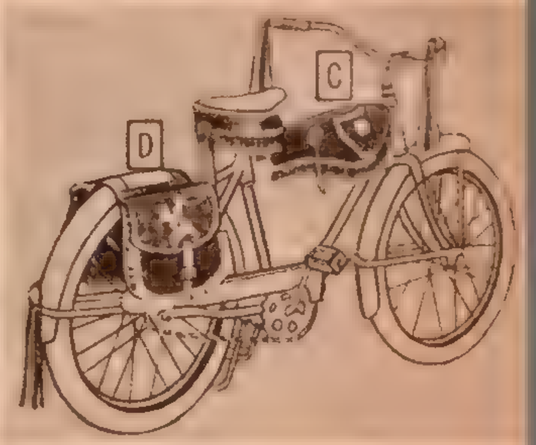
Construction Notice. J. C. Higgins 10 and 14 inch sidewalk bikes are built in accordance with accepted standards for velocipedes and bikes this size. Because of their small size and because they will be outgrown rapidly, they are not equal in construction to our larger bikes. However, we're sure you'll find them equal or superior to any other bikes this size. Sears guarantees complete satisfaction or your money back.

Accessories for Junior, Sidewalk Bikes





OUTRIGGER WHEELS balance bike . . make learning to ride easier

Bicycle outrigger wheels make juvenile bicycles as easy to ride as tricycles. Yet it gives your youngster all the fun and thrills of riding a two-wheeler. Strong steel arms extend extra wheels out from rear wheel. These extra wheels give child balance, help prevent spills. Ideal for beginners. Set outrigger wheels at ground level while child learns to ride. Raise wheels above ground slightly after experience has been gained. Take it off entirely after child has become an expert rider. Easy to attach and adjust. Order bicycle outrigger wheels along with your youngster's new junior or sidewalk bike. It makes riding safer . . and gives your child confidence while learning.

[A] **Outrigger Wheels.** Strong steel arms extend hardwood wheels out from rear wheel. Shpg. wt. 2 lbs. 6 oz.

Tests in our laboratories prove Allstate tires tops for all-round performance, longer wear. Tested against rigid standards on these points. 1. Resiliency. 2. Wearability. 3. Depth and width of tread. 4. Depth of sidewall. 5. Tensile strength of ply fabric. Comparisons of test results show, that of the tires tested, Allstates give longer wear. *For correct tire size, order from markings on old casing or measure outer diameter of wheel rim.*

Allstate Balloon Tires have thick treads of long wearing, high quality rubber. Heavy sidewalls increase total tire strength. Triple strand wire beads hold tire in shape.

[CC] **Heavy Duty Allstates.** Recommended for motor or foot bikes. Thicker, flatter, wider tread with twin riding ribs. Deep-cut block tread with high sidewall prisms. Same fabric construction as auto tires. Rubber impregnated cords prevent ply friction.

[DD] **Premium Allstates.** Extra rubber in tread center where wear and tear is greatest 5 parallel zig-zag treads for better traction—more resistance to lateral skids. 2-ply rubber construction. Overlap ply adds strength under tread where shocks are worst.

[EE] **Allstate Safety Treads.** 4 deep-grooved parallel zig-zag treads give ample traction. 2-ply rubber cord body. Overlap tread under ply.

[FF] **Allstate Regular Balloon Tubes** are made of durable, high quality synthetic rubber. These tubes hold air several times longer than natural rubber tubes.

Allstate Puncture Resistant Balloon Tubes. (*Not shown. Cat. nos. 6 G 5108, 6 G 5107, 6 G 5106 in table below.*) Thick tread portion tends to ward off sharp objects and to seal around them if punctured. Best for areas where exposure to punctures is above average.

Save, buy Allstate balloon tire and tube combinations (26-in. balloon tires, tubes only).

Johnny Bulla Autograph Matched Woods and Irons

With adjustable Flange-Wrap Grips

Johnny Bulla Autograph woods and irons have GOODwin, natural rubber wrap-on grips and caps. Caps act as protective cushion when clubs are in the bag. Grips are applied at the factory, yet built so you can remove and rewrap them to your own favorite thickness.

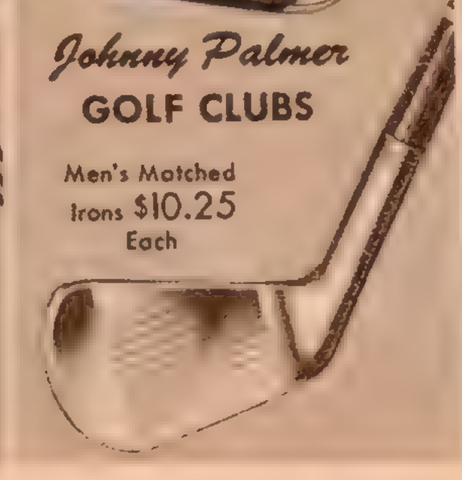
With Compact 'Power-Weight' Blades

Specially designed blades have "Power-Weight" scientifically placed—on each iron, behind point of impact. "Power-Weight" puts extra punch in every iron shot—you get greater distance, increased accuracy. They're the choice of low handicap golfers everywhere.

Men's Matched Woods $12.50 Each

Johnny Palmer GOLF CLUBS

Men's Matched Irons $10.25 Each



Men's Matched Woods $5.99 Each

J. C. HIGGINS GOLF CLUBS

Men's Matched Irons $4.50 Each

Johnny Bulla Autograph Matched Woods and Irons are packed with outstanding features that make them your best golfing buy. GOODwin flange-wrap rubber grips and caps give soft, cushioned feel; eliminate sore, blistered hands. Grip equally well in cold, hot or dry weather. Actually have greater adhesion when wet. Black rubber has evenly spaced perforations for better grip. Attractive green trim. Compact blades concentrate weight and power in smaller heads. Have less turf resistance, give you more power, more distance. U.S.G.A. approved sand blasted face and straight line scoring gives proper backspin.

Johnny Bulla Autograph Woods for men have glowing mahogany-color deep-faced persimmon heads. Face insert of durable red fiber for greater wear, harder hits. Metal sole plates. Chrome-plated steel step shafts. New style black plastic neck trim. In right or left-handed models.
6G0862LM–Right-handed woods nos. 1, 2, 3. Shpg. wt. set, 7 lbs. $26.55

6 G 2691....Set $2.98

CROQUET SETS of clear-grained, well seasoned hardwood

Attractively finished croquet sets have heavy coats of protective varnish. Balls are official 3⅜-in. diameter. Each set has a strong, wood carrying rack. Threaded mallet handles will not fly off during play. Select hardwood used in Sears sets makes possible the use of flat-faced, full-sized mallet heads that give the broadest striking surface. Do not confuse with sets of inferior, open grained woods that tend to split or warp.

X **GOOD 4-ball Croquet Set** has 6-in. mallet heads. Mallet heads and handles are striped to match colors on striped maple balls. Hardwood end stakes are attractively decorated with harmonizing colors. Yellow enameled wood rack has white stripes down front. Instructions on how to lay out court and play game are included. Set has 9 steel wire wickets, each 10 in. high. Shpg. wt. 12 lbs.
6 G 02568.....Set $5.95

Y **GOOD 6-ball Croquet Set** has 6-in. mallet heads. Mallet heads and handles are striped to match colorful maple balls. Hardwood end stakes brightly striped. Set has 9 rust-resistant steel wire wickets, each 10 in. high. Green enameled wood rack has white stripes down front. Instructions on how to lay out court and play game included. Shpg. wt. 15 lbs.
6 G 02696.....Set $7.49

Z **BETTER 6-ball Croquet Set** has 8-in. mallet heads, colorfully striped. Rugged plastic balls (W) described at left. Mallet handles and hardwood end stakes are lathe-turned. 9 rust-resistant steel wire wickets, 10 in. high. Blue enameled wood rack has white stripes down front. Instructions included. Shpg. wt. 18 lbs.
6 G 02697L.....Set $9.10

AA **BEST 6-ball Croquet Set** has 9-inch mallet heads decorated to match plastic balls (W) at left. Set made of northern, hard rock maple. Striped mallet handles and end stakes. 9 rust-resistant steel wire wickets are square at top to fit compactly into red enameled wood rack. Complete playing instructions included. Shipping weight 20 pounds.
6 G 02571L.....$15.25

Tough, Molded Rubber Basketballs

Look, handle like leather . . outperform leather balls.
Best balls for play on cinders, concrete, dirt.

A

B $5.69

Molded-all rubber

... to stretch or ... spots to give ... or crazy ... tight—won't ... zed. Durable rub- ... over 1-piece rubber ... struction gives ... grained: Official ... needle included. ... 2 pounds 8 ounces.

$3.75

Molded fabric and rubber

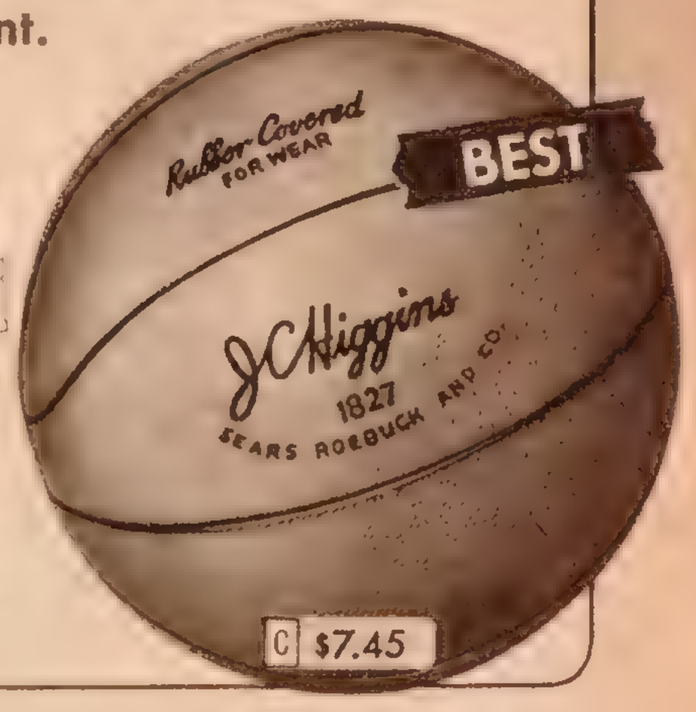
B Ball is one solid watertight piece, no seams, no stitching. Takes wear of roughest surfaces. Keeps shape, liveliness. Here's why it's so tough—bladder is molded, then strong rubber impregnated fabric is molded over inflated bladder. Finally pebble-grained rubber cover is vulcanized to carcass. Official size and weight. Shipping weight 2 pounds 8 ounces.

6 G 1802—Inflating needle incl.... $5.69

Brutal laboratory tests prove it can take punishing treatment.

We gave this ball more wear than the average player would give it in 2 years of very hard play. It kept its shape, liveliness . . . had lots of wear left.

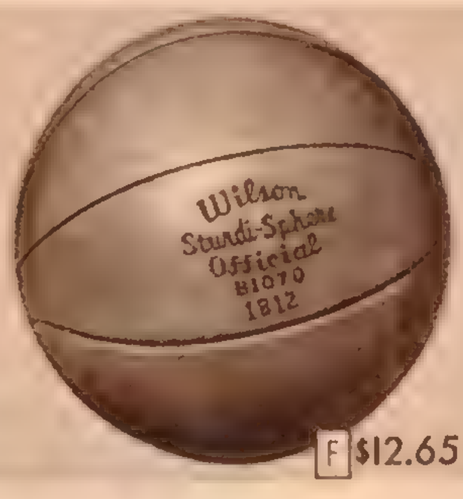
Here's how we tested it. Spinning paddle slaps ball against backboard. After 100,000 bounces, ball is aged at 170°F for 6 days. This equals 1 year's aging. We put ball through test cycle 2 more times. Each time it came out in top shape. After more than 300,000 bounces and the equivalent of 3 years of aging, ball was still in good condition.



C $7.45

D $2.98

E $9.95



F $12.65

... 8 oz.....$2.98

Seamless Molded Leather Basketballs

These balls are seamless, laceless . . . have no dead spots, give no lopsided bounces. Not ordinary basketballs with stitched-on laceless covers. These balls are molded. They have super-tough carcass formed by layers of tough, vulcanized rubber-impregnated fabric. The carcass is molded in plies around the inflated bladder, insuring perfect shape, size. Then top grain cowhide is molded tightly to one carcass, selected split cowhide to the other.

E **J. C. Higgins Top Grain Cowhide Molded Leather Basketball.** Pebble grained. Official in every way. Inflating needle included.

6 G 1810—Wt. 2 lbs. 8 oz. .$9.95

F **Wilson Select Split Cowhide Molded Leather Basketball.** Official size, weight. Pebble-grained. Inflating needle. (Shipping wt. 2 lbs. 8 oz.).

6 G 1812—*Post paid*.....$12.65

Multiple Molded Rubber construction is seamless and watertight . . makes this ball best for play on any surface

C **Our toughest, most durable ball.** Really scoffs at wear. After enduring tests equal to two years of actual play, it was still in top-notch condition—eager for more tests. The secret of its strength is in multiple molded construction. First bladder is molded. Then a specially developed, extra strong rubber impregnated fabric is molded over the bladder to form the carcass. Finally a super-tough rubber cover is vulcanized to the carcass. The result—a ball that's one solid piece from bladder to cover. There are no seams, no stitching—nothing to break or stretch and make the ball lopsided. No laces, no bumps, no dead spots. It looks and handles like leather, outlasts leather every time. Withstands scuffs of dirt, asphalt floors, grinding wear of concrete. Pebble grained. Official weight, size.

6 G 1827—Inflating needle. Shpg. wt. 2 lbs. 8 oz. $7.45

All Sears basketballs are shipped inflated and boxed. This insures that balls will be in perfect shape when you get them.

...BALL ACCESSORIES, ATHLETIC SUPPORTERS

"Which Seat Cover shall we buy?"

Here's what Sears offers:

1. **You can buy ALLSTATE Ready-Made Covers in Fiber or Plastic . . . in 6 qualities, 18 color choices**

2. **You can buy ALLSTATE Made-to-Measure Covers in Fiber or Plastic in 3 qualities . . . 31 colors!**

. . . and when you order ALLSTATE you get these great features:

Read about the Fabrics we use—

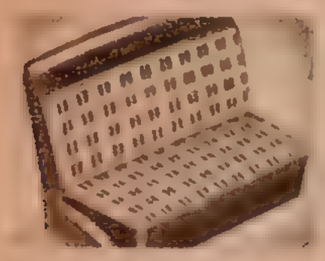
PLASTIC. We use only famous Saran plastic, woven in an 80x30-count material for best results. Processed with heat and pressure to give you a tough, smooth surface. Moisture and scuff-proof plastic will not rot or stain . . . easy to slide on. Fade-resistant colors.

FIBER. Tight 18x10 weave, 14½ oz. per square yard for economy covers, 16 oz. for best. Plastic coating on fiber gives superior surface luster and long wear.

SAILCLOTH TRIM. 86x40-count cotton cloth preshrunk to give you a heavy fabric that holds its shape. Mercerizing makes its surface extra tough, adds attractive luster. Deep colors resist fading from the sun.

RAYON TRIM. Heavy 5½ oz. per square yard material of 135-140-lb. tensile strength. Withstands the most rigid fading tests. Treated with water-repellent and perspiration-proof finishes to give you longest wear!

. . . and these Construction Features too!



Elastic Inserts on both sides of front backrest of Ready-Made sets assures snug fit. All edges are completely finished whether they show or not—fabrics cannot ravel out or snag. Trim panels at top of backrest are vinyl plastic—guaranteed not to chip, crack or scuff!

Seams are all interlocked and double stitched for extra strength in any place where there is pull or wear . . . further protected from wear by our own unique hidden seam construction. Not just sewed —ALLSTATE Covers are really engineered to last!

HOW TO ORDER ALLSTATE READY-MADE SEAT COVERS

State make, year, model name or number (as Standard, Special, 60, 98, etc.). **State whether or not car has center armrests. State pattern number desired.** Ready-Made Covers not available for convertibles, Jeeps, station wagons, trucks, small back seats of 3 and 4-passenger coupes or for hard-top convertibles (except as mentioned at right). Colorful PLASTIC FABRIC by the yard

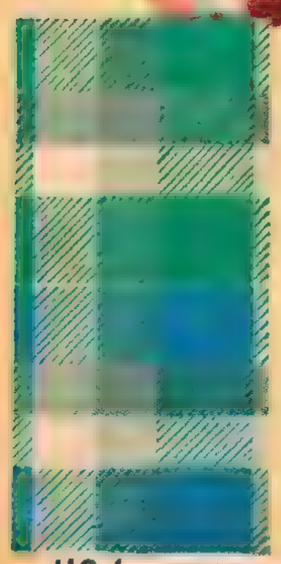
Plastic Fabric **$3.29** Yard 69 in. wide

See how many ways you can use this bright, long wearing material

Cover your furniture

Make gay place mats

Make tough slip covers



- Same tough woven plastic we use for seat covers
- Sunfast colors are "locked in" to stay bright
- Smooth-faced fabric is durable, scuff-proof

You'll find dozens of uses for this colorful, long wearing fabric. It's easy to cut and sew . . . handle it just like any ordinary material.

But there the similarity ends. No laundering—just wipe it clean with a damp cloth. And plastic will wear and wear . . . and wear! More economical than other fabrics because it lasts longer . . . and it stays good looking! Colors can't run, stains and dirt can't stick. Holds its shape—won't shrink or stretch. 69 in. wide. Bold plaid pattern in maroon, green, or blue—**be sure to state color.**

"Why should I buy Made-to-Measure Seat Covers?"

Here's why—perfect fit is important . . . worth the difference! ALLSTATES tailored for your particular car!

Custom Tailored!
ALLSTATE Made-to-Measure Covers are individually cut from a special set of patterns for your make, year and model of car . . . then expertly stitched and finished with all the pride of fine craftsmanship! You will be proud of the fit!

Made to Last!
Every seam under tension or wear is double stitched in interlocked construction for extra strength and resistance to wear. No exposed stitching at points of wear—note the plastic beading at points of greatest wear.

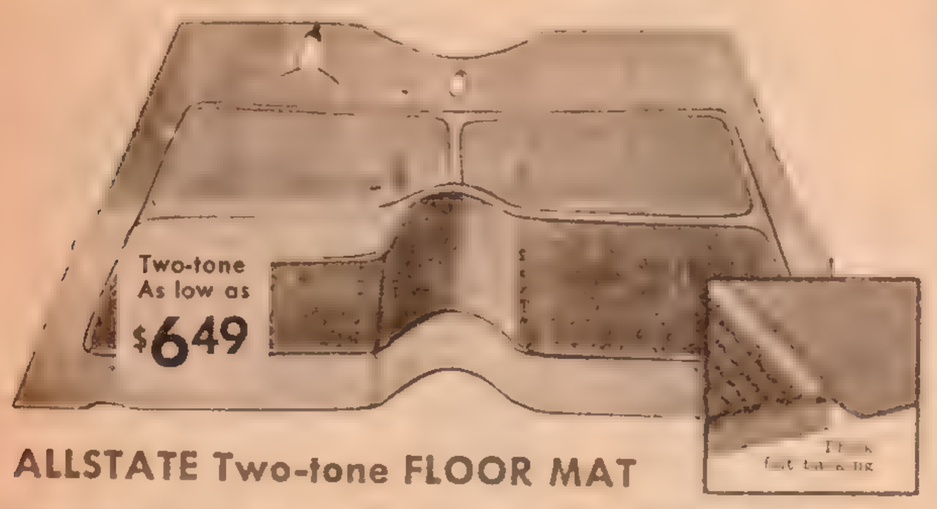
Treat yourself to a neat attractive car interior



ALLSTATE Two-tone FLOOR MAT

Our best for style and wear. Contrasting color inserts on tan rubber background add a warm note of color to dress up your car interior. Luxuriously thick felt backing acts to insulate your car against winter cold . . . helps absorb car vibration and road noises. Extra heavy tan rubber body for longest service. Rubber is tucked where heel rests to protect against excessive wear. All pedal holes cut out or indicated so you can install the mat in a jiffy. State insert color: maroon or green.

28 G 06558—1941-48 Ford, front. Shipping wt. 13 lbs... $6.49

ALLSTATE Horns blast loudly to clear the road

A **Twin Air Vacuum Horn.** Only $5.60 and this is a genuine diaphragm type horn . . . not a reed horn! Diaphragm produces a clear, sharp tone comparable to much more expensive horns.

Low priced horn mounts on the engine block and is operated by the vacuum from the intake manifold . . . uses no current.

Straight dual trumpets produce a double-barreled signal that really gets results on the highway or in city traffic.

Horn 14½ inches long, complete with fittings for easy installation.

28 G 1601—Shpg. wt. 2 lbs. 8 oz. . . . $5.79

B **Bugle Power Twin-Blast Electric Horn.** Can be heard for a mile and a quarter! Choose signal, using handy "Select-tone" switch on steering column. Select the low, melodious single trumpet tone for city driving and the powerful, two-trumpet "get-over" blast when you drive on the highway.

Looped sound track saves premium under-the-hood space without sacrificing tonal quality. Super-strong power plant for 6-volt DC. Two relays guarantee strong signal every time. Size 12½x11½ inches wide.

28 G 1613—Shpg. wt. 11 lbs. 8 oz. $11.45

C **Variable Tone Electric Horn.** Use it as an extra to give your car a distinctive, personalized signal. Steering post lever varies tone and pitch from a soft "Move-over" for city driving to a deep bull-like roar for the highway. 9 in. high; 5¼ in. wide.

28 G 1624—For 6-volt DC. Wt. 6 lbs. . . $9.98

D **Twin Blast Electric Horn.** So small (8x6½x9 . . . you can mount it between radiator and f . . . Or fits under even the most crowded hood.

Looped sound track saves space at no sa . . . of tonal quality . . . produces loud dual t . . .

Heavy duty 6-volt power plant. Un . . . brackets. Attaches to present horn button. I . . . fittings, instructions included.

28 G 1603—Shipping weight 8 lbs. . . . $6

E **Twin Blast Electric Horn.** Weather proof . . . plant. Trumpet 17¾ inches long. Relay . . . way underhood bracket included. Operat . . . 6-volt DC current. Order now.

28 G 1607—Shipping weight 8 lbs. . . . $6

F **Single Trumpet Horn.** 19-in. trumpet. . . . 3-way bracket included. 6-volt DC.

- **Five-station Push Button Tuning.** (Manual knob acts as fifth push button.) Adjust push buttons without tools by simply pushing in and turning with fingers.
- **Easy to Install.** Speaker mounts behind car's speaker grille. Power Unit mounts on firewall with a single bolt. Tuning Unit mounts through dash.
- **"Built in" installation.** All 3 units mount behind the dash out of sight . . . like original equipment.
- **Easy to Service.** Radio does not have to be removed from car for minor servicing. Service radio (even replace tubes) through inspection doors in tuning unit and power unit.
- **Improved Permeability Tuner** gives you longer range, higher fidelity tuning across the entire tuning band.

More powerful miniature tubes generate less heat . . . last longer. Draw less power, too. Five tubes (2 of them dual purpose) plus power rectifier give you seven tube performance. Seven-inch round or 6x9-in. oval permanent magnet high fidelity console type speakers (we furnish type best suited for your car). Speakers are acoustically engineered for use in autos. Manual tuning reaches stations on a wide 540–1600 K.C. range.

Automatic volume control reduces fading and blasting. Volume remains constant when you drive by or under obstructions. **For 6-volt systems only.** Order now! Let an ALLSTATE turn the miles into smiles.

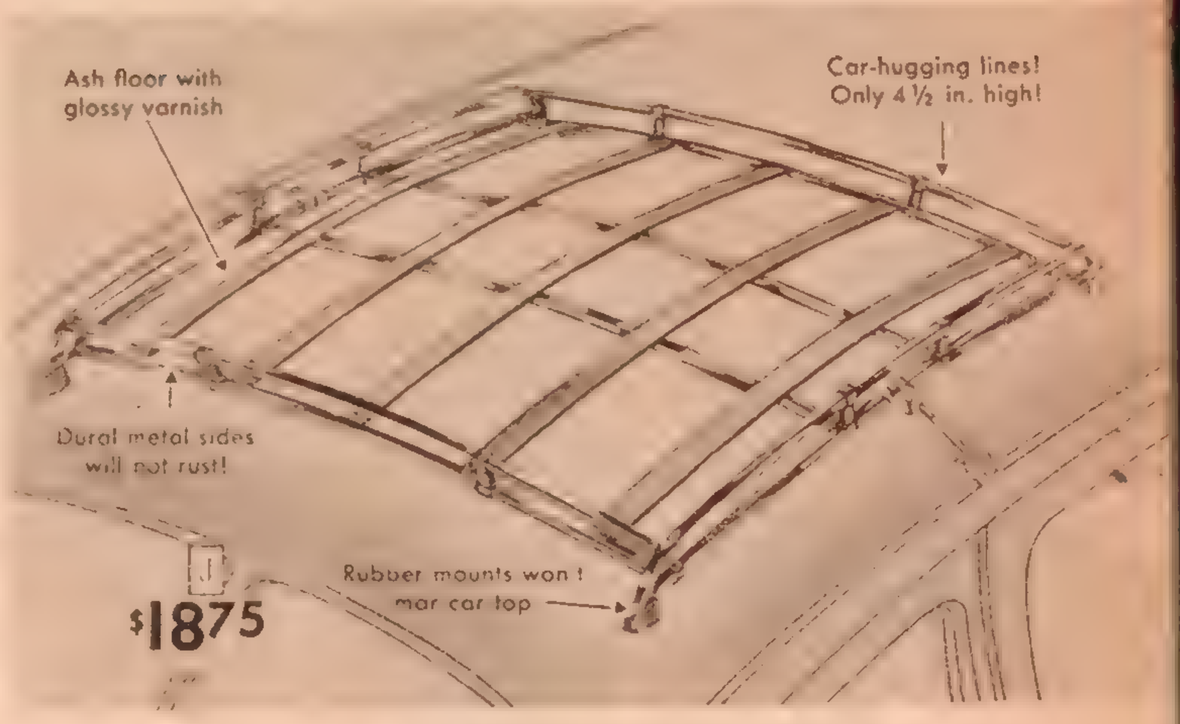
ALLSTATE Auto Top LUGGAGE CARRIERS and CARRIER BARS end luggage problems!

ALLSTATE
OUR OWN TRADE MARK



OUR NEWEST! Roof-hugging Carrier that you can leave on Top Permanently!

- Sparkling bright Dural aluminum alloy stays bright—can't rust!
- Streamlined . . hugs car roof . . low, flowing lines make it look built-in!
- Easy to mount or take down . . won't mar or stain your car top!
- Extra large luggage carrying capacity ends all your luggage worries!

...so good looking you'll leave it on your car all the time! Streamlined low line ... car roof ... make carrier look built in! Just the thing for vacations, week-end trips, hunting, camping, etc. Put your luggage on the roof . . . leave room inside for you and your family to ride in "stretch-out" comfort. Makes your vacation driving safer, because your car will be less crowded with luggage outside. Extra large capacity handles all your luggage requirements. Minimum wind-resistance.

Easy to mount or take down. No holes to drill. Four rubber-footed mounting legs can't mar or stain car top. Side support comes from 2 rigid metal arm-type ...legs. Size 39x38 inches—sides are only 2½ inches high (4½ inches high over ...). Sparkling Dural aluminum sides can't rust! Floor strips made of ash with a ...glossy varnish. Holds securely—won't slip or slide. Order now and make vacation driving more comfortable. **State make, year, and model of your car.** $18.75
28 G 07330L—Shipping weight 11 pounds. . . . . .

Protect your luggage against wind, rain and dust! Order our new plastic carrier bag (Cat. No. 28 G 7302) at the same time you order above carrier.

ALLSTATE LIGHT, ACCESSORY SWITCHES

Each approved in states where approval is required.

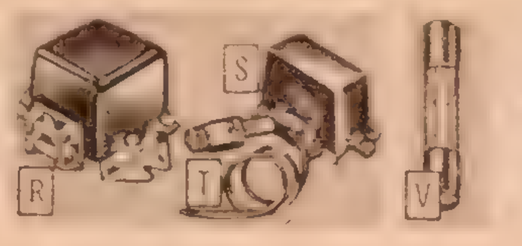
[G] 28 G 5830—**Fog Light Switch.** Heavy duty; 20-amp. cap. Mounts under or through dash. Fuse, illuminated plastic knob. Use for other accessories, too. Shpg. wt. 4 oz. 65c

[H] 28 G 5819—**Universal Push-Pull** Switch. Mounts through the dash with one hole. 15-amp. capacity. Shpg. wt. 3 oz. 19c

See Hydraulic Stoplight Switches on page 1160.

[J] 28 G 5853—**Combination Headlamp and Rheostat Switch.** Replaces original switch on Chevrolet, Pontiac, Buick; 1950–51 Kaiser, Frazer, Willys, Packard. Fits any car. Pull out knob for 3-position headlight operation. Rotate knob for variable dash illumination. Shipping weight 8 oz. $1.98

[K] 28 G 5831—**Headlight Dimmer Switch Foot Control.** Universal replacement type with screw and snap connections. Shipping weight 4 oz. 49c



[R] **Double Headlamp Relay.** Increases brightness of Sealed Beam or reflector lights by as much as 50%! Current flows directly from battery, through relay to headlights. Short wire circuit cuts down resistance; bypasses unnecessary connections that drain power. You get full power where you want it . . . at the headlights. Heavy duty relay serves for both high and low beams. Use only one. Bakelite insulated relay is moisture proof. Fuse included. Fits all cars. Shpg. wt. 1 lb. 2 oz.
28 G 1685. . . . . Each $1.49

[S] **Single Headlamp Relay.** Use one for high beam and one for low beam. Fits all cars. Fuse included.
28 G 1686—Shpg. wt. 8 oz. . . Each 75c

[T] **Headlamp High Beam Indicator.** Flashes red when high (country) beam is on. Handy driving aid required by law in New Jersey, other states. Mounts on dash; 12-in. lead-in wires included. Order now.
28 G 5827—Shpg. wt. 4 oz. 49c

[V] **Emergency Fuse Kit.** Six fuses for headlights, radio, heater, clock, tail light and other accessories cover most emergency needs. Keep a kit in your car. Avoid being stranded.
28 G 1300—Shpg. wt. 2 oz. . . Kit 25c

ALLSTATE Spark Plugs

Reg. U.S. Pat. Off.

with PYRALUM INSULATION—exclusive with ALLSTATE
Offers highest electrical resistance, best insulation for top performance under any driving conditions

The heart of any spark plug is its insulator. And PYRALUM is tops .. a balanced blend of 23 top quality raw materials, the result of four years of intensive research and experimentation! Gives finest electrical insulation, greater strength, better cooling, perfect compression seal. So switch to ALLSTATE today!

For best results, always replace plugs in complete sets

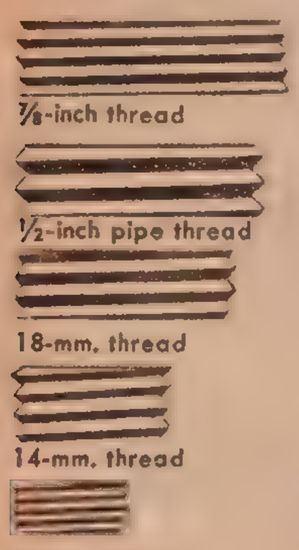
How to Order Spark Plugs



Order in any one of the *three easy ways* described below!

Method 1. State make, year, model of your car, truck, tractor, motorcycle, outboard, marine or other gasoline motor; number of cylinders; and whether "Hot," "Cold" or "Normal" range plugs needed. *For trucks, give also thread size of your plugs* (see Method 3, below).

Method 2. If old plugs gave good service, send name and number that appears on them. We will ship correct ALLSTATE replacements.

Method 3. If above information is not available, place thread of old plugs against outlines above. Order size that matches. State whether "Hot," "Cold" or "Normal" heat range plugs are needed.

Do you need "Hot," "Cold" or "Normal" plugs? Almost all drivers use **"Normal"**, whether in city or country. For rare cases of day-after-day low-speed driving or continuous start-stop and short trips, use **"Hot."** For other rare cases of day-after-day driving at top legal speeds, for long hauls, for heavy loads, we recommend "Cold" plugs.

NOTE: If you are converting your tractor from kerosene or distillate fuel to gasoline, we recommend that you use spark plugs one to two steps cooler than now used.

Always use a Socket Wrench to install Spark Plugs! Don't use pliers or other makeshift tools. Use the wrench that came with your car or order a Sears CRAFTSMAN Spark Plug Wrench (see Index). Be sure the socket wrench fits freely over top of spark plug, especially on Super Plug (A). Do not force!

CHECK THESE FEATURES

- NEW PYRALUM balanced aluminum oxide insulator offers highest electrical resistance.
- NEW special cement seal cuts power loss due to gas leakage.
- NEW leakproof ceramic seal.
- NEW soft metallic gasket gives tight seal, rapid heat transfer. 3 seals for best performance.
- Extra heavy nickel manganese silicon alloy electrodes are fine conductors.
- Flat-to-flat gap gives bigger sparking area . . . retains adjustment longer.

ALLSTATE Spark Plug with PYRALUM

A Pyralum insulator gives greater mechanical strength, greater resistance to heat shock, finest electrical insulation. Cement seal, soft metallic gasket and ceramic seal give triple seal to prevent compression loss, give fast heat transfer. Heavy nickel manganese silicon alloy electrodes with flat-to-flat gap for big, sure spark. Oil-treated black-oxide finish. **For all thread sizes. See How to Order at left.**

ALLSTATE Durozone Anti-freeze
3-way Winter Protection!

- PROTECTION GUARANTEED against motor damage from formation of solid ice [illegible] to point of original protection if anti-freeze is lost by overheating.
- PROTECTION GUARANTEED against rust and corrosion because effective ingredients in Durozone retard rust.
- PROTECTION against excessive evaporation . . . chemical seal minimizes evaporation [illegible] freeze

ALLSTATE Durozone is a full-strength methanol anti-freeze with chemicals added to prevent rust, foaming and loss of the more volatile parts of the anti-freeze mixture due to evaporation. Residual chemical prevents formation of solid ice even when volatile material has been lost. Add two quarts to radiator capacity for hot water heater. Check table below for amount needed.

30 qts....	6	8	10	11	12½

ALLSTATE Permanent Anti-freeze

Just fill up once—"one-shot" protection lasts all winter!

Inhibitor protects cooling system from rust and corrosion

- Permanent cold weather protection for all water-cooled engines—cars, trucks, tractors.
- Contains no salts, petroleum products or other ingredients that may injure cooling system.
- Combine orders with friends and order by the case. Order now before the first freeze.

No, don't let the price fool you! This is the best grade permanent anti-freeze—ethylene glycol type with ingredients added to protect radiator against rust and corrosion.

Put it in and forget it—**one filling lasts all winter.** If mixture boils, only water will boil away—just add more water. (To test solution, use ethylene glycol scale on Freezometers below.)

ALLSTATE Permanent mixes readily with water, flows freely. Use with either high or low opening temperature thermostats. Won't injure rubber, metal, or car finish.

Add two quarts to radiator capacity for hot water heater. See table for amount you need.

Fresh Air Kits for late model cars

Use a Fresh Air Kit and your new ALLSTATE Hot Water Heater will deliver both Fresh Air and Recirculating Heat. Fresh Air Heat warms a continuous supply of clean, outside air. You enjoy breathing healthful, refreshing, *fresh air* of controlled humidity as you drive . . . even with all the windows closed. Fresh Air Heat reduces tendency of windows to fog, too.

Use Recirculating Heat when intake of outside air is not desirable—as when driving in heavy traffic where exhaust fumes might be drawn into your car. Recirculating Heat warms air already inside the car . . . gives you highest temperature heat.

28 G 7793—For 1949–51 Ford. Flexible tubing connects ventilating duct already in car to damper plate fitted over knock-out plate opening in firewall behind heater. Shipping weight 3 pounds. **$3.55**

28 G 7716—For 1952 Ford. Similar to 28 G 7793 above. Shipping weight 3 pounds 8 oz. **3.55**

28 G 7792—For 1949–52 Chevrolet and Pontiac. Air scoop mounts over ventilating duct opening on firewall and connects to heater. Shipping weight 1 pound. **.90c**

28 G 7794—For 1949–52 Plymouth, Dodge; 1949–50 DeSoto; 1949, '50, '52 Chrysler. Air scoop with long 4-in. diameter tubing mounts to right of car radiator and attaches to damper plate fitted over opening in firewall. Air regulating valve control for dash included. Shpg. wt. 4 lbs. 8 oz. **$5.50**

Our Best! ALLSTATE Deluxe Heater

- Bigger capacity than many used as original equipment.
- Extra large heat volume (292 cubic feet per minute) from the oversize all-copper-brass radiator with a heat-producing surface of 228 square inches.
- Heat is picked up by 2 fans—one Sirocco blower type delivers 42 cubic feet of heated air per minute to windshield for quick, sure defrosting. Another 8-in., 6 blade fan forces 250 cubic feet into car.
- Deflector doors on each side and louvers on bottom circulate heated air in all directions.
- Illuminated 3-station rotary switch.
- Use with Fresh Air Kits at left to adapt the ALLSTATE De luxe Hot Water Heater for Fresh Air Heat. For windshield defrosting order Defroster Kits below.

New ALLSTATE design reduces depth of heater for easier installation. Radiator core is mounted flush with rear of heater. Built with extra large brass water tanks . . . can't rust. Heavy duty 11-section 6-volt motor drives both fans. Baked enamel finish blends with any interior. Heater 10½x8x7 in. deep. **For all cars except 1951 Chrysler; 1951–52 DeSoto; 1949–52 Buick, Hudson, Cadillac; 1950–52 Packard; and 1952 6-cyl. Ford.**

28 G 07776—Shipping weight 18 lbs. $28.95
28 G 07718—For 1952 6-cyl. Ford. Shpg. wt. 18 lbs. 28.95

ALLSTATE UNDERSEAT HEATER
Warms both Front and Rear Seats

- **The entire car warms more quickly because heat is distributed more evenly.**
- **Mounts out of the way under the seat. Takes no space on the fire wall . . . won't cramp front seat passengers.**

P Underseat Heater. Distributes heat to front and rear seats at the same time. Rear seat passengers ride more comfortably and entire car warms quickly. Heat distribution is at floor level. Underseat mounting puts heater completely out of sight; can be used in addition to a regular dash style heater for more back seat comfort.

Round, all-copper heating radiator with free-flowing water channels. Large 7½-inch, 6-blade fan delivers plenty of air to keep car warm. Illuminated 2-station rotary switch controls high speed 6-volt motor. Heater 14¼x14 inches; 6 inches high including motor.

Fits 1939–48 Ford; 1939–52 Chevrolet, Plymouth, Dodge, DeSoto, Chrysler, Pontiac, Cadillac; 1941–47, 1951–52 Mercury; 1941–47 Buick, Olds; 1951–52 Studebaker. Fits all other cars with 2-inch clearance between seat and floor. For defrosting, see below.

28 G 07765—Shipping weight 20 pounds. **$26.50**

R Defroster Blower. For use with Underseat Heaters. Powerful, Sirocco pressure fan forces 100 cubic feet of heated air through defroster tubing (not included—order at left). Blower, finished in neutral tone, mounts easily on dash. Copper and brass heating core; 6-volt motor. Small extra outlet directs air to warm driver's feet. Blower 6¼ in. wide; 10 in. high and 7⅛ in. deep fits all cars.

28 G 07772—Shipping weight 12 pounds. **$15.29**

Heater Switches

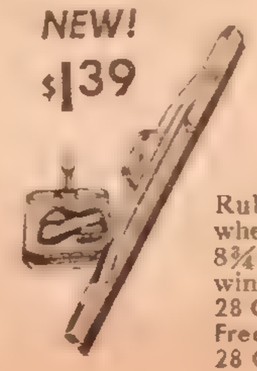
...-speed Illuminated Dash Switch. Plastic knob glows red. ...amp included.
28 G 7730—Wt. 4 oz. **75c**

3-speed Push-down Switch. Shpg. wt. 3 oz.
28 G 7724M **65c**

Heavy-duty Rheostat-type Switch. Illuminated. Clamp under or mount through dash. Bulb, ...amp included.
28 G 7725—Wt. 6 oz. **55c**

Push-pull Type Switch. Replaces originals on 1939–48 Plymouth, Dodge, DeSoto, Chrys.
28 G 7728—Wt. 9 oz. **83c**

Winter Wiper Blade



Amazing new wiper blade retards formation of ice on windshield. Felt padding inside wiper absorbs anti-freeze fluid, and spreads it on windshield when wiper is in operation to help keep your windshield clear of ice. Rubber blade operates as regular wiper when not defrosting. Wiper blade 8¾-in. long fits straight or curved windshields.

28 G 7726—Blade and 1-oz. Can Anti-Freeze. Shpg. wt. 5 oz. **$1.39**
28 G 7722—1-oz. Can Windshield Anti-Freeze. Shpg. wt. 3 oz. **22c**

Order all your automotive needs on Sears Easy Terms. Enjoy the use of your purchases while you pay for them. See inside back cover for complete details.

ALLSTATE Tire Chains can mean the differen

At 20 MPH on GLARE I

WITH TIRE CHAINS

BRAKING DISTANCE: 77 FEET

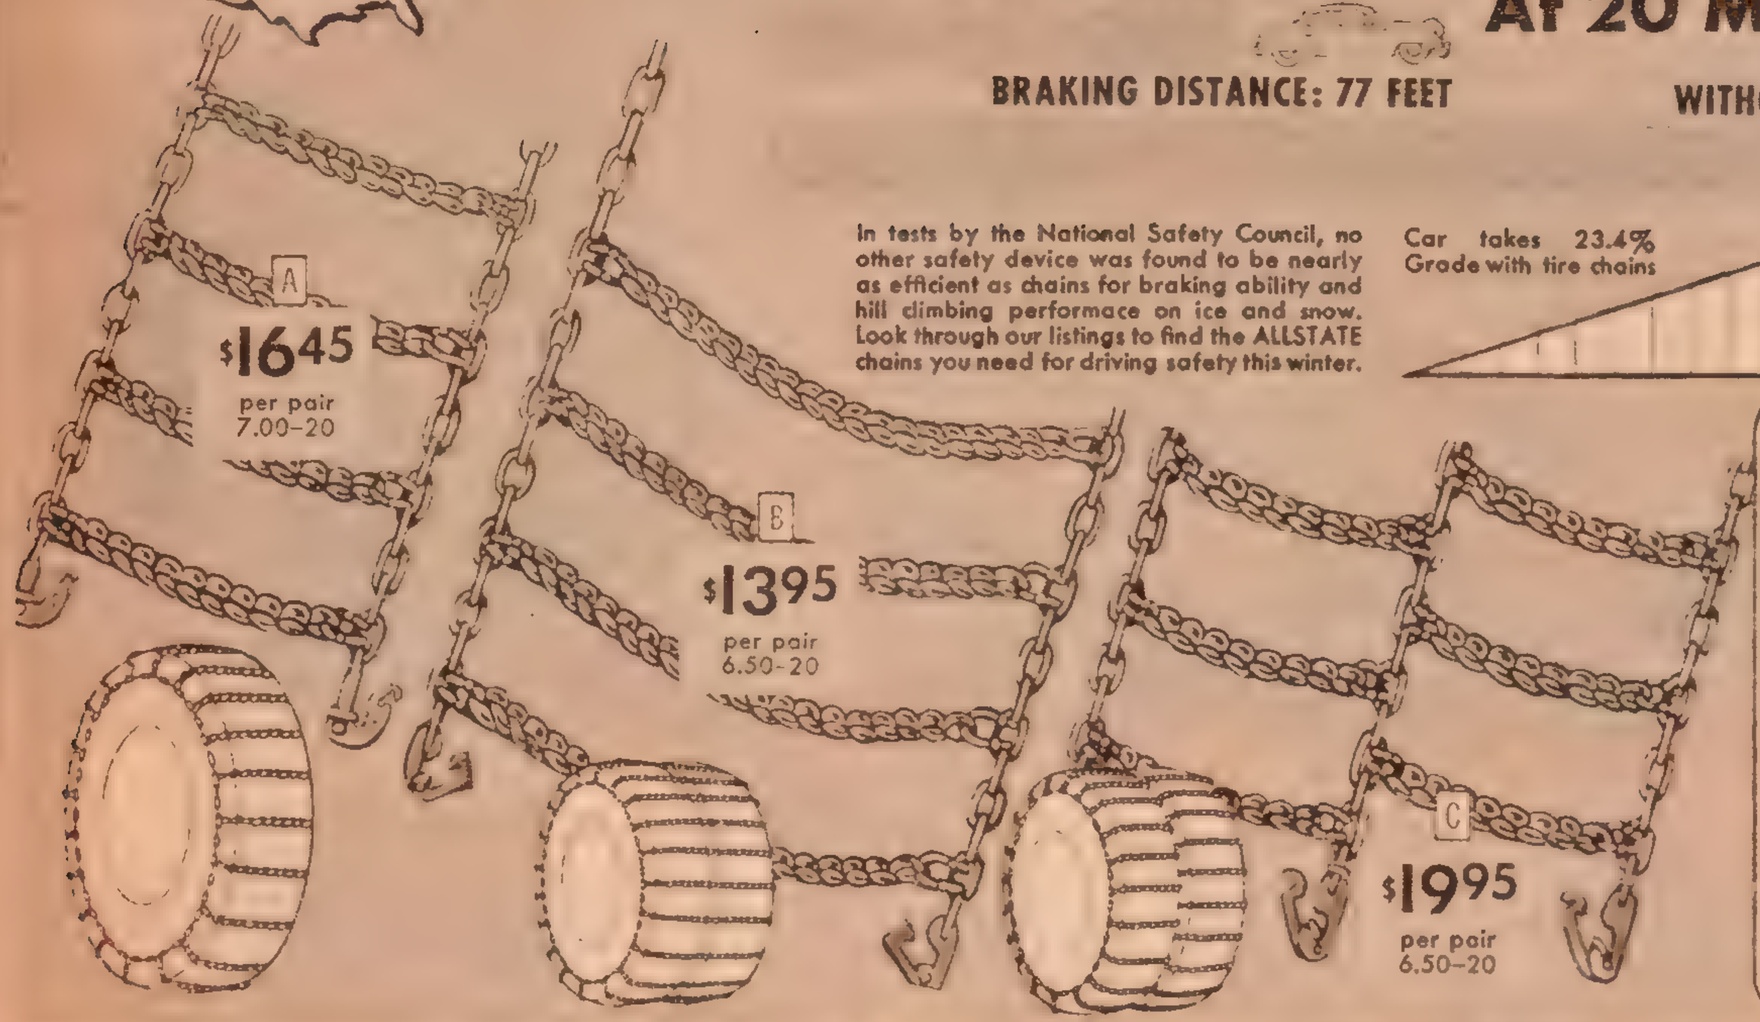
WITHOUT TIRE CHAINS

BRAKING DISTANCE: 209 FEET

In tests by the National Safety Council, no other safety device was found to be nearly as efficient as chains for braking ability and hill climbing performace on ice and snow. Look through our listings to find the ALLSTATE chains you need for driving safety this winter.

Car takes 23.4% Grade with tire chains

Car can take only 3.1% Grade without tire chains



Emergency TRUCK CHAINS

- All steel construction . . . even to the adjustable "tie-on" chain.
- Big, heavy, rugged chains pull your truck out of slippery spots.

Use 2 or more to a wheel. Fit only with space over felloe or between big enough to allow tie chain through. Three-way tension adju

28 G 7604—Size 9.00. Wt. 7 lbs. .
28 G 7605—Size 10.00. Wt. 7 lbs. . . .

ALLSTATE TRUCK CHAINS dig in and grab on icy roads!

Rugged ALLSTATE Truck Chains give you full traction without dangerous slippage—carry a set and put them on to get your load through on even the worst roads!

ALLSTATE Truck Chains are case-hardened over a tougher core . . . take plenty of hard service. Cross chains lie flat; are easy on tires. Electric welded construction for greatest strength. Positive-lock fasteners can't jar open. For dual wheels, get either triple side (C) or 2 side (B) type. On triple side type, cross chains follow tread contour of each tire, eliminating annoying and wear-producing "chain slap" and rolling action of cross chains.

Chains are held snug against the tire . . . both chains and tires last longer. Cross chains on triple-side type are staggered to put the most chain on the ground for increased traction.

ALLSTATE Full Chain Sets for Trucks

Items with Catalog Nos. ending with "F" shipped from factory in Chicago, Ill., others from M.O. house.

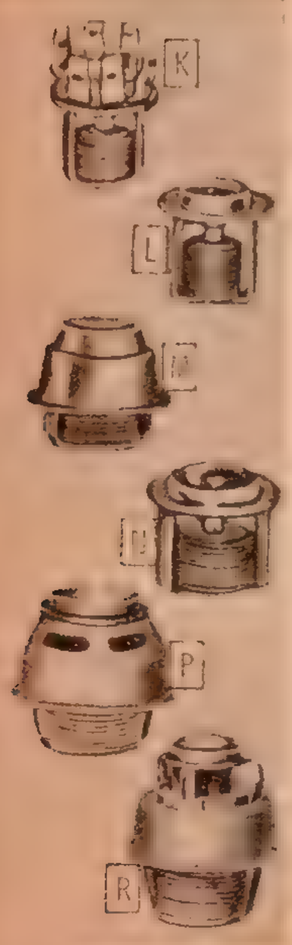
ALLSTATE THERMOSTATS bring out the best in your Hot Water Heater



- Get the most out of your heater this winter by installing a new ALLSTATE Thermostat. Enjoy peak heater efficiency with a thermostat that lets your engine reach proper operating temperature faster.
- Choose a High Temperature ALLSTATE Thermostat for most efficient heater operation during the cold winter months. High Temperature Thermostats do not open until water temperature in cooling system reaches 170-175°. Water going to the heater is hotter . . . the heater is more efficient.
- The new "Fresh Air" heating systems in modern cars especially need high temperature thermostats. The constant flow of cold air blowing over the heater core in such systems makes necessary the hotter water that a high temperature thermostat delivers.
- ALLSTATE Thermostats are all non-corrosive brass. Seamless, fluid-filled bellows are extra large for faster, more positive action. Poppet valves are automatic—they can't stick. Dependable valve operation eliminates all seepage of liquid past the valve to guarantee you more accurate temperature control and faster action.
- Choose either **Standard Temperature** or **High Temperature Thermostats,** depending on your needs.
- **Standard Temperature Thermostats** replace factory equipt.; open at 155–160°. Use with any anti-freeze.
- **High Temperature Thermostats** open at 170-175° .Use only with non-alcoholic anti-freeze.

NEW! OPPOSING TRACTION!

Paired-up Chains pull in opposite directions to cut Side Skid on ice or snow; give you straight line traction.

$8.85 Pair — 6.00-16

Your Newest ANTI-SKID WEAPON

NOW, a big step forward in your protection against winter driving hazards. Drawing above shows how reinforcement bars face in opposite directions—guiding traction power straight forward. Opposing pull HOLDS IN TWO DIRECTIONS to guard against dangerous side skid. Works on the same principle as in turning into a skid to guarantee you straight-line traction.

ALLSTATE REINFORCED TIRE CHAINS

Never before any "grab-and-hold" traction like this! Against deep, salt snow . . . miring slush . . . or hard glazed ice opposing direction bar reinforcement links dig down and pull straight! Straight bar construction puts entire length of the reinforced link down on the ground where you need it for extra traction . . . extra wear. Bar stabilizes and supports link, helps prevent twist and strain . . saves chains and tires.

ALLSTATE Home Battery Chargers

Help keep full battery power on tap for fast starts and top accessory operation all through winter's long drag

Help your battery overcome power-stealing winter cold that cuts battery efficiency 35-60% just when you need full power most! Order now. Easy Terms if you wish.

- At 0°F., your battery **delivers only 40%** of the power it can deliver at normal temperatures. Yet, at 0°F., it takes 250% more power to crank your engine because of congealed and stiffened motor oil. In winter, your battery needs the help an ALLSTATE Home Battery Charger provides!
- Charge your battery overnight . . . right in your car, for less than 1c an hour!
- Keep full battery power on tap for faster winter starts, bright lights, clearer radio reception . . . plus reserve power to handle other accessories.
- Can't overcharge your battery . . . charge rate tapers off automatically.
- Sturdy, dry rectifier type chargers have no bulbs or acids . . . there's nothing to wear out . . . completely noiseless in operation, too.
- Easy to use . . . simply hang charger on garage wall, attach clips to battery, plug cord into 105–120 volt, 50–60 cycle A.C. outlet.

Help avoid towing charges . . . avoid ruining a perfectly good battery by keeping it at full charge with an ALLSTATE Home Battery Charger. Winter weather and the added drain of modern accessories can run down even the finest battery . . . even where your battery has ample capacity. So play safe . . . at low cost . . . with a rugged ALLSTATE Home Charger to keep your battery at peak efficiency and to keep it warm, too, on cold winter nights. You'll find many uses for these handy chargers on the farm, too. Use them for electric fences, trucks, tractors, etc.

D 28 G 7174—**Charges up to 4-ampere rate;** tapers to 2 amperes. Shipping weight 5 pounds. $7.98

ALLSTATE Copper Battery Cables. Heavy duty, corrosion-resistant lacquer finish. Super-strong terminals. Meet all S.A.E. standards. Same gauge as formerly used for original equipment. Do not confuse with 3 or 4-gauge types on the market. No. 1 gauge has 100% more carrying capacity than No. 4 gauge. Measure old cables and order the same or next larger size from table below. **State catalog number; also make, year model of car and type cable wanted.**

Cable Style	Catalog Number	Length Inches	Description	Gauge	Shpg. wt. lbs.	Shpg. wt. oz.	Each

ALLSTATE

REG. U.S. PAT. OFF.

It's easy to Order your ALLSTATE Battery from Sears by Mail . . . Here's How!

Send your order with Full Price of battery wanted to your nearest Sears Mail Order House. State the Catalog Number and the Full Price of the battery you want on your order.

FOR PASSENGER CARS: Find your car make, year and model in the large table at right. Then choose your battery from the listings under the guarantee period you want to buy. If your passenger car is not listed in the table at right, choose a battery from listings on opposite page with case dimensions (length, width, height), voltage and capacity similar to present battery from listings under the guarantee period wanted.

FOR TRUCKS AND TRACTORS: If your truck or tractor is listed in tables below, find out battery size needed (1M, 2L, etc.), then choose battery of required size from listing on opposite page under guarantee period wanted. If your truck or tractor is not listed, proceed as for passenger cars not listed.

Commercial and Marine Batteries sold on p. 1123

SHIPPING POINTS: Batteries shipped freight or express from factories at Dallas, Memphis and Emporia, Kansas.

TRADE-IN YOUR OLD BATTERY: With new ALLSTATE Battery, you receive a Trade-in Coupon good for $1.00 when battery is received, **Prepaid**, at any Sears retail store, or mail order house. **Please do not send battery to Sears order offices!** To save shipping charges, we suggest selling old battery to local junk dealer.

Buy ALLSTATE and you buy a Battery with Power to spare

GUARANTEE. If any ALLSTATE Battery fails to give service specified in normal passenger car use we'll replace it, charging only for time in your possession. For truck or commercial service, guarantee period reduced one-half. In other service or in vehicle without proper charging equipment, no time guarantee is made.

ALLSTATE Super Battery

Reg. U.S. Pat. Off

POWER! All you need with plenty in reserve. Guaranteed 3 Years!

The ALLSTATE Super . . . Our finest battery . . . is your best buy! Costs you least in terms of cost per month of guaranteed service.

"Chem-Set" plates: finest oxides are blended and pressure forced into grids by machine to assure even "pasting" of plates. **Power-packed grids:** pebble-coated to hold the greatest possible amount of super-active oxides. **Full length terminals:** can't break loose from case; ride in rubber bushings that form permanent, leakproof seal. **No-spill Vent Caps:** air-lock washer under filler cap prevents spilling. See **How to Order** on opposite page. Order now!

Size	Catalog Number	Case Size in inches Height	Width	Length	No. of Plates	20-Min. Amp.	20-Hr. Amp.Hr.	Each	Shpg. Wt.

2FH	28 G M87F	8 5/16	7 5/16	10 3/8	51	162	120	14.95	49 lbs.

- Lowest cost per month of guaranteed service. Actually little more than 1c a day!
- Guaranteed 3 full years.
- 51 or more Heavy Duty "Chem-Set" plates deliver POWER!
- Sizes 1M and 2L have 110 amp.-hour capacity; 137 ampere output. Size 1M delivers zero weather starting power of 300 amperes for at least 4.3 minutes; other sizes even longer!
- Rubber case (except size 2FH) absorbs shock; withstands extreme temperatures.

Don't forget these accessories when you buy your new Battery

ALLSTATE Battery Carrier makes it easy to carry batteries! Heavy-duty belt of rubber acid-resistant reinforced fabric. Safety catch for sure grip; will not slip.

28 G 7154—15-inch size. For batteries 9¼ and 9⅝ inches long. Fits ALLSTATE battery sizes 1M, 2L, 2M and 2FH. Shpg. wt. 8 oz.....27c

28 G 7155—24-inch size. For 19½-inch batteries. Shpg. wt. 10 oz.....32c

ALLSTATE Battery Fill Caps. Help prevent battery damage. You know at a glance if your battery needs water or recharging.

Transparent plastic caps hold a reserve of water, feed it to battery as water level drops. Water level stays correct!

If enclosed red balls do not float, battery needs recharging.

Plastic caps replace regular battery caps. Not damaged by acid, engine heat or freezing.

Fit ALLSTATE Batteries shown on this page except numbers 28 G 67, 28 G 54. Shipping weight set, 3 ounces.

28 G 7144.....Set of 3, 69c

Flex-Rubber Terminal Bushings form a permanent leakproof seal, absorb shock and vibration, support element at top.

No-spill Safety Vent Caps prevent acid spilling which causes corrosion to the tray, terminals.

"Chem-Set" Plates slow-dried at room temperature. Resist oxide shedding to deliver MORE power LONGER!

ALLSTATE Cross Country—24-month guarantee

Heavy-duty "Chem-Set" plates • Sizes 1M and 2L have 100 ampere-hour capacity; 1M, 2L and 2FH deliver 300-amperes zero-weather starting power for 3.5 minutes; other sizes even longer • Sturdy composition cases. See How to Order on opposite page.

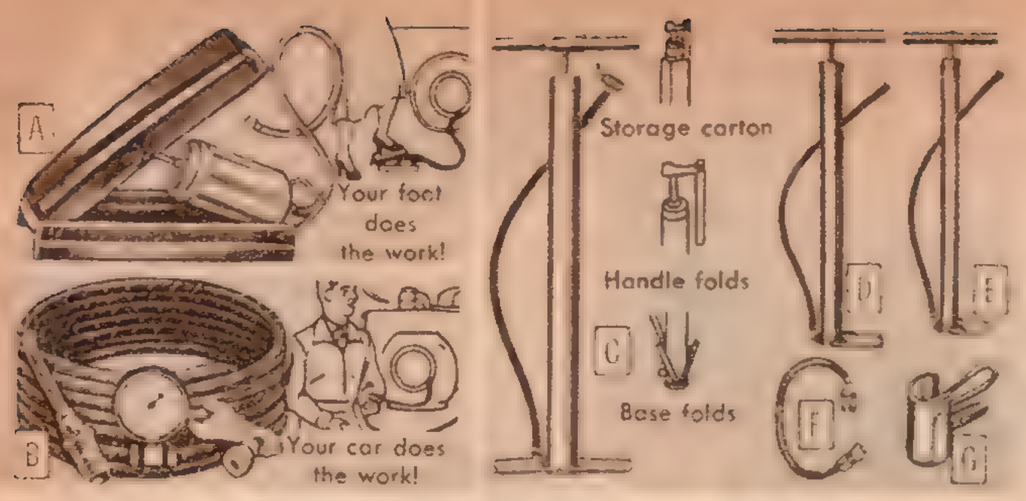
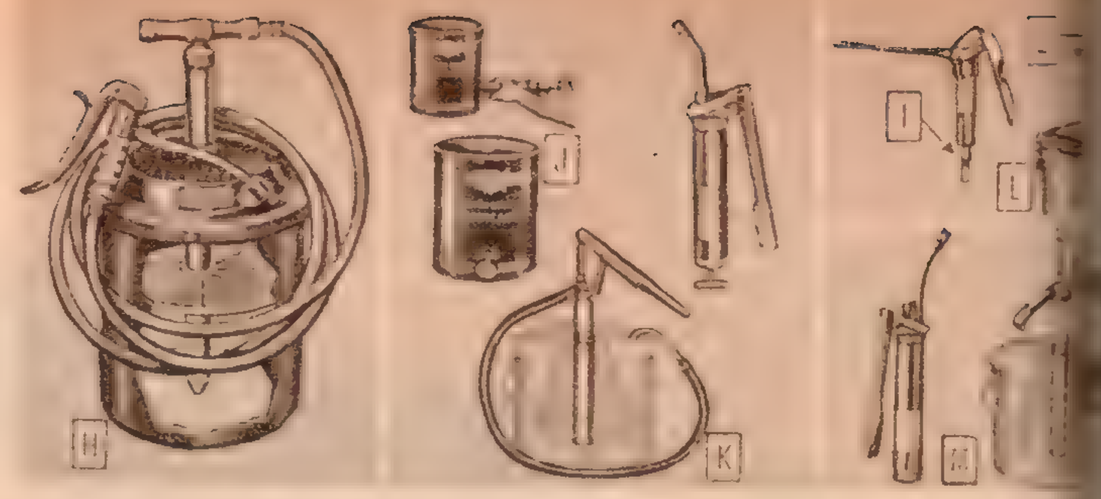
GAMD 1125 . . BATTERIES





TIRE PUMPS . . TIRE PUMP HOSE

[A] **ALLSTATE Foot-operated Tire Pump.** A few strokes inflates any tire! Delivers more air faster than most hand pumps. Self-lubricating oversized piston. Check valve. 2-ply 30-in. hose stows inside. Pump closes to 4x15 in.
28 G 1213—All-steel. With hose. Shpg. wt. 5 lbs. 12 oz. $2.95

[B] **"Enginair" Tire Pump.** Guaranteed 2 years! Screw pump into spark plug opening. Car motor pumps high and low-pressure tires full of clean air; no fumes! Won't harm motor. **State plug size; see "How to Order Plugs," page 1116.**
28 G 1217—**Pump, 12-ft. hose.** No air gauge. (Shpg. wt. 11 oz.) . . . **Postpaid** $3.27
28 G 1218—**Pump, 16-ft. hose, air gauge in line.** (Shpg. wt. 15 oz.) . . **Postpaid** $5.45
28 G 1211—**Extra Pump Element. State plug size.** 18-mm., 14-mm., 10-mm.; ⅜ or ½-inch. (Shipping weight 4 ounces) ..... **Postpaid** $1.39

[C] **ALLSTATE "Foldaway" Hand Tire Pump.** Finest we've ever sold! Handle and base both fold flat for storage. Big 1¾-inch enameled steel barrel, 20 in. long. Perfect-seal check valve; air-compressor-seat type. Free-floating oilless plunger for full-compression. Quick-acting connector with deflator pin.
28 G 1201—Shipping weight 3 pounds 2 ounces. $2.29

[D] **ALLSTATE Hand Tire Pump.** 18-in. enameled steel barrel; 1½-in. diam. Positive-displacement neoprene check valve. Sturdy hose; screw-on connector.
28 G 1207—With deflator pin. Shpg. wt. 2 lbs. 8 oz. $1.65

[E] 28 G 1208—**Low-priced Hand Pump.** 17-in. steel barrel; 1¼-in. diam. Full-floating check valve. Screw-on connector; deflator pin; hose. Wt. 1 lb. 8 oz. . 1.10

[F] 28 G 1222—**Tire Pump Hose.** Fabric-reinforced rubber. Length 30 in. Screw-on end connector has deflator pin. Shpg. wt. 4 oz. 27c

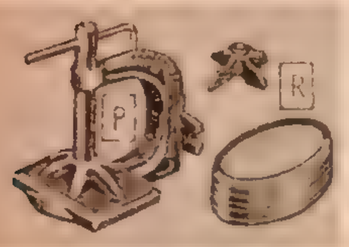
[G] 28 G 1226—**Push-on Connector.** Attaches tire pump hose to tire valve quickly and easily. Shipping weight 2 ounces 24c

TIRE AND TUBE REPAIR NEEDS . . GAUGES

[N] **ALLSTATE Vulcanizing Kit.** New type rubber platform clamp; ten assorted standard-size round and oblong patches, built-in heat elements.
28 G 1034—Shipping weight 1 lb. ..... Kit 85c

28 G 1036—**Vulcanizing Patches only.** Ten assorted patches with built-in heat elements, as above. **No clamp.** Shpg. wt. per kit 8 oz. ..... Each 37c

[P] **Valve and Tube Vulcanizing Clamp.** For home, shop or emergency truck. Attaches to wall or bench. Aluminum casting. 2 spider clamps.
28 G 1038—Shpg. wt. 2 lbs. 6 oz. ..... Each $2.89



[R] **5 Oversize Vulcanizing Patches.** Oval; 3⅜x1¾ in. For large tears, Built-in heat element.
28 G 1039—No clamp. Shpg. wt. 12 oz. ..... Kit 47c

ALLSTATE "Cold Patch" Kits. Repairs inner tubes on-the-road, without vulcanizing. Rubber patches; beveled edges. Cement, buffer with each kit.

[S] 28 G 1027—127 sq. in. patching material incl. 30 cut patches (1¼x1½-in.). Wt. 1 lb. 4 oz. . 59c
28 G 1049—18 square inches of patching material with 4 cut patches. Shpg. wt. 4 oz. ..... Kit 15c

[T] **Tire Reliners.** From selected used tires. 3 or more plies of tire fabric, rubber. Cement-coated.

For Car Tire Sizes	Cat. No.	Shpg. wt.	Each

6.50, 6.70, 7.00-16; 6.40, 6.50, 6.70, 7.10-15	28 G 1124	7 lbs. 4 oz.	1.59

[V] **Heavy Duty Tire Boot. For cars only.** Reinforces tires which have cuts, breaks, bruises. About 12x15-in. size. Protects cut or break up to 4 in. Four plies, tapered edges. Cement-coated, easy to apply.
28 G 1012—Shpg. wt. 1 lb. 4 oz. . . . . Each 25c

[W] 28 G 1051—**ALLSTATE Rubber Cement.** Quick drying. Waterproof. Shpg. wt. 1 lb. 11 oz. Pint 45c

28 G 1090—**Cement for Reliners, Boots and Patches.** (Not shown.) Shpg. wt. 1 lb. 8 oz. Pint 49c

[X] **ALLSTATE Heavy Duty Vulcanizer Kit.** Fastens to wall, bench. Repairs tractor tires, truck tubes, passenger car tubes, valves. Includes vulcanizer, 3 spider clamps (small, large, extra large), bracket. Order patches, valve repair units separately.
28 G 1040—Shpg. wt. 7 lbs. 8 oz. $6.98

[Y] **ALLSTATE Valve Cores.** Shpg. wt. box 2 oz.
28 G 1078—Regular core. . . . . Box of five 26c
28 G 1079—Short core. . . . . Box of five 26c

ALLSTATE Valve Caps. Shpg. wt. box, 4 oz.
(Z) 28 G 1057—**Deflator type.** Also used to remove valve cores from inner tubes. . **Box of five** 22c
(AA) 28 G 1056—**Dome type** . . . . . **Box of five** 19c

[BB] **ALLSTATE Tire Gauges.** Accurate. 5¾ in. long; handy pencil clips. Brass and steel. Wt. 3 oz.
28 G 1076—Reads 10 to 50 lbs. (balloon tires) . . . 98c
28 G 1077—20 to 120 lbs. (high-pressure) 98c
28 G 1073—Reads 5 to 30 lbs. (for low pressure tires, also water-filled tractor tires) $1.27

[CC] **Heavy Duty Universal Tire Gauge.** Leakproof dual head with long extension. Calibrated all three sides. Registers 10 to 130 lbs.
28 G 1074—Shipping weight 8 ounces . . . $3.19

COMBINATION GREASE GUN SETS

[H] **ALLSTATE Portable Greaser and Gun. One-man, one-hand-operated, for car-owner, farmer, trucker and repair man.** Push-squeeze handle develops over 7500 lbs. pressure. Gun swivels; held by open well when not in use to prevent nozzle clogging. 10-ft. hose. Clamps onto standard 25 to 50-lb. grease pails. Wt. 15 lbs.
28 G 04614—**Without pail or grease** . . . $16.29
28 G T151L—**With 25-lb. pail of High-Pressure Gun Grease.** Shipping weight 43 pounds. $17.75

[J] **Combination Grease Gun and 25-lb. E-Z-Fill Pail of ALLSTATE High-Pressure Gun Grease.** Ideal for farm, small shop. Clean, moisture-proof grease storage. No time-wasting hand filling of guns. Portable, use in the-field. Gun is finest ALLSTATE 23-oz. type (see "GG" below). Pail has fitting at bottom, to fit any gun with 2¼ in. diam. barrel. Screw barrel into fitting; pull out plunger. No need to remove top of pail! Grease is for cars, trucks, tractors, farm equipment with grease fittings. Wt. 33 lbs.
28 G T152K—Complete Set $6.45
28 G 0165K—25 lbs. High-Pressure Gun Grease in E-Z-Fill Pail (without gun). Shpg. wt. 29 lbs. $3.89

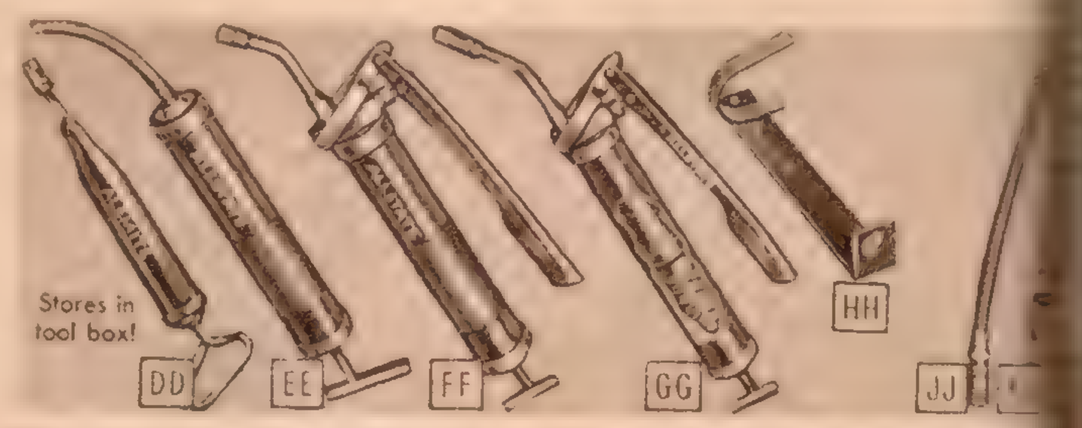
[K] **ALLSTATE Hand Pump.** Gives fast, easy transfer of lubricant from 25-lb. and 35-lb. pails. Has 4-ft. flexible hose with curved metal nozzle. Fits all gear case filler plug openings. (No grease or pail; see page 1131.)
28 G 4596—Shpg. wt. 7 lbs. $5.49

Combination Hand Pump and 25-lb. Pail All-Purpose Extreme-Pressure Gear Lubricant. For differential, transmission, overdrive, steering gear. Required for 1937–52 cars with hypoid gears. **State S.A.E. grade; 90 or 140.**
28 G T155K—Shpg. wt. 35 lbs. $8.39

Combination Pump and 25-lb. Pail of Heavy Duty Transmission and Differential Gear Grease. For older cars, trucks and tractors.
28 G T154K—Shpg. wt. 35 lbs. $7.89

[L] **Alemite "Dyn-O-Luber" Dispenser and Gun.** De gun from dispenser, take it a Has easy, one-hand push to 10,000 lbs. pressure! We 2 lbs.; holds 2½ oz. . . . e 55 bearings. Long extens hydraulic coupling reaches places. For all-pressure lubr cars, trucks, farm and indu chinery with grease fittin gun-handle fitting (1) in valve of pump (2); loads w strokes . . . no air pock matic pressure release. St fits standard 25 or 35-lb. grease or pail; see page 1131.
28 G 4602—Shpg. wt. 9 lbs.

[M] **Combination ALLSTATE Dispenser and Gun.** New penser fills gun with a few strokes; no air pockets, no touch grease or take gun ap Attach swivel coupler on di fitting on gun head. Fit ALLSTATE Grease Pails a with top 11¼ to 11¾ in. in c is finest ALLSTATE 23-oz. ty below), except has nickel-p ish and fitting on head for c (No pail or grease.)
28 G 04691—Set. Wt. 13 lbs
Grease Dispenser and Gun, lb. Pail of ALLSTATE Hig Gun Grease. Above Set grease. Use on cars, trucks, farm equipment with grea
28 G T153L—**Complete Set (with grease).** Shpg. wt. 41 lb
Gun only as in above set.
28 G 4692—Shpg. wt. 5 lbs.



[DD] **Alemite Grease Gun. Holds 5 oz.** Push-type, one-hand operated, **pressure up to 10,000 lbs.** Great for tight places. Swiveling snap-on coupler for hydraulic fittings. 15⅜ inches. Shpg. wt. 2 lbs. 3 oz.
28 G 4610 ..... $1.65

[EE] **ALLSTATE Suction Oil Gun.** Holds 20 oz. For transmission, differential, steering gears. Adds, removes lubricants. Flexible ½-in. metal nozzle. 15 in. long. Gets in tight places. 11-in. barrel; 2¼-in. diam.
28 G 4546—Shpg. wt. 3 lbs. . . $1.95

[FF] **ALLSTATE Economy Grease Gun. Holds 18 oz.** Lever-type. Disappearing filler ram. Universal nozzle fits all fittings. Spring-primed. For heavy or light grease! Knurled barrel. Shpg. wt. 4 lbs. 12 oz.
28 G 4625 ..... $2.45

[GG] **Our finest! ALLSTATE 23-oz. G More greasings per load!** Terrific Steel construction; durable rust-resist 2¼-in. diam. knurled barrel. Disa ler ram. Best type snap-on coupler; jaws; fits hydraulic, Zerk fittings. prevents damage to plunger.
28 G 4600—Shpg. wt. 5 lbs. . . .

[HH] **Grease Gun Bracket** keeps gun h Bolts to shop wall, tractor, etc.
28 G 4601—All-steel. Shpg. wt. 1 lb. .

[JJ] **Flexible Grease Hose.** 13½ i Hydraulic snap-on coupler. For ⅛-inch female pipe thread.

Don't "Get By" with a Bad Radiator

DON'T RISK serious engine damage
DON'T WASTE MONEY on constant repairs. They seldom are a "cure"

ALLSTATE HEAVY DUTY RADIATORS

Reg. U.S. Pat. Off.

Save DOLLARS on a Radiator for your c

FIT PERFECTLY! ALLSTATE Radiators are designed to fit just like original equipment radiator that came with your car! It's easy to one with simple tools... you can do the job yourself!

BUILT TO LAST! Heavy duty construction for greater strength, resistance to clogging and freezing.

FASTER, BETTER COOLING! Combination of extra-long water pass correct core designs and more cooling fins are your guarantee of max air contact... and that means fast, efficient cooling.

LEAKPROOF! Brass tanks and header plates are double-lock-se

Radiators for V8 Ford and Mercury have tubular core similar to o equipment. Flat ribbon-type "staggered" copper-alloy tubes. Thin c fins assure maximum cooling for your engine.

Radiators for Model A Fords have 3 rows of oval brass tubes, spaced, with more all-copper cooling fins than original equipment.

Radiators for other cars and trucks have Multi-V-type cellular core fast-cooling vertical brass water passages, all-copper fins.

For CHEVROLET Trucks and Busses

G Why risk a breakdown on the road? Install a new ALLSTATE Fan Belt to guard against engine overheating and carry a spare for emergencies. Special rubber compounds used in top and bottom cushions are not affected by heat. Pre-stretched rayon cord reinforcement floated in pure rubber. Tough fabric cover takes long wear, minimizes slippage.
28 G 2828—**State make, year, model of car.** Shpg. wt. 14 oz. See table at right for car or truck makes and prices.

OUR OWN TRADE MARK

ALLSTATE MOTOR TUNE

Gives your car new pep

K **For Gasoline.** Specially designed to give a cleaner, smoother-running motor and increased mileage when added to gasoline. Superior improved compound dissolves binding gums and power-stealing deposits, guards upper motor parts with a protective coating. Minimizes corrosive action of combustion gases. Use regularly to preserve original engine performance or as a quick purge to loosen sticky valves and remove deposits. Please state size.
28 G 4421—Pint. Shpg. wt. 1 lb. 8 oz... 35c
28 G 4421—Quart. Shpg. wt. 2 lbs. 10 oz 57c
28 G 04421—Gallon. Shpg. wt. 8 lbs. $1.85

Genuine PYROIL

L **For motor oil or gasoline.** Add to gasoline to remove carbon and gum deposits for increased mileage. Add to motor oil for better lubrication, cleaner motor. State catalog number, size.
28 G 4440—Pyroil "A." Add to gasoline.
Pint. Shpg. wt. 1 lb. 12 oz..... 83c
Quart. Shpg. wt. 3 lbs..... $1.48
28 G 4441—Pyroil "8." Add to oil.
Pint. Shpg. wt. 1 lb. 12 oz..... 83c
Quart. Shpg. wt. 3 lbs..... $1.48

OIL JARS AND CANS

M **Combination Can Opener and Pour Spout.** Opens any 1-quart to 5-quart oil can quickly and easily. Also acts as spout.
28 G 4641—Shipping wt. 6 oz..... 23c

N **Glass Oil Bottle.** Metal spout, cap. Pours at any angle. 1-qt. U.S. legal measure.
28 G 4642—Shpg. wt. 2 lbs. 6 oz..... 39c

P **Plastic Spout for Oil Jars.** Fits oil or Mason jars. Pours at any angle. Length 6 inches. Has protective dust cap.
28 G 4640—Shpg. wt. 8 oz..... 29c

R **Strong Steel Oil Measure.** Hot-dipped galvanized coating prevents leakage. Fitted with 5½-inch flexible spout.
28 G 4631—One quart U.S. legal measure. Shpg. wt. 14 oz..... $1.22
28 G 4632—Two quart U.S. legal measure. Shpg. wt. 1 lb. 4 oz..... 1.45

S **Flexible Pouring Spout.** Fits 10-quart oil cans. Length 8 inches.
28 G 4619—Shpg. wt. 6 oz.. 24c

T **Crankcase Breathers.** Carry away harmful oil fumes. Replace filler cap. Easily installed.
28 G 4653—For all Ford Model A, V8, 1932–34; Plymouth and DeSoto 1933-52; Dodge 1932–52; Pontiac 1942–52; Kaiser and Frazer 1946–52; Hudson 1948–52. Shipping weight 14 ounces..... 55c
28 G 4654—All Ford V8 (except 60) and Mercury 1940–48. Shpg. wt. 1 lb. 4 oz. 55c
28 G 4652—As 28 G 4654 except transfers fumes to air cleaner. Shpg. wt. 14 oz.... 55c

U **One-gallon Gasoline Can.** 7½-inch flexible spout stores inside can, safe from damage. Can painted bright red.
28 G 4620—Shpg. wt. 1 lb. 4 oz..... 79c

GENERAL PURPOSE OILS

V **Outboard Motor Oil.** Much better than auto-oil-with-additives; reduces spark plug deposits and motor-killing pre-ignition. For all 2-cycle motors ... outboards, washing machines, lawn mowers, etc.
28 G 149—Pint. Shpg. wt. 1 lb. 4 oz.... 21c
28 G 0149—Gallon. Shpg. wt. 9 lbs.... $1.69

W **ALLSTATE Light Machine and Cream Separator Oil.** For motors, sewing machines, guns and machinery needing light oil. Noncorrosive. Quart can.
28 G 4408—Shpg. wt. 3 lbs. 3 oz..... 33c

X **ALLSTATE Penetrating Oil.** Loosens rusted nuts, bolts, locks, springs, pipe threads, etc. Stops auto body squeaks. Flows freely even at low temperatures. Pint can.
28 G 4410—Shpg. wt. 1 lb. 8 oz..... 27c

Y **ALLSTATE General Purpose Oil.** A light-bodied refined oil for auto generators, starters, home appliances, motors, etc. 4-oz. can with spout top.
28 G 4411—Shpg. wt. 10 oz..... 12c

Z **ALLSTATE Graphite Lubrication.** Finely powdered graphite in handy applicator. Squeeze tube to apply wherever dry lubricant is needed. ⅓-ounce tube.
28 G 4434—Shpg. wt. 2 oz..... 14c

... PAGE 1129.. RADIATORS

Is this your OIL FILTER?

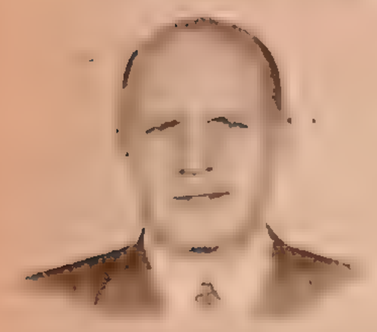
If it is, you may be risking engine damage!

HERE'S WHY

your car needs a clean Oil Filter:

The oil in your engine can't help picking up dirt, road dust, sand, metal chips (that wear off moving parts), etc. The ALLSTATE Filter Refill sketched above weighed only one pound when installed . . . actually picked up a full pound more of foreign material from the oil system during 3000 miles of driving!

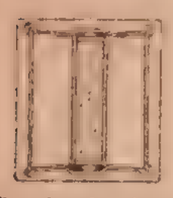
Imagine the damage these abrasive particles could do to your engine! An ALLSTATE Oil Filter will remove these impurities, keep a dependable flow of clean oil to engine parts.



"ALLSTATE OIL FILTERS and REFILLS are the best on the market! They protect your engine better because they screen out more particles . . . . "

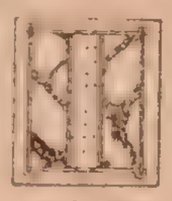
Says Mr. A. P. Buesch, who is manager of Sears Automotive Dept. and has been in the accessories business for years.

Yes, we at Sears are firmly convinced that these modern ALLSTATE Oil Filters and Refills not only do a better job than ordinary filters, but they keep their filtering properties a lot longer, too! That's because they don't allow the oil to form its own little paths or "channels" through the filtering material. You see, they're not only made with long-staple cotton filler, but this filtering material is carefully controlled throughout the manufacturing process to give a perfectly uniform structure—not too tight in one spot or too loose in another. Then the material is scientifically inserted in the shells . . . *not "stuffed in" as in ordinary filters and refills.*



At left you see a cross-section of a super quality ALLSTATE Refill. See the uniformity of the filtering material? That's engineered construction for better filtering!

At right is a cut-away of an ordinary refill, with tightly-packed areas and loose channels. The oil will *flow* through these channels and dangerous abrasive impurities *won't be filtered out!*



So that's the story on these great oil filters and refills. Why don't you give them a try? Once you do, we're sure you'll agree with Mr. Buesch and with everybody else here at Sears: They're the best filters and refills you can buy . . . anywhere, and at any price!

FILTERS for cars and trucks now without filters

[A] These new-design ALLSTATE Oil Filters have an exceptionally durable body; super-strong conical dome cover. Seamless center tube precision-engineered; always maintains normal oil pressure. With cartridge and all fittings except use old lines and fittings for 28 G 5014. *For 28 G 5015 state car make, year, model. Mounts on engine, fender or fire-wall (dash-mount); illustrated mounting instructions.*

28G0104L	40	Heavy

ALLSTATE COMPOUNDED . . none finer

It's Premium Quality AND Heavy Duty! We guarantee . . . you can't buy better!

[B] *If you don't agree . . . your money back!* **Compounded meets or exceeds all specifications of the armed forces, automobile manufacturers and American Petroleum Institute for both Premium Quality and Heavy Duty oils (†).**

This fine oil is now better than ever with detergent compounds (cleansing agents) that fight sludge and varnish, clean as they lubricate, prevent dirt from settling in motor; engine stays clean even under cold stop-and-go driving! Check this oil's advantages . . . (1) Cuts wear rate of critical parts. (2) Eliminates gummy deposits. (3) Keeps parts clean; contaminants drain out with the oil. (4) Assures clean, unclogged piston rings, better oil control. (5) Fights corrosive acids, rust, protects idle engines. (6) Oil film clings to engine "hot-spots," resists oxidation. (7) New detergent property assures complete lubrication of hydraulic valve lifters. (8) Low engine wear and freedom from deposits extend low-oil-consumption life of engine.

(†) Heavy Duty type comes in same weights as other oils, but stands up better under severe driving.

D **ALLSTATE Water Pump Extinguishers.** Rated A-1. (Rating explained below.) For fires of burning wood, paper, textiles, rubbish, etc. Double action pump throws 30–40-ft. stream. Simple visual inspection indicates state of charge; periodic recharging unnecessary. To recharge, pour in water or anti-freeze solution (28G6504 above) through top. In emergencies, pump can be refilled while operator is working it! UL, FM, Coast Guard approved.

28 G 06585—2½-gal. Shpg. wt. 12 lbs. $18.95
28 G 06586—5-gal. Shpg. wt. 14 lbs. 21.95

ALLSTATE Carbon Dioxide Extinguishers. Quickly and efficiently snuff out Class B or C fires. (Specific ratings listed with each extinguisher. Ratings explained below.) Just press squeeze grip handle for fast action.

Dry, odorless CO_2 leaves no puddles or mess. Won't harm furniture or fabrics . . . won't even damage foods! Recommended for use in kitchens. Also recommended in fighting alcohol and acetone fires.

Safe for use anywhere because charge won't freeze. Non-conducting CO_2 makes an ideal extinguishing agent for electrical fires. Shipped fully charged. List of authorized refill stations in your vicinity, where CO_2 extinguishers may be refilled, sent with each extinguisher. Wall bracket included. Shipped freight or express.

E **15-lb. Size.** Rated B-1, C-1. Large capacity for industrial and commercial use. 29½x6½-inch shell. UL and FM approved. Shpg. wt. 42 lbs.

28 G M6502 ..... $51.50

F **5-lb. Size.** Rated B-2, C-2. Big volume protection for the home. Twice the volume of 2½-lb. size (28 G M6500) below for just a few dollars more! 17½x5-inch shell. UL and FM approved. Shpg. wt. 17 lbs.

28 G M6501 ..... $27.50

G **2½-lb. Size.** Rated B-2, C-2. Characteristics of charge and small size of the extinguisher itself make this the ideal fire-fighter for use in home kitchens. Compact 18x3½-inch shell can easily be mounted in your kitchen. Extinguisher UL and FM approved. Shipping wt. 9 lbs.

28 G M6500 ..... $17.95

Carbon Tetrachloride Extinguishers

All rated B-2, C-2. (Ratings explained below.) For fires of flammable liquids like gasoline, grease and oil and for electrical fires. Charge won't conduct electricity. Dependable all-weather protection . . . charge safe from freezing to −40°F. Shipped fully charged; hanging bracket included.

J **Vaporizing Liquid Extinguisher** finished in sparkling white baked-on enamel that blends perfectly with modern kitchen appliances.

Hand pump throws steady stream 30 feet. Especially effective on kitchen grease fires with non-conducting charge eliminating shock hazard. U.L., F.M., and Coast Guard approved.

28 G 6554—Quart Size. Shpg. wt. 9 lbs. .. $8.75

K **ALLSTATE Hand Pump Type.** Similar to above with natural polished brass finish. U.L., F.M., Coast Guard approved.

28 G 7970—Quart Size. Shpg. wt. 8 lbs. .. $7.75
BUY 3 AND SAVE! ..... In lots of 3, each $7.50
28 G 7986—1½ Quart. Shpg. wt. 10 lbs. 9.50
BUY 3 AND SAVE! ..... In lots of 3, each 9.19

L **Pressurized Type with Pistol Grip Handle.** *Easy to use and recharge!* Just squeeze handle to release accurate 30-ft. stream . . *no pumping!* To recharge, pour in fluid; restore pressure with compressed air. Gauge shows condition of charge. Freight or express. UL approved.

D Engine Tachometer. *The finest we know of!* For all engines with 6 or 12-volt ignition systems. Two ranges (0–1000 rpm and 0–5000 rpm) for high and low speed testing. Take accurate readings off large 4-in. meter. Only 2 wires to connect—one to distributor, one to ground. *So many uses!* Instructions on testing engines, making power balance tests, setting carburetors, checking valve action and automatic spark advance, adjusting bands on Hydra-matic transmissions, setting governors, etc. Plastic case measures 3x5¼x7½ in.; with convenient carrying handle.
28 G 9055—Shpg. wt. 4 lbs. $39.95

E Regulator-Generator Tester. If you must limit yourself to one electrical tester, this is the one to buy! Actually a general electrical trouble shooter! Tests all types of generators, voltage regulators, current controls, cutouts and electrical accessories. Instructions included on basic testing methods. 4-in. meters. Voltmeter with 3 ranges reads 0–4, 0–8, 0–16 volts. Ammeter reads minus 5 (for cutout testing) to 65 amps. 150 watt fixed resistors test voltage regulators. With leads, clips. 11x8x5½ in. Instr.
28 G 8983F—Shipping weight 15 lbs. . . $31.95

F Starter-Battery Load Tester. Tests starting motor circuits including cables, connections, switches and each battery cell. Carbon pile rheostat varies load on battery from 0–600 amps. Accurate 4-in. meters, 2 range voltmeter reads 0–3, 0–15 volts. Ammeter reads up to 600 amps. Leads, clips, instructions.
28 G 8984F—11x8x5½ in. Wt. 18 lbs. . $34.95

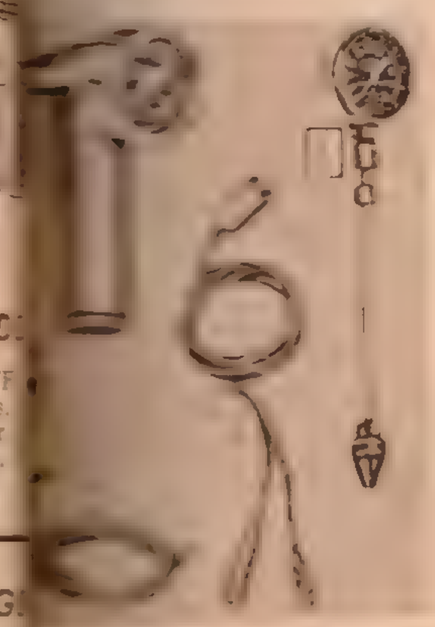
COMPRESSION, VACUUM TESTERS

K Compression Tester with Pistol Grip Handle is easier to use, easier to read. Tests most modern engines. Gets to back cylinders. Hollow handle holds 2 rubber cones with valves (included). Aluminum construction. 2-in. dial, 0-200 lbs. Stem offset 15°.
28 G 9090—Instructions. Shpg. wt. 3 lbs. 4 oz. . . $6.50

L NEW! Long Stem Compression Tester. 10-in. stem with 15° offset designed for new Chrysler and DeSoto V-8 engines but can be used on any engine except where an extra short stem is required. Ideal for trucks and buses. One replacement cone and valve included.
28 G 9057—Instructions. Shpg. wt. 2 lbs. $5.95

M Standard Vacuum Gauge. 2½-in. dial; 0–25-in. vacuum; 0–7 lbs. pressure for all engine vacuum and fuel pump testing. All fittings, instructions included.
28 G 8071—Shipping weight 2 pounds. $3.50

N Auxiliary Starter Button. Crank engine without going to driver's seat when adjusting tappets or bearings. Ideal for locating automatic transmission drain plugs.
28 G 9087—Instructions. Shpg. wt. 11 oz. $1.85



28 G 9086—De Luxe Battery Cell Tester. Points adjust for any bat- . Easy-to-read colored scale. z. wt. 2 lbs. 4 oz. $3.19

G 7167—Battery Cell Tester. Fixed s. Shpg. wt. 2 lbs. $2.59

28 G 8252—Circuit Tester. Locates short or open circuit in 60 to 550 A.C. or D.C. wiring systems. 35c

ALLSTATE Heavy Duty Power WINCHES . . 3 or 6-ton capacity

Let an ALLSTATE Power-operated Winch save you time and money by doing the work of extra help. You can buy your ALLSTATE Power Winch complete with Mounting and Driving Parts for installation on any truck. Or you can buy winch alone for stationary or skid mounting, using your own gasoline engine or electric motor power.

Draft tooth clutch positively eliminates disengagement under vibrating loads. Reversible controls, with one speed forward and one speed in reverse, raise and lower loads under power. Fully automatic, adjustable safety brake helps keep load under perfect control during hoisting operations. Winch holds any suspended load within rated capacity without slipping back when power is cut off or drive is in neutral. Power Take-off is heavy duty reversible type equipped with **Timken Tapered Roller Bearings** and best grade alloy steel heat-treated gears.

Truck mounting instructions included with Mounting and Driving Parts. Installation by mechanic recommended. Average time required: 4 hours.

HOW TO ORDER WINCHES: *For complete truck installation, order Winch with Driving Unit and all necessary mounting parts.* **State truck make, year and model; give transmission make and model, number of speeds and any identifying marks you find on the transmission casing.** *If ordering Winch only, for use with your own power unit,* **state speed and type of driving unit you will use; state cable speed needed and whether drive is on right or left (driver's) side.**

SHIPPING NOTICE: Pay freight or express charges from factory near Tulsa, Oklahoma.

HEAVY DUTY 3-TON CAPACITY WINCH

Drum capacity is 475 ft. of ⅜-in. cable. We recommend 150-200 ft. of ⅜-in. 6x19 plow steel wire rope (see Index). About 13 in. needed back of cab for mounting winch. Length of operating mechanism: 21⅞ in. Length of base: 52 in. Cut base shorter if desired. Approximate overall height: 16 in.

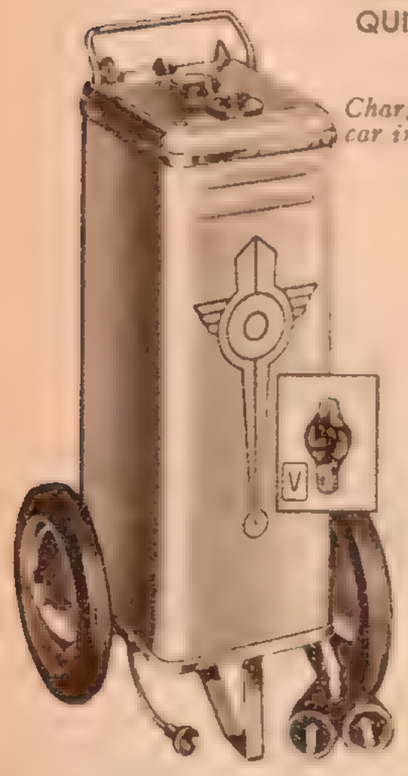
ALLSTATE BATTERY CHARGERS are built for heavy duty service

ALLSTATE Rugged 80-amp. QUICK Charger . . Automatic



Charges batteries right in the car in 30 to 50 minutes!

Garagemen . . . pick up extra cash by offering QUICK charging!

- Our best! Top quality! Large, long-life Selenium Rectifier—no bulbs!
- Special 175-amp. discharge feature permits badly sulphated batteries to be cycled before recharging.
- Heavy duty high-power-factor transformer; full 125-amp. output; cooled by motor-driven fan.
- Automatic Timer.
- Switch has off, discharge, and charge positions.
- Has large, rubber-tired wheels.

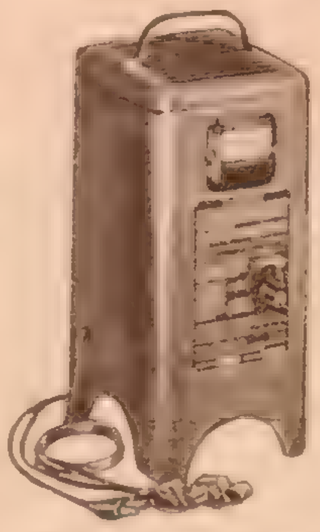
Charge rate tapers automatically; finishes at 12-15 amps. Automatic heavy duty thermal overload protector. 110-120-volt, 50-60-cycle AC. **Freight or express.** Shipping weight 77 pounds.

28 G M9096—29x9x11 inches. $102.95

V **Ten-ampere Mercury Vapor Bulb.** For all 6 to 10-ampere chargers. Has mogul base.

28 G 7173—Shipping weight 12 oz. $5.49

ALLSTATE 10-ampere Farm Size Charger . . . our lowest price!



Handy, three-position jack lets you charge 1, 2 or 3 batteries at the same time . . . and at the full 10-ampere rating!

A husky, reliable charger for all-around use: garage, service station, farm, home.

- Genuine Selenium Rectifier . . . efficient.
- Convection-cooled.
- Overload Circuit-breaker protects with automatic reset.
- Will charge 12-volt batteries.

Ten-ampere starting charge tapers off as battery regains its charge (to prevent battery damage). Batteries recharged in about 6 hours at only a few cents cost. Accurate volt-meter. Dependable, efficient; but light and easy to carry anywhere.

This portable charger is ideal for farm jobs—you can keep your car, truck and stationary engine in full charge all the time, with only a bit of effort and a minimum of power consumption. Complete with 5½-ft. AC leads; 4-ft. DC leads with clips. Housed in strong steel case. Size: 13x6x6½ inches. Shipped from Mail Order house.

28 G 09098K—Shpg. wt. 25 lbs. $28.50

Standard 6-ampere Bulb. (Not shown.) For all battery chargers. Mogul-base gas type rectifier.

28 G 7197—Shpg. wt. 12 oz. $2.69

For Battery Cell Testers, Battery Jumper Wires and other testing items, see Testing equipment page.

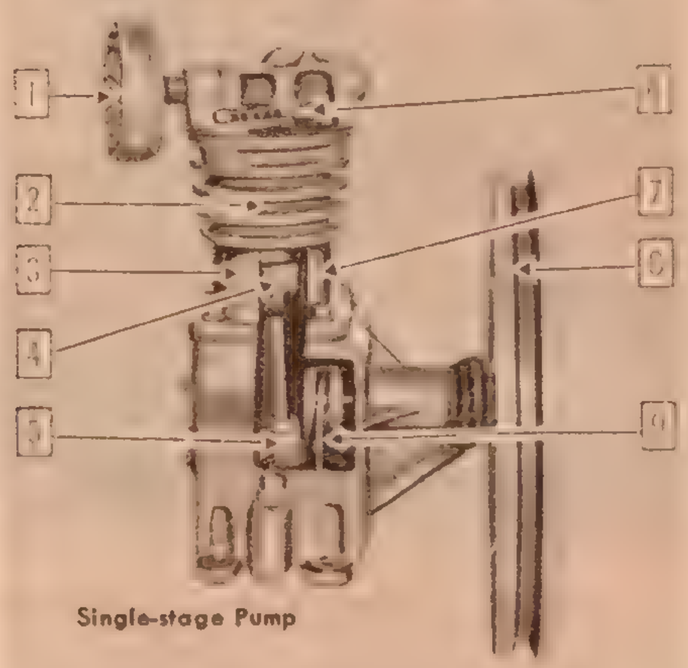
TOP QUALITY PUMP IN EVERY COMPRESSOR

Single and Two-stage types



Single-stage Pump

9 Big Reasons why ALLSTATE IS YOUR BEST AIR COMPRESSOR BUY!

1. **FILTER**—Close filtering of air to prevent foreign particles from entering valves.
2. **HEAD DESIGN**—3 ways better! Large, direct air passages permit free flow of air and reduce pressure drop. Greater cooling area.
3. **CASTINGS**—Close-grain iron.
4. **PISTONS, PINS**—Hardened, ground, lapped. Precision ground pistons.
5. **CRANKSHAFT**—Drop-forged, with super finished bearing surfaces. Balanced design.
6. **VALVES**—Light, wafer-type valves (only 5 parts) with removable seats. Two sizes of valves take care of varied capacity requirements—assure high efficiency, long life.
7. **CYLINDERS**—Precision bored for longer wear. Fins on outer wall dissipate heat.
8. **FLY WHEEL**—Fan-bladed type . . . helps cool compressor. V-groove for long belt life.
9. **LUBRICATION SYSTEM**—Ring lubrication—positive controlled force-feed oiling. Splash oiling on 28 G M8970F and 28 G M8971F.

2-stage Pumps on all 1½-HP and larger models

Electric Motors (except ¼-HP, which is 110- volt only) are 110-120 or 220-440 volt, 60 cycle AC single or 3 phase heavy duty type as indicated in table. **Check your power line.**

SHIPPING NOTICE—READ CAREFULLY

Catalog Numbers with "F" (as 28 G M8904F) are **shipped from factory in Rochester, N.Y.** Others shipped from M. O. House. Those with "M" (as 28 G M8904F) are shipped only by freight or express (pay shipping charges on delivery).

TANK MOUNTED COMPRESSORS

Store air in heavy steel tank for intermittent use. Ideal for tire inflation, air tools, small area paint spraying. Larger sizes for high-pressure greasing factory spray guns. Same construction as described at left: A.S.M.E. approved tanks (except 6-gal. indicated by "*," for which approval not needed). Meet all city and state requirements.

Automatic start-stop pressure switch controls pressure with no load, starts pump when pressure lowers about 25 lbs. below maximum, cuts off when pressure shown in table is reached. Pressure valve lets air escape before pressure reaches maximum tank will stand. Safe operation at all times. Check valve prevents air escape and back pressure. Gauge indicates tank pressure. Drain valve permits draining excess moisture collected in tank. Air outlet valve controls release of air from tank.

Mount tank on bench or floor. Order size for your needs; see "Actual Air" in cubic feet per minute (CFM) in table. All have electric motors, except as indicated by (#).

Before ordering, see "Shipping Notice" at left, below.

ALLSTATE DUMP BODY CONVERTER

Hydraulic pump type; frame lifts your present truck body

Have an hydraulic dump truck at an amazing low cost! Just change the body of your pick-up or flat bed truck to a dump body!

Hand pump **$179.50** **$18.00 Down**

Unbolt your pick-up or flat-bed body, remove it from truck; bolt base frame of Converter to truck chassis, then bolt pick-up or flat-bed body to lifting frame of Converter.

Twin-cylinder high pressure rams raise 6,000-lb. loads.

Pump mounts on floor of cab, fenders, etc. **Hand Pump:** use handle to raise load in 3 minutes; use release lever to lower. **Electric Pump:** push handle to lift load in 1 min.; release, it lowers, pull, it lowers at any speed; connects to battery.

Shipped freight or express from factory near Richmond, Ind.

For pick-up type body

State truck make, year, model. Maximum overall mounting length: 93 inches. Width: 27 in.

ALLSTATE "SLIP-IN" DUMP BODY

M **Hand-crank type; steel body included**

Converts any pick-up or flat bed truck to a dump truck or mover! One man raises it, lowers it!

$117.50 Cash **$12.00 Down**

Sturdy, hand-cranked mechanism with easy-grip handle geared down for easy, one-man operation on heaviest loads.

Just stand this portable body on end . . . back your pick-up or flat-bed truck to it and then let the body down on the truck bed. Slide it into place and you have converted your truck to a dump truck! As easy as that! Simply reverse this procedure when removing body.

Self-contained unit has its own cradle with arms and pulleys for the lifting cables. No holes to drill; slips in any pick-up body at least 17¼ in. high, 47½ in. wide and 76½ in. long. You can even mount dump body on flat-bed truck.

20 cu. ft. capacity. Inside dimensions: 14x43½x72 in. long. Durable 16-gauge steel; few working parts to go wrong.

Pay freight or express from factory near Richmond, Indiana, on delivery.

28 G M8908F—Shpg. wt. 360 lbs. $117.50

Car Owners! Give your engine New Powe

Install ALLSTATE Hi

Our Own Trade Mark

Get real pleasure by doing the work yourself . . . increase your car's horsepower, get new speed when you need it!

Car owners . . . convert your Ford or Mercury engine to high compression with ALLSTATE parts! Do the work yourself . . . do one thing at a time, in easy stages . . . as you want to invest the money. Start with high-compression Cylinder Heads . . . later add Mallory ignition equipment, then perhaps Dual Carburetion. If you have a stock 95-HP Ford V8, for instance, it is possible to increase the rating to 115-HP or more! In addition you'll get better engine efficiency, better performance, have higher speed available when you need it for emergencies! Read these two pages carefully . . . see what you can do to your engine with ALLSTATE parts!

Famous-Make CARBURETORS . . NEW CRINKLE-finish ALLSTA

Trade in old carburetor for greater saving—see page 1147 for your particular model credit

THOMPSON VITAMETER

C The Vitameter is a modern power booster that gives you an extra burst of speed when you need it—adds octane rating to your gas when you press down suddenly on accelerator—injects Vitane fluid into intake manifold. Does not operate at cruising speed. Cures ping in high compression engines requiring higher octane gas. Spark can be advanced to get peak performance. Full instructions, all fittings included. Shpg. wts.—single carburetor, Vitameter, 5 lbs. 4 oz.; dual unit 6 lbs. 10 oz.

$21.00 Monthly

Z-O-O-M away from traffic ... PASS when you want to ... ENJOY thrilling new High Compression ... Install an ALLSTATE 120 or 105-HP

CUSTOMIZED ENGINE

Rebuilt for High Compression Power!

- Super power plants—precision-engineered to new, higher horsepower
- Block and valve ports relieved and polished for maximum "breathing"
- 4-inch stroke crankshaft for more torque and maximum displacement (275 cu. in.) ... ¾-race camshaft ... 8.25 to 1 compression heads

Ford and Mercury owners! Enjoy the safety and performance found in today's High Compression powered cars! Install one of these 3 great ALLSTATE modified engines! Every engine re-engineered by factory technicians—blocks and valve ports expertly relieved and polished ... every contact surface microfinished ... every moving part precision-balanced. Block and crankshaft either thoroughly reconditioned or brand new—NEW electro-cast plated piston rings ... NEW racing type pistons ... NEW air chrome valves ... New adjustable tappets ... NEW sintered bronze bearings ... NEW high speed camshaft ... NEW high pressure valve springs ... NEW high compression heads.

You can trade in your present engine, too—see page 1140–1141. ALLSTATE Guarantee (page 1142) applies when engine is used in conventional private passenger car; void when engine is used in any type of boat or racing car.

Shipped from St. Louis, Mo. factory; pay charges from there. **See "How to Order" and Trade-in, page 1142.**

ALLSTATE 120-HP ENGINES ... fit most 1939-51 Fords, 1939-48 Mercurys

Our finest Modified Engines! 120 HP (at 3500 RPM, when used with dual carburetor and intake manifold)—"loafs" at cruising speeds, greater HP at higher RPM with a reserve that lets you pass when you want to! **Note:** Modified 1948 Mercury block, 4-in. stroke balanced crankshaft, 3 5/16-in. bore. 240 foot-pound torque at 2000 RPM, 275 cu. in. displacement. See dual manifold and carburetors on these pages to give you 120 HP (develops 105 HP with standard manifold). Shipping weight 455 pounds.

ALLSTATE — AT SEARS YOU GET ALL 4

ALLSTATE Engines are FACTORY REBUILT not just "overhauled"

STANDARDS match or beat the car-maker's
MOVING PARTS made like new or replaced
COMPLETE with all installation gaskets

You get "Like New" performance because ALLSTATES are rebuilt to "Like New" specifications in a modern factory . . . by specialists!

Every old engine we use is torn down to the bare block, steam cleaned and water-tested. OK'd blocks have cylinders precision-rebored and honed to same oversize; connecting rods are reconditioned, crankshaft precision-reground. All moving parts are rebuilt or replaced with fine BRAND NEW PARTS . . . every engine gets NEW pistons, rings and pins. NEW main and rod bearings, NEW intake and exhaust valves, NEW valve springs where used.

Every step is checked, then the completed engine is tested on a running stand or with a dynamometer. It MUST pass this test!

NOW!

Sears can arrange complete Engine INSTALLATION!

There's an Installer near you!

Yes, nearly anywhere you live, you can now have your ALLSTATE Engine installed by one of our specially chosen installation men. Write Sears Customer Service Department for location of installer, cost, and so on; give make, year and model of your car. Then when you order, we send Engine to installer. He notifies you and does the whole job, including handling Trade-in.

We handle all details—you pay Sears!

You do all your business with Sears, in the regular way. We handle all arrangements with the installer, schedule the job, take care of shipping your old engine . . . and we guarantee satisfactory service on both engine quality and installation!

Pay for Installation on Easy Terms!

We make the installation charge part of the transaction and you can pay for it as you pay for your engine! So order on Sears Easy Terms . . . you'll find complete details on inside back cover.

Your ALLSTATE Engine will be shipped promptly after order is received!

Install ALLSTATE Clutch Parts

Save $20 to $35 on Clutch installation charges!
If engine needs rebuilding, clutch needs replacing

ALLSTATE Spring-center Type Clutch Discs

TWO QUALITIES available for most cars, both brand new, ready to install; both STATE spring-center disc (see information near illustration). Order good quality full molded facing (original equipment type, except 28 G 4117) . . . or for extra extra durability order the ALLSTATE improved heavy duty quality with wire-reinforced asbestos facings that will last 50% longer than standard facing! Buy the best to save replacement time and cost! **State car make, year, model.**

With heavy duty wire-reinforced woven asbestos fa

ALLSTATE Rebuilt Transmissions

Reg. U. S. Pat. Off.

FACTORY Rebuilt to original standards—just like ALLSTATE en

Fully guaranteed like transmissions on brand new cars

IMPORTANT—Your clutch probably needs replacing, too!

Don't try to "get by" with a transmission that's giving you trouble—put in an ALLSTATE rebuilt and save a few hours' work. Finest you can buy! Expertly rebuilt—gears, bearings, shafts, etc., showing undue wear replaced with top quality NEW parts. Reassembled and completely tested. Shift fork assembly and cover included; overdrive, free-wheeling not included on Chrysler-made cars.

...1937–38 models. Older models have poured Babbitt bearings.

FACTORY REBUILT CRANKSHAFT and CONNECTING ROD ASSEMBLY

GUARANTEED! Match or surpass originals!

PRECISION-MADE! All contact surfaces held within .001 in. tolerance (like new engines)

YET PRICED LOW! Compare our prices . . . anywhere!

- Trade in your out-of-round crankshaft and connecting rods—generous trade-in allowance
- Specially packed to protect surfaces in shipment

(B) Precision aligned. All main bearing surfaces ground to same size, none more than .030 undersize. All new slip-in bearings furnished, except for Ford A and V-8, 1932–36, which use cast-in-block main bearings (block must be rebabbitted and line-bored).

HOW TO ORDER: **State make, year and model.** Shipped from factory near Dallas, Texas except Kaiser-Frazer shipped from St. Louis, Mo. Items with "M" as (28 G M2500F) are shipped by freight. Customer pays transportation charges from shipping point. Use same crate to ship old parts, **prepaid,** to factory for inspection. Full credit issued if crankshaft can be reground to .030 undersize and if rods can be rebuilt.

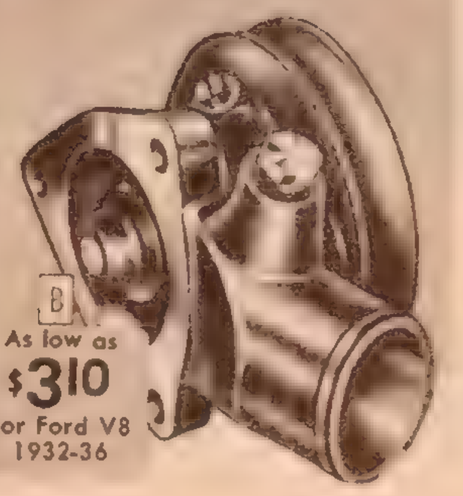
ALLSTATE Vacuum tested WATER PUMPS



Check now . . don't wait until Winter!
Every Pump GUARANTEED!

A B **Don't neglect your Water Pump . . .** and don't wait until it fails before you replace with an ALLSTATE if your pump furnishes less than the specified amount of water through your engine's cooling system. If it leaks, your engine is bound to overheat. That's dangerous—it can mean bearing failure, scored cylinder walls, etc.

ALLSTATE Water Pumps are precision-made of top-grade materials, with accurately machined seal faces and finest quality hardened steel shafts. Seals, bearings and impellers same as original equipment—every pump will equal or excel original part! Packless type seals last lifetime of pump . . . no need to repack. All gaskets included—easy to install. Directions included; no special tools needed.

ALLSTATE Water Pumps are vacuum tested—more rugged than pressure testing. If a pump can stand such vacuum it will stand up under pressure in service in your car!

NOTE: All pumps below have ball bearings sealed in grease and automatic seals unless otherwise noted. Pumps for Chev. and Ford (exc. 28G5312, 28G4769, 28G4835) have pulleys.

Install an ALLSTATE FUEL PUMP

Ceramic Gas FILTER KIT

C Keeps impurities from clogging the carburetor by removing them before they enter. Designed to prevent vaporlock, give an even full flow; made of special ceramic. Dip in gasoline to clean. Glass bowl and fittings included. Shpg. wt. 14 oz. **State make, year, and car model.**

28 G 2431—For 1933-52 Ford except "52" 6-cyl.; 1939-52 Mercury; 1937-52 Lincoln . . . $1.26

28 G 2430—For 1939-52 Chevrolet, Nash, Olds., Packard, Pontiac, Buick (exc. Spl.), Stude., Willys; 1936-52 Chrysler, DeSoto, Dodge, Plym., Hudson 1933-38; Kaiser, Frazer 1947-52. $1.26

50,000-mile FUEL PUMP

D **Guaranteed 50,000 miles!** This ALLSTATE Pump for Fords, Mercurys, Lincolns is far superior to original. Driving tests show it lasts 3 to 4 times longer!

Finest neoprene diaphragm is not affected by any fuel; remains flexible and efficient even in coldest weather. Improved valve-in-cage construction assures a steady, even flow of gasoline to keep motor operating at highest efficiency. Inverted glass bowl easily removed for cleaning; fine mesh screen traps dirt and sediment—saves clogging of carburetor.

28 G 2425—For 1933-48 Ford V8; 1939-48 Mercury; 1936-47 Lincoln Zephyr. Shpg. wt. 2 lbs. 4 oz. $2.98

28 G 2410—For 1949-52 Ford V8 (exc. Fordomatic); 1949-50 Merc. Wt. 2 lbs. 4 oz. . . . $2.98

Rebuilt Double-Diaphragm FUEL PUMP

E Completely factory rebuilt to same precision standards Engines! All have new diaphragms, new valves, new valve s sure your motor gets sufficient fuel at all times—performance is better than original part on your car. Shipping weight 5 lbs. 12 Trade-in Credit. . . . .$1.50 Full price, any car listed below. . . ***HOW TO ORDER.*** **State Catalog Number, make, year and model.** Se with order. To trade-in your old pump, mail it to Sears **postpaid,** Trade-in Invoice we enclose with your ALLSTATE Rebuilt Fuel P

28 G 4926—For Ford V8, 85, 95 and 100-HP passenger, comm. and truck, 1937-48 (single pulley type); Mercury 39–48 for either right or left pump. Shpg. wt. 14 oz. . $1.19

28 G 5375—For Ford 1949 V8 8BA, Mercury 8 CM. Trucks F1-F6, 8RT, 1948-49, combination bushing-bearing. Shipping weight 1 pound 4 ounces . . $2.39

28 G 5374—For Ford, Mercury. Trucks F1-F6 with "R" eng. bear. type, 1949–52. Shpg. wt. 1 lb. 8 oz. 2.49

28 G 4935—For Ford 60-HP. V8 passenger and truck, 1937-40. Right or left. Shipping weight 12 oz. . . . 1.98

28 G 2258—For Chevrolet, 1929–34 (except Standard). Shipping weight 2 pounds 1.19

28 G 2223—For Chevrolet, 1941–52, all pass., trucks. Ball-bearing type. Shpg. wt. 1 lb. 10 oz. 2.49

28 G 2225—For Hudson, 1936-47, 6 & 8; Terraplane, 1936-38, all. Shipping weight 2 lbs. 4 oz. 2.98

HEAT, OIL GAUGES, AM

H 28 G 5803—**Combination Heat and for all cars.** Clamps on dash. Indic fit hose, motor block. Shpg. wt. 2 lbs.

28 G 5805—**Heat Indicator.** For c tractors. Shown in (H) above. Clam fits 2 1/16-in. hole. Armored bulb f hose, block. Shipping weight 1 lb. 5

28 G 5804—**Oil Pressure Gauge.** For c tractors. Shown in (H) above. Clam dash or fits 2 1/16-in. hole. Wt. 1 lb. 4 o

28 G 5801—**Oil Pressure Gauge** for 1928–31 (not shown). Mounting b included. Shipping weight 1 lb. 3 oz.

J 28 G 6720—**Tractor Heat Indicato** units with 3 screws in 1 3/16-in Bulb fits hose, block. Shipping weig

K 28 G 8253—**Sturdy Replacement Model T and A Fords.** Fits in any Easily installed. Easy-to-read dials. F 20-0-20 amperes. Shipping weight 3 o

L 28 G 6723—**Heavy Duty Ammeter.** trucks subject to severe vibra on dash or fits any 2 1/16-in. hole. F 30-0-30 amperes. Shipping weight 8

Is your old Carburetor robbing you of gas, speed; mileage? Check Now!

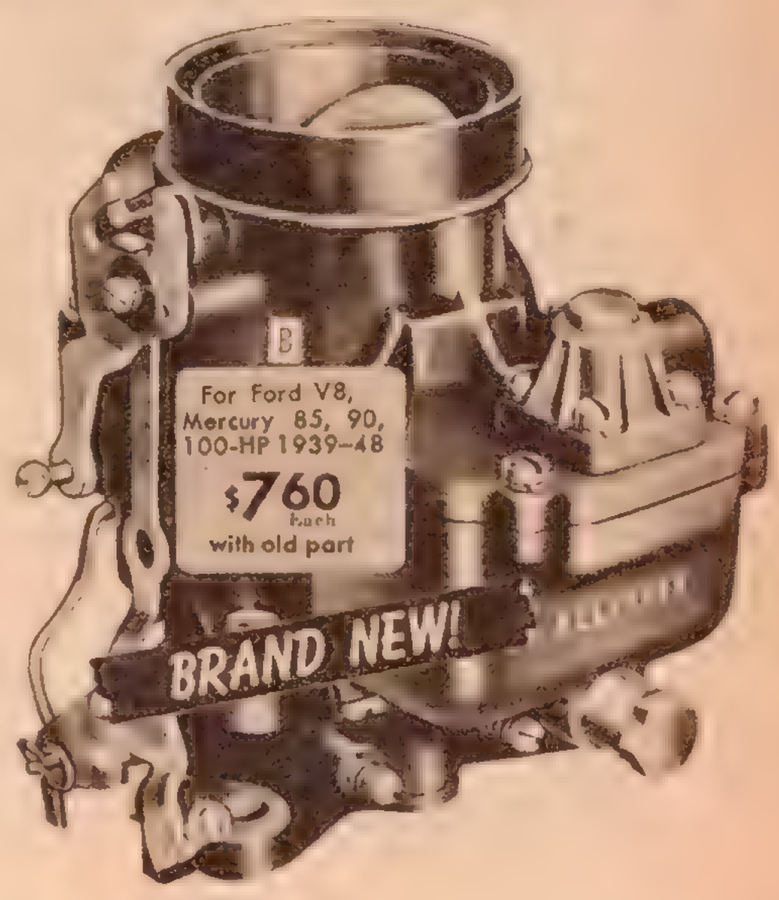
ALLSTATE

Install a New or Rebuilt ALLSTATE CARBURETOR

Single Diaphragm

tested!
Chevrolet
low as
$5.98
with old part

For TOP performance, put in an ALL-Brand-New ALL-STATE CARBURETOR with the Automatic Economizer that saves you money



Automatic Economizer Valve gives you better mileage—latest improvements in engineering and precision-manufacturing give you finest possible fuel control. Correct fuel-air mixture for starting, get-away, or cruising—automatically!

Buy a Brand-New ALLSTATE—save by trading in your old unit

Increase your mileage by cutting down wasteful use of gas . . . a top quality carburetor pays for itself in savings, but a worn-out unit costs you money every mile you drive! An inefficient carburetor, worn out in service, takes money right out of your pocket! Install a brand new ALLSTATE and have a miser under your hood on guard against waste. Guaranteed equal to or better than original parts—you can count on ALLSTATE quality!

Vacuum-controlled metering on all downdraft models gives you the right fuel-air mixture under all driving conditions. Economizer valve automatically adjusts mixture to your engine load. Made-for-each-other engine and carburetor give you humming engine efficiency, easy starting, good acceleration—ALLSTATE tailors your carburetor to your car! All carburetors treated to resist rust and corrosion. Adjustable high and low-speed jets on most models. Because positive manual control of choke makes for easiest starting when engine is cold, we supply hand dash choke for all cars with automatic choke. Gaskets and complete instructions for installation included.

HOW TO ORDER and TRADE-IN: **State Catalog Number** and send Full Price with your order. We accept for trade-in only original equipment type Carburetors shown here. No trade-in on broken or damaged units or units not listed here. Send us your old unit, **postpaid**, with Trade-in Credit enclosed with new ALLSTATE Trade-in Credits: Stromberg, Chandler Grove, Ford Holley (from Ford V8, Mercury 85, 90, 100 1934–48) $1.75; Carter W-1 (from Chevrolet 1934–48) $1.50; Ball and Ball Carter (from Plymouth 1936–48) $2.50; Stromberg EXV-2 (from Dodge 1936–42) $2.25.

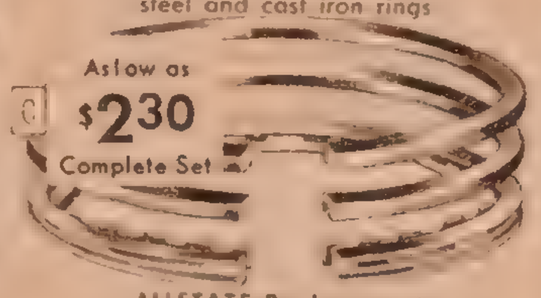
OUR BEST—ALLSTATE Steel-Master Rings

- Compression ring at top has taper face . . . coated with tin
- Second ring is bevel-back expander type compression ring
- Oil ring — steel wafer rings, steel separator, control oil

ALLSTATE Steel-Drain— steel and cast iron rings



ALLSTATE Replacement type cast iron rings

ALLSTATE Piston Ring Sets — 3 Qualities

Reg. U.S. Pat. Off.

The life of your car depends on a thin film of oil, controlled by the piston rings in your engine. If your engine literally "eats up" oil and gas, has a smoky exhaust and lacks zip and power . . . you need new rings! Savings on gas and oil quickly pay for replacement.

NOTE: Fourth ring on 4-ring piston is wide-slot cast iron type for most effective oil control and greater drainage. Available in Standard size and .020, .030, .040, .060 Oversizes. Rings "A" and "C" coated with pure tin to aid "wear-in"; rings "B" phosphor coated.

Our BEST—ALLSTATE Steel-Master

[A] • Special tapered face for gentle compression sealing action—long life.

- Top compression ring is cast iron . . . second is "scraper" type with steel expander for positive sealing action.
- All-steel sectional type oil ring has steel wafers and separator for drainage. Expander adjusts to cylinder wall.

ALLSTATE Steel-Drain Sets

[B] • Tapered face for quick seat-in—favorite with many mechanics.

- Special combination of steel and cast iron rings for high sealing efficiency. Gentle-action sealing.
- 4-pc. oil ring includes cast iron separator and 2 steel sections, plus stabilizing steel expander.

Replacement Sets

[C] • For rebored or rehoned cylinders or where taper does not exceed .005 inches.

- Top and second compression rings cast iron.
- Oil ring wide slot cast iron; steel expander.

ALLSTATE PISTONS and RINGS . . . buy Complete Sets

Reg. U.S. Pat. Off.

Heat-treated for greater strength, better wearing

Ring grooves machined to exact width and depth

Heat-treated . . . ground and polished standard size

Accurately reamed for close and noiseless pin fit

Precision-ground for proper clearance in operation

Pistons as low as $1.70 Each — 28 G 3525 Without Rings

Full Sets as low as $12.50 Set — 28 G 3555F With Rings

Fully Tested!

ALLSTATE Pistons and Rings are precision-made . . . they meet all S.A.E. standards of quality and performance. All are diamond-bored, and pin is accurately fitted to its own Piston

Save money—do a better repair job—install a complete set of both pistons and rings while you're doing your overhauling! And make them ALLSTATE to be sure of top quality parts and precision workmanship—Aluminum pistons are cast from special low-expansion alloy to cut down on wear; Iron pistons are cast from close-grain, highly wear-resistant alloy.

On 4-ring aluminum pistons, the extra ring below the piston pin saves you money by doubling oil control! Complete fitted sets include ALLSTATE Replacement-type Piston Rings. Top and second compression rings are of non-sticking cast iron; oil rings are wide slot cast iron type with steel expander for effective oil regulation—see "C" on opposite page. See "How to Order."

SHIPPING WEIGHTS with or without rings: Aluminum Pistons 2 lbs. ea.; Cast Iron 3 lbs. ea. Sets: see below.

ALLSTATE

REG U S PAT OFF.

Tune up with ALLSTATE Ignition Parts!

ALLSTATE IGNITION COILS

[A] [B] **For 4, 6, 8-cylinder cars.** Bakelite skirts insulate against internal leakage. Enameled wire secondary windings. Silicon steel cores. Coil winding ends specially insulated.

Standard Quality. Similar to original equipment. Delivers hot spark on as low as 4 volts.

Heavy Duty. Like standard, with more turns for hotter spark needed on high-speed engines. Better insulation assures better engine performance.

Shipping weight each 2 pounds 10 ounces.

For Make	Year	Standard	Each	Heavy Duty	Each
Buick	1925–39	28G 1333	$2.49	28G 8213	$2.98

COMPLETE DETAILS

You're Protected Under Your State Auto Law

All states, except Louisiana, have enacted Motor Vehicle Financial Responsibility Laws. In most of these states, if you have an auto accident involving bodily injury or death you can be required to deposit up to $10,000 to prove you can pay for injuries and damages. With Allstate Liability insurance, however, you deposit nothing! Instead, your Allstate insurance is accepted as proof that you can pay.

If you cannot make the required deposit or furnish the proper bond—and are without automobile liability insurance—your driver's license will be suspended. But remember, you can safeguard your license by obtaining Allstate Liability protection. Send in the reply card today.

FARMERS! Now Allstate offers you Farmer's Comprehensive insurance. It is your protection against damages for liability arising out of farm accidents. Don't risk the loss of your savings and other property damages when it costs so little to be protected.

how much protection this policy gives you against:

Bodily Injury and Property Damage Liability.
Loss of your livestock by collision with a vehicle.
Medical expenses arising out of accidents.

CARD TODAY. Absolutely no obligation. (Fill in top portion if auto insurance rates are also desired.)

Here's How Allstate Protects You

When Your Car Injures Or Kills Anyone

. . . and you are held responsible, Allstate Bodily Injury Liability insurance may save you thousands and thousands of dollars—as there is no limit to the amount for which you may be sued when you are responsible for a person's injuries in an auto accident. Allstate protects you against all claims up to the full limits of your policy and pays for attorney's fees, court costs, investigation expenses and other defense costs. You are protected when you drive cars you occasionally borrow as well as your own. It safeguards everything you own from being seized or sold to pay for damages.

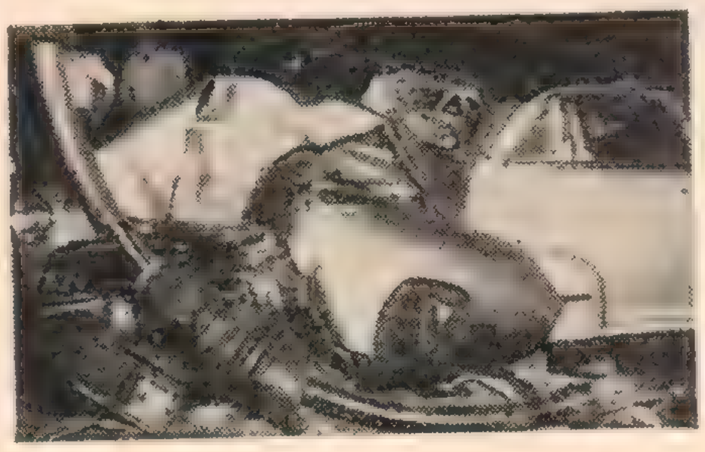
When Your Car Damages Another Person's Car Or Property

All damages which you are legally obligated to pay are paid by Allstate Liability insurance, up to the full limits of your policy. Defense costs, such as attorney's fees, court costs and investigation expenses are also paid. In addition to being protected in your own car, you are also protected when you drive cars you may occasionally borrow or rent. And your friends are protected when you let them drive your car.

When People In Your Car Are Injured Or Killed

Allstate Medical Payments pays for hospital, doctor bills, surgical expenses, ambulance, funeral expense, professional nursing and funeral s—regardless of who is to blame. With $ limits, it pays up to $2,000 for each pers injured or killed. You and your wife are pr in passenger cars you occasionally borrow, as in your own — and anyone whom borrow your car has protection for himse his passengers. (Other limits also availab

If you insure under Allstate's current rates, you are protected from price increases for the full term of your policy. Mail card now so that you may receive current rates.



When A Collision Damages Your Car

Allstate pays for all damages to your car up to its full cash value, including total loss. Allstate's exclusive $50 "Disappearing" Deductible* Collision insurance pays the entire bill when there is more than $100 damage. In addition, it pays twice as much as Ordinary Deductible on losses of $50 to $100. With $50 Ordinary Deductible, you pay the first $50 of each loss and Allstate pays the remainder. In both Ordinary and "Disappearing" Deductible, Allstate pays *no matter who is at fault.*

When Your Car Is Stolen—Or Damaged By Fire, Windstorm, Rain, etc.

Allstate's Comprehensive insurance protects in these instances and pays almost every damage to your car except collision. It also protects you if tires, bumpers, spotlights or equipment are stolen. If your car is stolen will be repaid up to $5.00 per day for the of renting a substitute automobile or for taxicabs. Payments begin 72 hours after it is reported to police. You may be repaid $150 and this repayment is not deducted the final settlement.

Postage Will be Paid by Allstate Insurance Company

Brand New ALLSTATE High-Output GENERATORS

As low as
$15.95
with old parts

High-Output . . same as original parts

- Same current output as original equipment
- Same wire size, same number of turns, same winding resistance . . . same precision standards

D Make sure your new generator will take care of your ignition system—all of the accessories your car carries today. Put on a new ALLSTATE High-Output Generator and know you're protected with enough generator capacity to keep your battery charged correctly. Car maker's specifications duplicated.

ALLSTATE quality gives you everything your car manufacturer did—these new generators are identical with the unit that came with your car! Same current output, same wire size, same number of turns, full size shell. Field coils and armatures are fully insulated and tested. Full-size shafts with fitted bearings. Generators only listed; Voltage Regulators and Controls not included—order from opposite page.

Read "How to Order" at left below—save by trading in your old generator. Don't be satisfied with a generator that doesn't carry the ALLSTATE name—because ALLSTATE means dependability! You can install your ALLSTATE Generator yourself, too, and save labor costs—full instructions included.

D E — Low as $3.35

COMPLETE JOINTS FOR FORD, CHEV.

If your driveshaft linkage shows too much play or makes unnecessary noise (especially when you press or release the accelerator), it means that your universal joint is probably worn and is subjecting your driveshaft to punishing backlash. Worn universals can also cause broken axles or transmission difficulties.

Sears complete universal joints are interchangeable in whole or in part with original equipment. Performance guaranteed equal to or better than original equipment. (A) is cross-type universal joint for Ford passenger cars. (B) is ring-type universal joint for Chevrolet light trucks and passenger cars.

Please state year, make and model of your car or truck and catalog number when ordering.

EXTRA: ALLSTATE Gaskets get special packaging protection so they reach you in perfect condition! Strong corrugated board packing—far more rigid than ordinary—guards against bending, broken corners, etc. that ruin gaskets.

Gaskets for Cylinder, Head, Oil Pan, Manifold. Don't let inferior gaskets spoil a good repair job! Cylinder Head Gaskets for Ford T, A, V8-85 and Mercury, Chevrolet, Plymouth and other engines are finest metal-asbestos type. Manifold Sets have finest metal and asbestos construction. Oil Pan Gaskets cut from fresh, highly compressible cork . . . original equipment type. All fit perfectly. **Shipping weights:** Cylinder Head Gasket 1 lb. 14 oz.; Manifold Gasket 8 oz.; Oil Pan Gasket 1 lb. 4 oz. Add Gaskets to your Easy Terms order.

	28GT8625L	17.95	28GT8627L	19.50

use in some states; check local laws.

Special design cuts back-pressure!

Power, Speed, Economy! Exhaust gases flowing freely through the muffler means less blocking of exhaust gases, less back-pressure that steals power, strains and overheats the engine, wastes fuel.
Deep, Rich Tones! Special tone tubes in the Resotone Muffler emphasize mellow, deep-throated tones of rich, surging power. Resonating chamber scientifically eliminates irritating engine noises. All this without "special packing" that may clog or burn out.
Perfect Fit Guaranteed! Resotone replaces original muffler . . . no extra fittings required. Save time, save work later by installing new exhaust and tail pipes when you install new muffler. Pipes listed on this page and next page. Muffler shpg. wt. 8 lbs. each.
Resotone Mufflers not for use in some states; check local regulations

Replace your Exhaust Pipe when you install your new muffler! Saves you time and work later. Use exhaust pipe to connect engine exhaust manifold to muffler. Durable 18-gauge steel tubing is accurately formed to fit exactly; no hammering or straining. Order "Inlet" muffler clamps below. See footnote § below tables.

ALLSTATE TAIL PIPES protect you against carbon monoxide... match original quality

Install a new TAIL PIPE with your ALLSTATE Muffler

—if your Muffler is worn out, chances are you need a Tailpipe, too! Do the job yourself

[A] TAIL PIPE As low as 89c

[A] Order Tail Pipes from large table at right

[A] *Your car's tail pipe is being battered, lashed, abused . . . every day, every mile you drive!* Check yours now for holes, kinks, corrosion! Remember—faulty pipes leak dangerous carbon monoxide gas, cause vibration which may damage a good muffler. Replace yours NOW with a heavy duty ALLSTATE pipe . . . made of rugged steel tubing, with electric-welded edges. Brackets and "outlet" muffler, clamps on preceding page.

ALLSTATE Flexible Tail Pipes

As low as **$1.55**

[B] Bend it to suit your need

[B] For cars not included in tail pipe listings above. Bendable tail pipe is easily formed by hand to any required shape. Saves you time and effort on difficult installations. Sets in given shape . . . becomes rigid. Will not rattle or sag. Sets more solidly with each day of service. All necessary hangers furnished. Order same diameter as old pipe; order measured length plus 10 in. for bends. *Mailable.* Order Flexible Pipe from small table at right.

ALLSTATE MUFFLERS . . Your choice of three qualities!

HEAVY DUTY... heavier shells than on most mufflers

$4.89 1939-40 Ford

Built to outlast ordinary mufflers! Rugged steel body is heavier gauge than that used by many car manufacturers! Designed and tested to give quieter engine operation without hindering flow of exhaust gases . . . prevents loss of power, cuts engine-strain. **Order from "Heavy Duty" column below.** Refer to "Inlet," "Outlet," columns for clamp size number. To order clamps, turn back two pages. All materials and workmanship match or surpass original equipment in quality.

PREMIUM . . . heavy steel PLUS special "Aluminized" finish that fights rust!

- Our finest! Quiet, safe; longer life
- Reduces "back pressure" . . saves gas
- Quality superior to most originals

$5.49 1939-40 Ford

Longest-lasting, safest muffler you can get! Exhaust gases flow freely, reducing power-stealing "back pressure." Special aluminized coating fights corrosive action of street acids, water, exhaust gases on outside and inside of muffler shell. Has all the features of "Heavy Duty" mufflers at left. **Order mufflers from "Premium" column in table below.** See "Inlet," "Outlet" columns for clamp size numbers. For muffler clamps and tail pipe brackets, turn back two pages.

CLUTCH STABILIZER

For 1936-51 Ford, 6-cyl. and V8, 1939-51 Mercury, 1937-51 Chevrolet. Make your car last longer by permitting motor and drive units to run as smoothly as possible—help restore new-car smoothness at low cost! Stops vibration which causes destructive clutch chatter—eliminates rough, jerky starts, gives smooth flowing power in all gears, gives you longer life for your clutch and saves possible damage to body and mechanism of your car. Heavy duty adjustable rod with rubber shock absorbers. Easily installed—V-bracket attaches to two bolts ot bell housing—put it on in a few minutes! Rear of stabilizer hooks into hole in center cross member of frame, for a stabilizing tension that cuts down annoying vibration. Shpg. wt. 5 lbs.

$2.29 Each

28 G 5431—For Ford 1936–48, Merc. 1939–48. . $2.29

If you have driven your car over 30,000 miles, you probably need

ALLSTATE Replacement Coil Springs

H Most coil springs compress or lose resiliency within 30,000 miles. Fatigued front coil springs can cause headlights to pitch downward, making night visibility poor. Incorrect wheel alignment, difficult steering, excessive or uneven tire wear and vibration can result. Replace now with sturdy ALLSTATE Coil Springs, tested at the factory. Installation in pairs recommended. Mailed from mail order house except 28 G 9860KF and 28 G 9869KF are from Chicago factory. Order, pay postage from M. O. house. **State make, year, model, serial no.**

ALLSTATE Spring Booster

For 1935-48 Fords and Mercurys. Get a smoother ride by taking the extra load off leaf springs—reduce the "bounce" on bad roads. Add life to your springs too by reducing strain, spreading the stress of sudden impact or jar. Ideal for handling your overloads. Booster is easy to install on either front or rear. Coil spring and brackets included.
28 G 9998—Shipping weight 11 pounds..Each $6.49

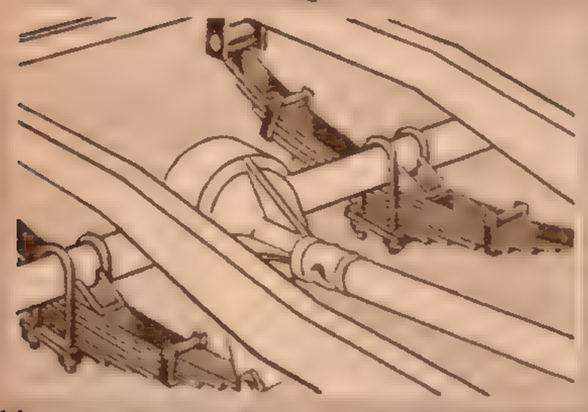
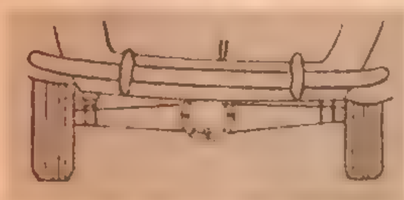
CHECK SPRINGS NOW! Sagging springs cause tire wear . . lead to costly breakdo



It's easy to install these leaf springs! Just jack up car, loosen shackles and U-bolts, put in new springs and shackles

DOES YOUR CAR SUFFER FROM BAD SPRINGS?



Symptom No. 1. Look at your car from front or rear . . . is one side lower than the other? If so, one spring is completely worn out and is sagging or broken. Replace with ALLSTATE for top performance!

Symptom No. 2. Does your car "hit bottom" with a neck-snapping jolt when you go over a bump? That's the body hitting the axle . . . means springs are weak, need replacement . . . with quality ALLSTATE!

Remember—order your springs IN PAIRS for best results. You can buy your springs and other auto needs on Sears Easy Terms—for complete details see inside of back cover.

ALLSTATE LEAF SPRINGS . . . for Passenger Cars and Light T

America's headquarters for Springs—over 110 sizes ready to shi

Don't wait for your springs to break . . . don't put up with the discomfort of sagging springs and insufficient spring support! Replace them now with low cost ALLSTATE original-type leaf springs and add "helper springs" if you need extra carrying capacity for heavy loads.

Breakdowns can cause serious damage to axle and differential, leave you with a big repair bill —the cost of springs plus other repairs! Check up now for sag, for bent or broken leaves . . and look for the symptoms shown at left!

ALLSTATES are top quality—precision-built, alloy steel, individually heat-treated and oil tempered for great strength . . . factory tested for arch and temper to make sure they're right! ALLSTATE are ready to install—do it yourself!

For best results, replace your springs i one spring is sagging or cracked, the ably is fatigued too. If you replace or new one takes a greater burder than is doomed to early failure. Uneven spr cause excessive tire wear and an un ride. Install in pairs and be sure. Che and replace at the same time you springs. See table at right.

Please state Catalog Number, as w year and model of car, serial number, and whether springs are for front o

Springs on this page are all shipped for speed in delivery to you. All are each spring is a separate parcel po Figure postage charges accordingly.

Remember—order in pairs for bes

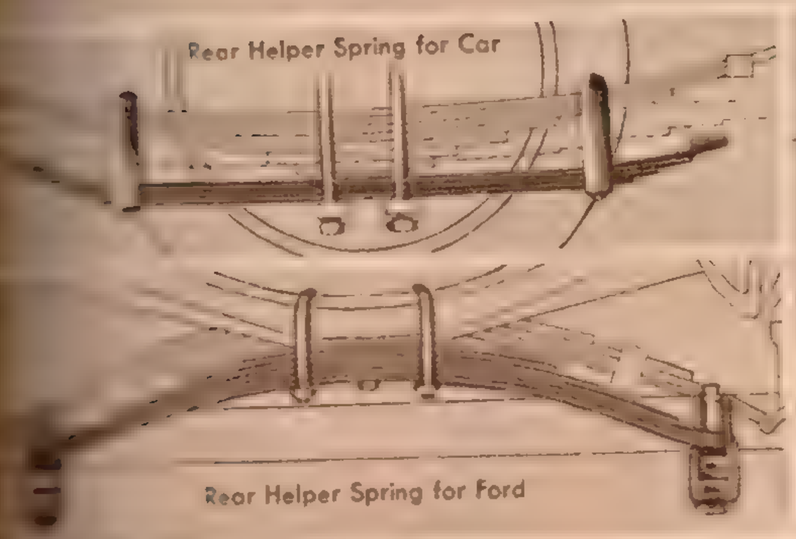
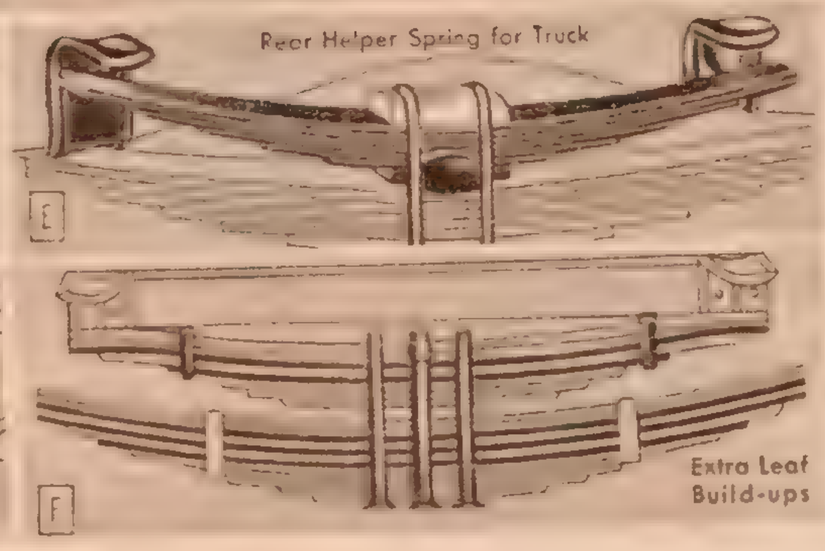
Everything we sell can be bought on Sears Easy Terms. See inside back cover for details

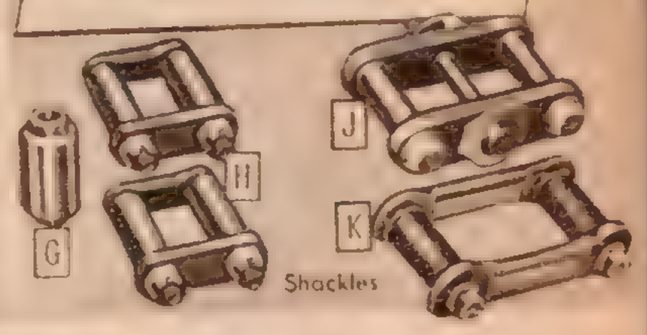
ALLSTATE HELPER SPRINGS and EXTRA LEAF BUILD-UPS increase your pay-load capacity as much as 33⅓%!





Check your SHOCKS too!

Shock absorbers are important in riding comfort and load carrying too—replace if they're worn or leaking fluid. See following pages



Helper Springs are easy to install . . do it yourself!

No holes to drill . . all necessary parts furnished

Don't buy a truck to handle loads you feel are too heavy for your car with its present springs . . . or buy a bigger truck to replace the one you have. Let ALLSTATE Helper Springs do the work for you! A few hauling trips will more than save their cost!

Add as much as 33⅓% to the weight carrying capacity of your car or truck with ALLSTATE Helper Springs . . . and you can install them yourself! "Helpers" prevent regular springs from wearing out or breaking. No uncomfortable, jarring, load-damaging bumps reach the axle. Save on repairs . . . regular springs last longer.

ALLSTATE Helper Springs are individually heat treated and oil tempered for greater resiliency, long life. Each is tested for arch and temper to insure resiliency, long life. No drilling or special tools required! All necessary parts furnished for easy installation. ALLSTATE Helper Springs are ready to install—do it yourself! Brackets, bolts and easy-to-follow instructions included. **Set consists of two springs,** except Catalog Numbers 28G09917L, 28G09915K and 28G09921L, which are single transversal springs shipped freight or express, except Catalog Numbers with "0" (as 28G09915K). **Specify number, make, year and model of car or truck.**

For Cars . . add 500 to 1500 pounds to carrying capacity

Before pulling a trailer without danger of damage to your springs! If you carry heavy loads in trunk or back seat, you need the protection for your springs that helpers can give. Don't put all the load on regular springs, overloads are borne by sturdy helpers.

For Passenger Car, Model and Year	Catalog Number	Shpg. wt.	Price Set
[illegible]-39 passenger, models HA, HB, JA, JB	28 G 09946 L	53 lbs.	$16.50

For FOUR Wheels

F

WHY READY-LINED BRAKE SHOES ARE YOUR BEST BUY!

1. **Easier to install** than brake linings because they're *ready-lined* . . . you don't have to do any riveting!
2. **Last longer** because lining fits tightly on brake shoe to insure proper friction! Stops squeaks, too!
3. **No special tools required** for installation. Just take off the old shoes, put on ALLSTATES! Complete instructions.
4. **10% discount** on two-set orders! Do a complete job . . . save 10% by relining all 4 wheels at the same time!

It's easy to install ALLSTATE *Ready-lined* Brake Shoes—just take off the old shoes, put on ALLSTATES! You don't have to remove the old linings or put on new ones. Our factory does that for you—and does it right! Precision-checked for correct radius and surface to assure even wear, sure stops, longer life. Exact fit guaranteed.

Passenger car sets are for front or rear, unless noted. **Set consists of four lined shoes for TWO wheels. RELINE ALL 4 WHEELS AND SAVE 10%! Order two sets and deduct 10% from total price.** Shpg. wt. 9 lbs. for 2-wheel set. **State Catalog Number and quantity.**

TWO WAYS TO ORDER: (1) Send Full Price with order. Send us old shoes, **prepaid,** with Invoice you get from us. Or, (2) send old shoes, **prepaid,** with order and difference between Full Price and Old Part Credit.

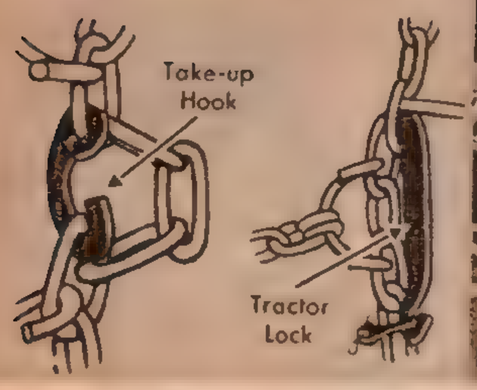
TRACTOR PARTS



Cut slippage with ALLSTATE TRACTOR CHAINS

Chain Attacher with each pair! Both chains self-cleaning. Cross-chains lie flat on hard ground; roll up under traction-stress for maximum "grab."

Non-jam Lock permits temporary setting before final locking.

Take-up Hook adjusts chain for tire wear.

[A] **Highway Spiral.** Ideal for hard-surface high-speed work, icy roads, snow.

[B] **X-link.** Rugged! Sure traction in muddy ground, clay, gumbo, heavy snow.

State Catalog No., tire size. Shipping points are in table. Freight prepaid on factory shipments. For others, pay freight or express from Kansas City.

GET MORE POWER! SAVE FUEL! ALLSTATE TRACTOR SLEEVE ASSEMBLIES

Give new life, new power, more pull to your tractor . . save fuel and oil ALLSTATE are precision-made like original equipment; same number of rings . . fit perfectly. E included for complete, easy installation! For best results, install in sets.

[C] **ALLSTATE Standard-Compression Sleeve Assemblies.** CYLINDER SLE from chrome-nickel alloy iron; accurately machined inside and out. C walls precision bored, honed, polished to exact standard size. PISTONS a fitted, matched for weight. PISTON PINS heat-treated, ground, polish to pistons. RINGS are best combination of high-grade compression and for maximum power seal, lowest oil consumption. Assembly includes pin l rubber packing rings where needed. **State tractor make, year, model.**

ALLSTATE High-Compression Sleeve Assemblies. Extra power! Absolutely nec altitudes of 3000 ft. and over when using regular fuel. Use with gasoline levels to step up efficiency three ways: (1) **Increased draw-bar pull** makes easier! (2) **Increased speed** helps you do more in less time! (3) **Increased** muddy fields and heavy loads! . . . Sleeve, rings and piston pin same as compression type above, but piston is designed to increase compression rati packing rings and pin locks included where needed. **Install in full sets. Use** spark plugs for proper ignition. **State tractor make, year, model.**

Buy ALLSTATE TRACTOR FILTER REFILLS by the case!

[M] **They protect your engine!** Between oil changes, your oil picks up dirt, metal chips, etc. If these impurities aren't removed, they can seriously damage vital parts. So change refills at least every 225 hours of use. For description of ALLSTATE Refills, see page 1130.

Filter Refill for use on these Tractor Makes and Models	Shpg. wt.	Catalog No.	Each	12 for

Please be sure to read the ALLSTATE Battery Guarantee on page 1125 in the Auto Battery section.

- **Safety Vent Caps** prevent acid spilling that corrodes terminals
- **One-piece Terminals** ride in rubber
- **Chem-Set Plates** resists "shedding"

HOW TO ORDER BATTERIES:

(1) If your tractor is listed in table at far left, note size you need (as 1M, 2L, etc.) and select battery of required size from listings at left under guarantee period you want. State Catalog Number, Price.

(2) If tractor is not listed, choose a battery with case dimensions (length, width, height), and capacity similar to present battery from listings under guarantee desired. Send order with full price of battery to your Sears mail order house. Pay freight or express charges from factory in Dallas; Memphis; or Emporia, Kansas, whichever is nearest. Sell old battery to junk dealer. Or, ship prepaid to any Sears retail store or mail order house for $1.00 trade-in allowance. Do not send battery to order office.

ALLSTATE TRACTOR MUFFLERS

ALLSTATE Traction Grip Tires

REG. U.S. PAT. OFF.

19 SIZES . . GUARANTEED FOR 18 MONTHS OF SERVICE

Be ready for fall mud and snow . . have a pair of bad-weather, bad-road tires ready!

HERE'S WHAT MAKES ALLSTATE TRACTION GRIPS YOUR BEST BAD-ROAD PROTECTION . . YEAR-AROUND

A B Do you have to fight bad roads every fall and spring to get your work done? Do you ever have to lose a day's work, a day's important business—or be "stuck" away from home because you don't have enough traction to risk the bad roads with your regular tires? You need a pair of big, rugged, heavy-studded ALLSTATES then, Mister! Maybe you won't drive with them all the time but you ought to have them to put on on short notice. They're good investments! ALLSTATE Traction Grips are tough-bodied 4-ply tires with a stout stud-and-bar tread that walks you out of mud, snow and sand. The X-41° "cold" rubber in the tread makes it super-durable and the high-tensile cord body is anchored to pre-fabricated steel beads. Good on hard roads too. Try a pair—prove it to yourself!

...fied together with buttressing bars to give you ...studs flex enough to kick out mud and snow ...high-tensile cord body is built up ply-by-ply ...the pull and strain of carrying heavy loads ...beads withstand tremendous pulling strain ...ber in the tread adds extra wear-resistance

Traction Grips for pre-37 cars

C Do you need super-traction tires with hard-slugging stud-and-bar tread for your pre-1937 car? Do you have to drive on bad roads—mud, sand, snow?

These are the tires for you then, built with self-cleaning studs to use your motor's power for real pulling when the going gets bad—when ordinary tires just don't have enough non-slip traction. Try a pair!

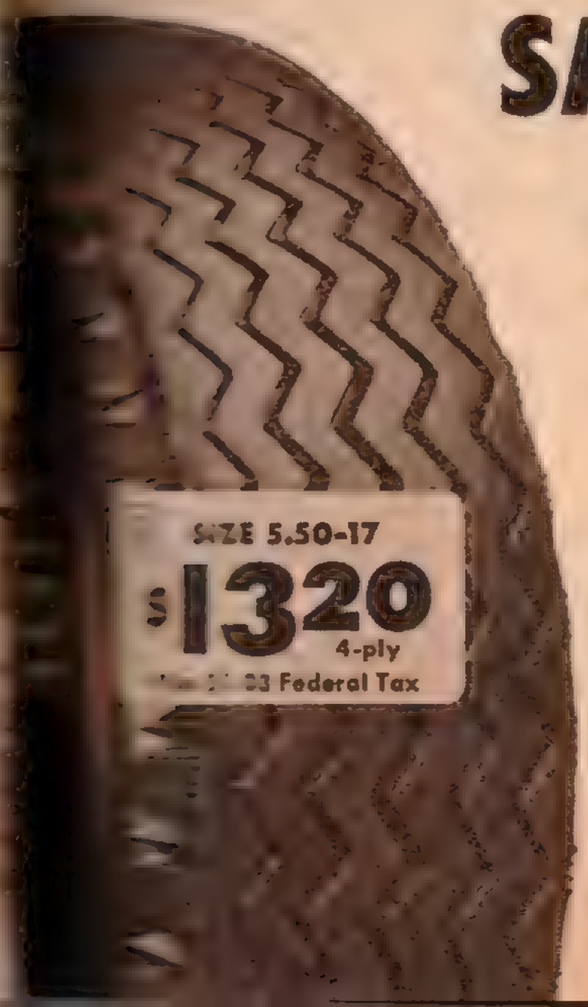
SAFETY TREADS for pre-37 cars



HARD-TO-FIND SIZES . . GUARANTEED 18 MONTHS

D Need a good, stout all-season tire in a size not listed with our other ALLSTATE Safety Treads? Chances are, Sears has it right here! Same quality as our other Safety Treads—same sturdy 4-ply body, same 18-month Guarantee. ALLSTATE Safety Treads are built to a quality standard—sturdy zig-zag tread has long been famous for mileage and skid-fighting qualities . . . and the 4-ply body has real strength built into it! Modern X-41° "cold" rubber toughens the tread, adding untold extra miles . . . zig-zag tread pattern wipes water away on wet pavement for skid-protection . . . gives you drier footing. Pre-fabricated steel beads give every ALLSTATE super strain-resistance.

Sears Crusader

GOOD

GUARANTEED 12 MONTHS

Here are our lowest priced Passenger Tires

Now available in Sizes 5.50-17, 6.00-16, 6.50-16, 6.70-15, 7.10-15, 7.60-15

Sears lowest priced tires . . . the safest ones we know of in this price range . . . are available in newer "low pressure" sizes as well as the three most popular conventional sizes. They are low priced but they're dependable tires . . . we guarantee a year of satisfactory service from each one. We recommend them for good mileage at conservative speeds and we recommend them in preference to recaps. If you plan to sell or trade your car in within the next few months, put on a set of Sears CRUSADERS—they will give you "good rubber" all around and very likely help bring a better price for your car! If you want longer Guarantee, even longer mileage and greater driving safety, be sure to see the ALLSTATE Safety Treads and Premium Tires at right. Order Tubes too!

ALLSTATE GUARANTEE

Every Allstate Passenger Car Tire is guaranteed to give satisfactory service for a specified time from date of purchase—12, 18 or 24 months, depending on the tire. Should the tire fail to give satisfactory service within the guarantee period, return it to our nearest Mail Order House or Retail Store and we will repair it, or replace it with a new tire, charging you a proportionate part of the current price for each month you have had the tire. If it should fail after the replacement period due to defect in material or workmanship regardless of time or mileage we will repair it without cost to you, or replace it with a new tire, charging only for service received.

ALLSTATE Truck Tire

REG. U. S. PAT. OFF.

BUILT FOR MILEAGE AND TRACTION

We know that you farmers and truck operators want both mileage and dependability . . . we recommend these Tires to you!

ALLSTATE Commercial Truck Tires for ½ and ¾-ton Farm and City Trucks

A B Here are stout tires built especially for high speed, stop-start driving, made to take heavy loads and lots of scuffing. Two tough treads, same rugged ply-on-ply cord bodies. Tread and sidewalls are wear- and cut-resistant for mileage.

(A) All-road Commercial is the year-round tire-of-all-work—made to cut trucking costs!

(B) Traction Grip makes its own road in bad footing—note studs, bars, shoulders.

ALLSTATE Big-truck Tires . . . made to cut your costs in both highway and bad-road hauling

Made for heavy duty!

Great tires with super-strong ply-on-ply carcasses anchored to steel heads. Extra thick, bruise-fighting sidewalls.

C Big Saw-tooth Highway Tread is an all-purpose tire for all kinds of hauling, any kind of road. Broad tread gives you mileage on both free-rolling and power wheels . . . the multi-angle zig-zag tread means traction for both pull and braking.

D Heavy Duty Traction Grip has a tough bar tread, heavy buttressed shoulders that can dig in for terrific pull!

A great modern passenger car Tube . . . a dependable Tube made to reinforce and lengthen the life of any tire it's put in! Made to extend the life of your tire by maintaining air pressure uniformly—tough and resilient Butyl rubber holds air much longer than other compounds. Butyl is tough, strong, resists tears and splits too—it can take the pounding of everyday hard driving. Full circle molded to inflate evenly in your tire, for long mileage for your money! Dependable air-retaining valves help hold correct air pressure for longer tire service.

ALLSTATE Farm Tires

REG U.S. PAT OFF

BUILT TO CUT SLIPPAGE, CARRY BIG LOADS

ALLSTATE Farm Master Tractor Rear Tires 15% stronger than last year!

- Note the taper from center to shoulder of every tread bar . . . designed to dig in at point of soil penetration with a thrusting motion
- Curving, flaring bars snap soil and trash out —that means always clean tread for more traction, more real work done per hour on the job
- See the height of the great Farm Master tread bars . . . they "ride" on soft footing, knuckle into hard going, cut slippage 'way down!

[A] The great big ALLSTATE Farm Master with the powerful Claw-Grip tread is even stronger, even tougher than the ones you have now! The heavy ply-on-ply carcass has been strengthened 15% to stand more strain, more pull, more wear—more profit-making service for your dollar!

Curved Claw-Grip tread bars "claw in" for sure traction—slippage is cut to a minimum. Bars are high, curving, tapered. Tough special tread rubber makes it an all-soil tire good for road use too—take your tractor 'most anywhere!

$8.39

Automatically turns power "On" and "Off" once every 24 hours at times you set. Use to control signs, store window lighting, apartment or lobby lights, poultry house lights, etc. Use also to control motors up to 1 HP.

Current-carrying capacity 35 amperes. For 110-120-volt 60-cycle AC only. Covered metal box, 7¾x5x3 in. deep, has ½ and ¾-inch knockouts. For surface mounting. Easily installed. Instructions included.
34 G 5870—Shpg. wt. 3 lbs. 5 oz.....$8.39

Won't Blow on Temporary Overloads!

2 for only 17c

New "Time-Lag" Plug Fuses absorb harmless temporary current surges without blowing, yet give full protection against dangerous overloads and shorts. Motors on washers, milkers, vacuum cleaners, electric dryers, power tools, etc., impose brief, heavy current surges when started—often blowing ordinary fuses needlessly. But not "Time-Lag"! Save time, temper, money. Shockproof glass top. Amperage clearly marked. UL approved. 15, 20, 25 or 30-amp. sizes. *Please state size, quantity.* Shipping weight 2 ounces each.

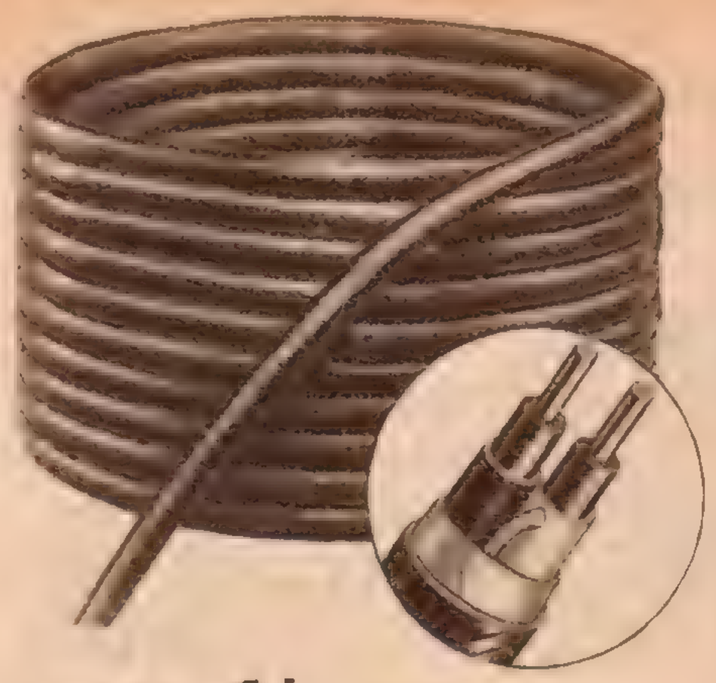
HIGHEST QUALITY



Non-Metallic Sheathed Cable

. . and it's only about **4½C** per foot in 250-ft. Coil No. 14, 2-wire

- No finer Sheathed Cable . . . yet look at our low price! UL approved; meets REA requirements.
- Each conductor individually insulated with thick rubber PLUS fireproof Glass Yarn. Sizes 12 and 14 have double-thick rubber insulation for added protection to lives and property.
- Lasts much longer! Glass Yarn insulation can't absorb moisture, rot or deteriorate with age. Not affected by sun, heat, acid or corrosive vapor. For barns, damp locations.
- Greater resistance to mechanical injury than fabric covers. Can't chip, flake, peel! Easier to handle because it's smoother, more flexible. Strips clean in seconds. Color-coded.

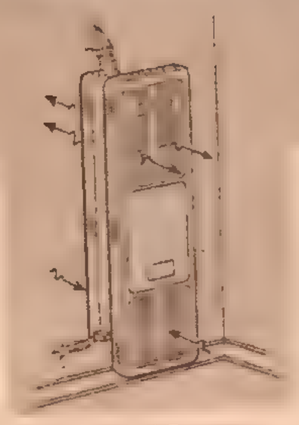
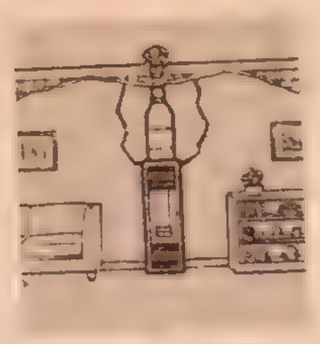
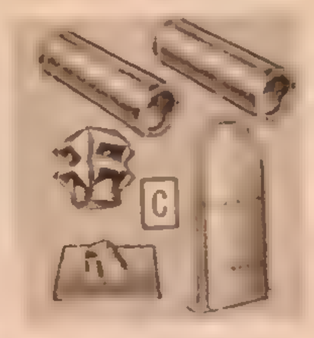
NOW! Protected by a 10-YEAR GUARANTEE . . . Famous Homart RECESSED GAS WALL HEATE



Dual Wall Furnace has 2 registers



Average installation costs very little



Metalbestos Vent Kit

[B] 42G1748W–½-in. Angle Gas Cock. Fits either furnace. Wt. 12 oz. $2.65

Fit right into corner or wall—no need to cut floors or rugs! Ivory porcelain-enamel front projects only 3½ inches from wall. Here's an ideal heating unit for homes built on concrete slabs.

You need no pit or basement to enjoy Clean AUTOMATIC GAS HEAT

Single Wall Furnace Automatic Controls For Natural Gas **$66.20** Cash **$7.00 Down**

Dual Wall Furnace Automatic Controls For Natural Gas **$104.50** Cash **$10.50 Down**

- 25,000 BTU size Single Wall Furnace heats up to 2 rooms from one register
- 45,000 BTU size Dual Wall Furnace heats up to 4 rooms from two registers
- Automatic controls available on both models provide worry-free comfort

[A] Enjoy Automatic Gas Heat from a furnace which fits right in the wall between 2 studs! **No basement needed.** Here's one of the most versatile heating units ever built . . . you can install it practically anywhere in your home either downstairs or on the second or third floor. There's no expensive installation problem—no cutting of floor joists and building of expensive header plates—no costly duct work to install. The entire unit fits right in between two standard 2 x 4-inch wall studs set on 16-inch centers.

That full 10-YEAR GUARANTEE is your assurance of long efficient service. The heart of your HOMART furnace, the combustion chamber, is porcelain-enameled and should it burn out within a period of 10 years we will replace it at current price less 1/120th for each month left on original guarantee.

Check and compare the HOMART features listed above and add to them these additional value-packed features that make HOMART your best buy: Built-in louvers are cool on bottom, warm at top . . . safe for even tiny children. Steel combustion chamber and burner coated with porcelain enamel. Safety pilot cuts off all gas if pilot goes out. Pressure regulator and draft diverter built in. Attractive front panel is finished in ivory-color porcelain-enamel to blend with most interiors. Automatic models with built-in thermostat control require no connection to house current.

The furnace is designed so that burner and control assembly is easily cleaning and servicing to save yo service calls. Bottom grille is on hin access to controls. Heat exchanger o extra length of flue travel to provide temperature, greater efficiency an Both single and dual wall models a proved by the American Gas Asso by Sears own laboratories. Dual type 4 rooms from registers on either s Overall size of both is 54x16⅛ in. requires wall opening 50¼x14¼ in. 53x14¼ in. wide. Both use ½-in. gas

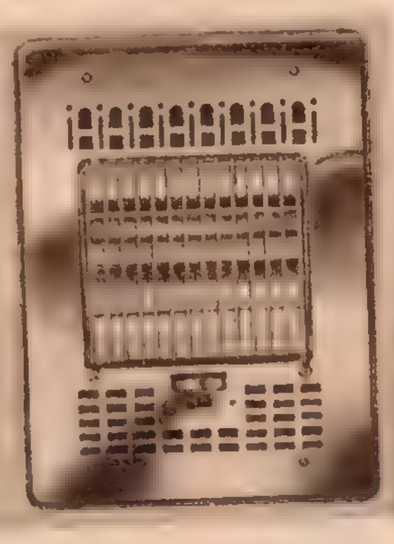
Chase those morning or evening chills from bathroom or bedroom . . . get instant-fast heat whenever you want it!

Install an Economical HOMART GAS or ELECTRIC INSERT HEATER

8000 BTU White Enameled Gas Heater **$14.95**

12,000 BTU White Enameled Gas Heater **$16.95**

1000-Watt Electric Heater **$16.75**



FLOOR FU… GRILLE G…

HOMART Gas Insert Heater recesses neatly into the wall . . . quickly warms bathroom, children's room, kitchen or any small room . . . circulates and radiates plenty of fast heat for cold winter weather, or provides gentle warmth in moderately chilly weather. Economical to operate . . . surprisingly low in cost . . . need no flues or vents. Now you can have a small, compact heater right in the wall . . . off the floor and out of the way. Chase those evening and early morning chills almost instantly without the fuss and bother of lighting a furnace.

Fully approved by American Gas Association . . . this heater circulates warm air to entire room. Cold air is drawn in through lower louvers, heated and discharged through upper louvers—away from the wall to guard against discoloration. Dead air space behind radiants protects wall. Two high-temperature baked clay radiants are easily replaceable.

Louvers are made of tarnish and corrosion resistant, polished aluminized steel. Lifetime burner is of one-piece cast iron. Both small and larger model are available in your choice of white baked-on enamel or heavy chrome plate. All models come completely assembled. All models use natural, manufactured or LP (bottled) gas. All take ⅜-inch gas connection. Instructions included.

For fast, convenient economical heat—ORDER NOW!

Gas Insert Heaters. Please State Catalog No.

LaSalle Heataire Electric Insert Heater. Here's a good looking, compact heater that gives fast, clean, instant heat . . . quickly produces instant infra-red rays which direct hot radiant heat throughout the room. It's economical to operate too . . . because radiant heat warms persons in room as soon as heater is turned on. Electric Insert Heater is quickly and neatly installed in either old or new wall. Recessed in the wall it is off the floor and out of the way. Small children cannot burn themselves on hot elements or upset it causing dangerous fires.

Uses ordinary 120-volt, 60-cycle AC. Has full 3412 BTU output per hour. Heater Front is durable stamped aluminum, finish in brightly polished chromium plate. Blends harmoniously with most interiors. Size of front panel is 17⅜ inches high by 12⅝ inches wide. Fits into wall opening 13¼ inches high by 10½ inches wide by 3¾ inches deep. Highly polished chromium plated reflectors radiate maximum heat.

Listed by Underwriters' Laboratories, Inc. . . . will furnish quick heat to bathroom, den, bedroom, nursery, attic, basement, rumpus room, kitchen, utility room, etc.

Ideal for installation in cabins, motels, garages, temporary buildings, etc., because you don't have to install fuel lines. Ordinary electrical connection is all that is needed.

Here indeed, is the modern way to heat . . . clean, safe . . . no flames or fumes . . . no vents needed.

La Salle Heataire Electric Insert Heater is easily and simply installed. Unit arrives completely assembled.

Operation of this heater will not interfere in any way with radio or television reception.

Low in price, this electric insert heater is your answer to safe, economical heat. *Postpaid.* (Shpg. wt. 10 lbs.).

$21 Down

Here's a brand new concept in home heating! . . . a compact forced warm air gas furnace that can be installed in any out-of-the-way location! See at right how it may be placed in your attic, basement, utility room or even in a closet! . . . it functions efficiently from any location.

Check these quality Homart Features: (1) Welded heavy gauge steel heat exchanger with up-draft design and built-in baffles. Designed to prevent annoying expansion noises. (2) Rigid construction—two channels give adequate support along entire bottom of assembly inside the casing. (3) Milled slot burners of cast iron with single-screw air adjustment to prevent clogging. (4) Controls (all fully enclosed) include thermocouple safety pilot gas valve, pressure regulator, fan and limit switch. Room thermostat and wire included in furnace package. (5) Centrifugal-type blower is rubber mounted for quiet operation. (6) Dual flue outlets on either side for connection to flue on either side. (7) Strong steel hanger brackets may be removed and placed on bottom for base installation. All take ½-in. gas connection. AGA approved. Use 115-volt, 60-cycle AC.

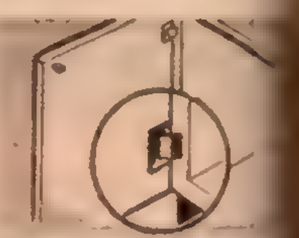
These Homart Cabinet Sinks have extra drawers, finest fittings for added conveni

Our Best . . durable CAST IRON SINK TOPS

Gleaming white, modern beauty for your kitchen! The kind that lasts . . . that is easy to care for because it is "built in." That means high quality materials and construction that meet strict HOMART specifications. The heavy, rugged cast iron sink top is your assurance of extra years of service. The acid-resisting finish of glass-hard vitreous enamel is always easy to keep clean and bright looking. Our finest fittings with extra-convenience features help speed up, ease up mealtime chores. Of course, the heavy gauge steel undersink cabinet with its rounded-corner design, its extra thick, extra hard white finish is "good to look at" and easy to keep that way. It exactly matches our HOMART Steel Base and Wall Cabinets . . see pages 1194 and 1195.

Sink Tops stay white; high gloss vitreous enamel is acid-resisting

Chrome plated brass faucet; pull-out spray; stainless steel basket strainer



Heavier, concealed hinges support doors 4 points instead

Chrome plated brass faucet; pull-out spray; stainless steel basket strainer

Everything within easy reach where you use it most often for meals and dishwashing . . . that's the extra convenience that a beautiful, scientifically designed HOMART Cabinet Sink brings you! Compartments and drawers provide well-planned storage space for pots, pans, cutlery, etc. Save you miles of useless steps everyday. You'll enjoy using the deluxe fittings and save yourself time, too.

Our finest Cast Iron Construction goes into these Homart Sinks. The gleaming white acid-resisting vitreous enamel finish is fused right onto the durable cast iron sink body . . . a glass-hard surface that stays bright and easy to clean.

All the built-in Homart features shown above are in these sinks. Our best fittings include swing spout mixing faucet with aerator on swing spout that makes non-splash stream for better rinsing, more suds from less soap. Pull-out rinser spray with shut-off valve in head is ideal for washing fruits and vegetables . . . for "hot-rinsing" dishes (hose disappears when not in use). Handy, removable basket strainer lifts out for easy cleaning; closes to act as sink stopper.

ONLY $5.00 DOWN on Sears Easy Terms

42-inch Cast Iron

With faucet and strainer **$72.95** Cash

$5.00 Down, $5.00 Monthly

Compact, space-saving! The lowest price we've seen for a 42-inch sink with a cast iron top. Sturdy and durable, because acid-resisting white vitreous enamel is fused to heavy cast iron body. Always easy to keep clean and bright. Overall size 42x20 inches makes it ideal for use where space is limited. Drainboard 18x15 inches (right hand drainboard shown). Basin 22x15x6 inches deep. 36 inches high at front, 43 inches high to faucet top in back. Polished chrome plated brass swing spout mixing faucet and flat sink strainer.

Sturdy steel undersink cabinet has easy-action drawer, 2 doors and large compartment for storing kitchen utensils. White baked on enamel finish inside and out is easily kept clean just by wiping with a damp cloth. Ideal for the small kitchen because of its compact size . . . ideal for any kitchen because of its "hard-wearing" cast iron top that withstands years of rugged kitchen use. Shpg. wt. 235 lbs. *Order trap on page 1203. For money-saving offer with Homart Food Waste Disposer, see at right.*

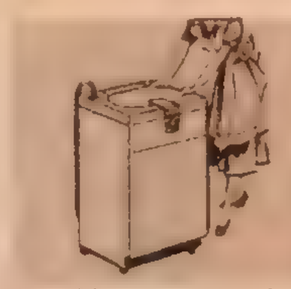
Kenmore Fully Automatic PORTABLE DISHWASHER

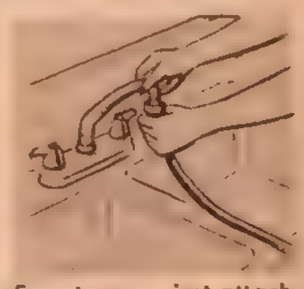
- No installing needed
- It rolls on wheels
- Washes, rinses *and dries* automatically

Portable Model 24-inch width **$274.50 Cash**
$10.00 Down, $13.00 Monthly

Stationary Model 24-inch width **$234.50 Cash**
$10.00 Down, $11.00 Monthly



Portable . . . easy to move into position.



Easy to use—just attach hose; plug into outlet

ONLY $10.00 DOWN on Easy Terms . . . 24 months to pay!

Not a penny to pay for installation! KENMORE's newest dishwasher is portable and what's more . . . fully automatic. No more monotonous rinsing, washing and drying of dishes by hand. Just scrape dishes and load into washer . . . no rinsing needed . . . attach hose to hot water faucet . . . plug into electrical outlet . . . turn on the switch and that's all you do. Dishes are thoroughly washed, rinsed twice and dried to a sparkling luster automatically.

The same fine quality construction as our famous stationary KENMORE dishwasher shown at left. Stainless steel baskets, with extra large basket for silverware, hold complete service for six. Non-leak, 3-position lid (will not hit full-length wall cabinets when open in 2nd position). Motor starts only if lid is closed—safety latch keeps it closed while water is in tub. Overall size 24x24x36 inches high. 21-inch diameter tub of one-piece heavy gauge steel. Tub and top are finished with acid-stain-scratch resisting white vitreous enamel. Heavy gauge steel construction throughout. Cabinet finished with easy-to-clean white baked-on enamel in Sears 2-coat, 2-bake process that gives extra gloss, hardness and durability.

Powerful washing action does thorough cleansing job. Round tub and exclusive design impeller plus scientifically arranged baffles increase speed and efficiency of washing action. While only 2 gallons of water are used at any one time in the washing or rinsing operations, the oversize impeller builds up a terrific column of water which deluges the dishes with 60 gallons of water per minute. Impeller also doubles as hot air fan during the drying period. 1000 watt heating element dries dishes thoroughly without harm to finest china. Heavy duty ⅓-HP motor for 110–120-volt, 60-cycle AC. Underwriters' Laboratories, Inc. approved. Hoses for attaching to hot water faucet and for draining slide out of sight when not in use. 9-foot cord and plug included. Complete instructions for use included . . . and remember, there's no installation necessary when you buy a KENMORE Portable Dishwasher!

42GM6403W–KENMORE Portable Dishwasher. Shipping weight 207 pounds..... $274.50

24-Inch 4-Star Feature Stationary Kenmore Dishwasher. Same as above except not portable; is to be installed permanently. In addition, it has the convenient re-cycling feature that permits you to stop machine to put in a forgotten dirty dish and washing cycle starts from beginning!

42GM6400W-Shipping weight 186 pounds..... $234.50

NOTE: Merchandise on this page shipped from Dallas or Houston. Send order to Sears in Dallas.

ONLY $10 DOWN brings you this COMPLETE AUTOMATIC DISHWASHER-SINK

$299.50 Cash **$13.50 Monthly**

Same, plus Disposer **$389.50 Cash**
$10.00 Down, $18.00 Monthly

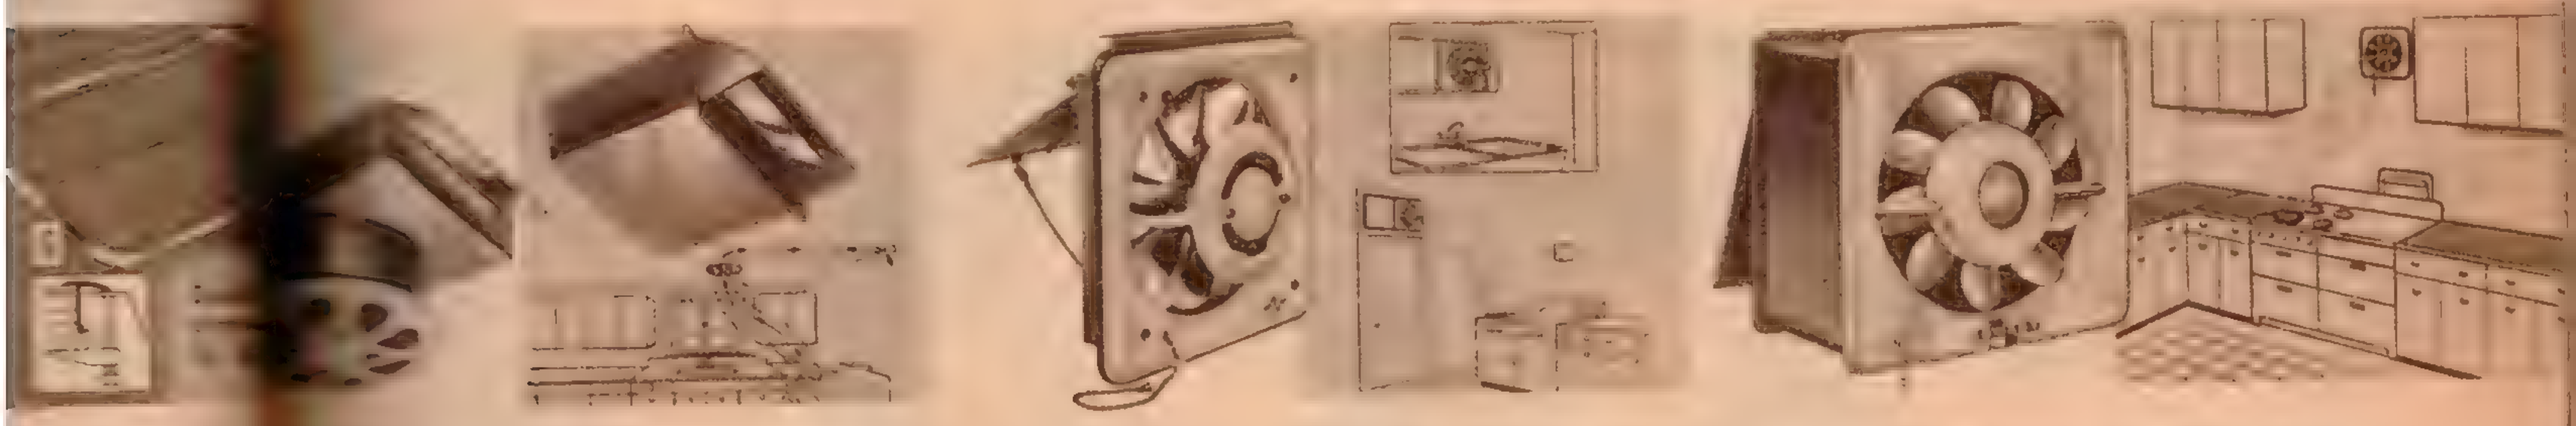
Best . . . **Stationary Dishwasher-Sink** in compact gives you automatic dishwashing plus a large, beautiful space in undersink cabinet. Dishes are washed, rinsed automatically for only a few cents a day . . . with an hour saved for you!

Because ONLY KENMORE has these features: *Automatic* control to stop the machine to put in a forgotten dirty dish—cycle starts from the beginning! Only KENMORE *Water control* that "levels off" water pressure inside tub. Description of KENMORE'S powerful washing action, 1000-watt, 3-position lid, safety latch, 1000-watt heating element. Dishwasher at right.

24x36 inches high at front, 4-inch splash back. Extra large 20x20x7 inches deep. 21-inch diameter dishwasher tub of heavy gauge steel. Sink, entire tub and top finished with acid-resisting white vitreous enamel. Heavy gauge steel. Cabinet finished with glossy, easy-to-clean white baked on by our famous 2-coat, 2-bake process that gives high gloss and beauty. Roomy undersink storage compartment. Our mixing faucet of polished chrome plated brass with swivel spout; handy pull-out rinser spray; removable basket of stainless steel. Heavy duty ⅓-HP motor for 110-volt 60-cycle AC. Approved. Order trap page 1203.

Complete instructions included. Shpg. wt. 260 lbs..... $299.50

Special Offer! All at one low price, the KENMORE Dishwasher-Sink plus HOMART Food Waste Disposer on facing page. Complete instructions. Shpg. wt. 308 lbs..... $389.50



Remove smoke, steam and cooking odors with a HOMART VENTILATOR . . . only 10% down on Easy Terms

Whisks away steamy, smoky air where it starts and keeps other rooms . . . no curtains, walls or ceilings for new homes under construction, easy access to ceiling joist. You enjoy working in a cooler, cleaner, fresher kitchen. Efficient HOMART Kitchen Ventilator. 10-inch fan moves 400 cubic feet of air a minute to weather-resistant outside exhaust above ceiling. Two dampers close when fan is off. White enameled grille. 60-cycle AC. Approved by Underwriters' Laboratories, Inc.

$29.95 Cash **$3.00 Down**

Economical to operate . . . requires no more electricity than an ordinary light bulb. Won't interfere with radio or TV. You can save by installing it yourself—complete, easy-to-follow instructions included.

42G09318W-Shipping weight 20 pounds..... $29.95

Window-type Basement or Kitchen Ventilator. Easily installed in 10x10-inch opening in glass of any window, either wood or metal sash. Glass fits snugly into grooves on sides. Double channel pieces support cut edges. No interference to raising or lowering window.

$22.95 Cash **$2.50 Down**

Ideal for use with clothes driers—it removes moisture laden air from the laundry room. 8-inch fan moves 400 cubic feet of air a minute—exhausts stale, smoky air from recreation room; draws grease-laden air and smoke from kitchen before it can settle on walls—keeps cooking odors from spreading through house. Simple pull-chain switch starts motor, opens outside shutter. Shutter seals out weather when not in use. Cushion-mounted motor uses 115-volt, 60-cycle AC. UL approved. White enamel grille.

Economical to operate . . . requires no more electricity than ordinary light bulb. Won't interfere with radio or TV. You can save by installing it yourself—complete, easy-to-follow instructions included.

42G09318W-Shipping weight 17 pounds..... $22.95

Our Best Built-in Wall-type Ventilator. Adjustable to fit any wall 5½ to 11 inches thick. Every housewife who has worked in a hot, stale, smoky kitchen will appreciate the speedy way this HOMART Ventilator keeps her kitchen cooler, cleaner, fresher.

$28.95 Cash **$3.00 Down**

Big 10-inch fan with 9 deep-pitch blades moves 650 cubic feet of air every minute. Precision built to give quiet and efficient operation. Wall plate and motor housing finished in gleaming refrigerator-white enamel. Single action pull-chain switch starts motor and opens outside shutter. When fan is off shutter seals out the weather. Quiet, cushion-mounted, dust-proof motor uses 115-volt, 60-cycle AC. Approved by Underwriters' Laboratories, Inc.

Economical to operate . . . requires no more electricity than an ordinary light bulb. Won't interfere with radio or TV. Wall flange 12¾ inches square requires opening 11⅝ inches square. You can save by installing it yourself—instructions included.

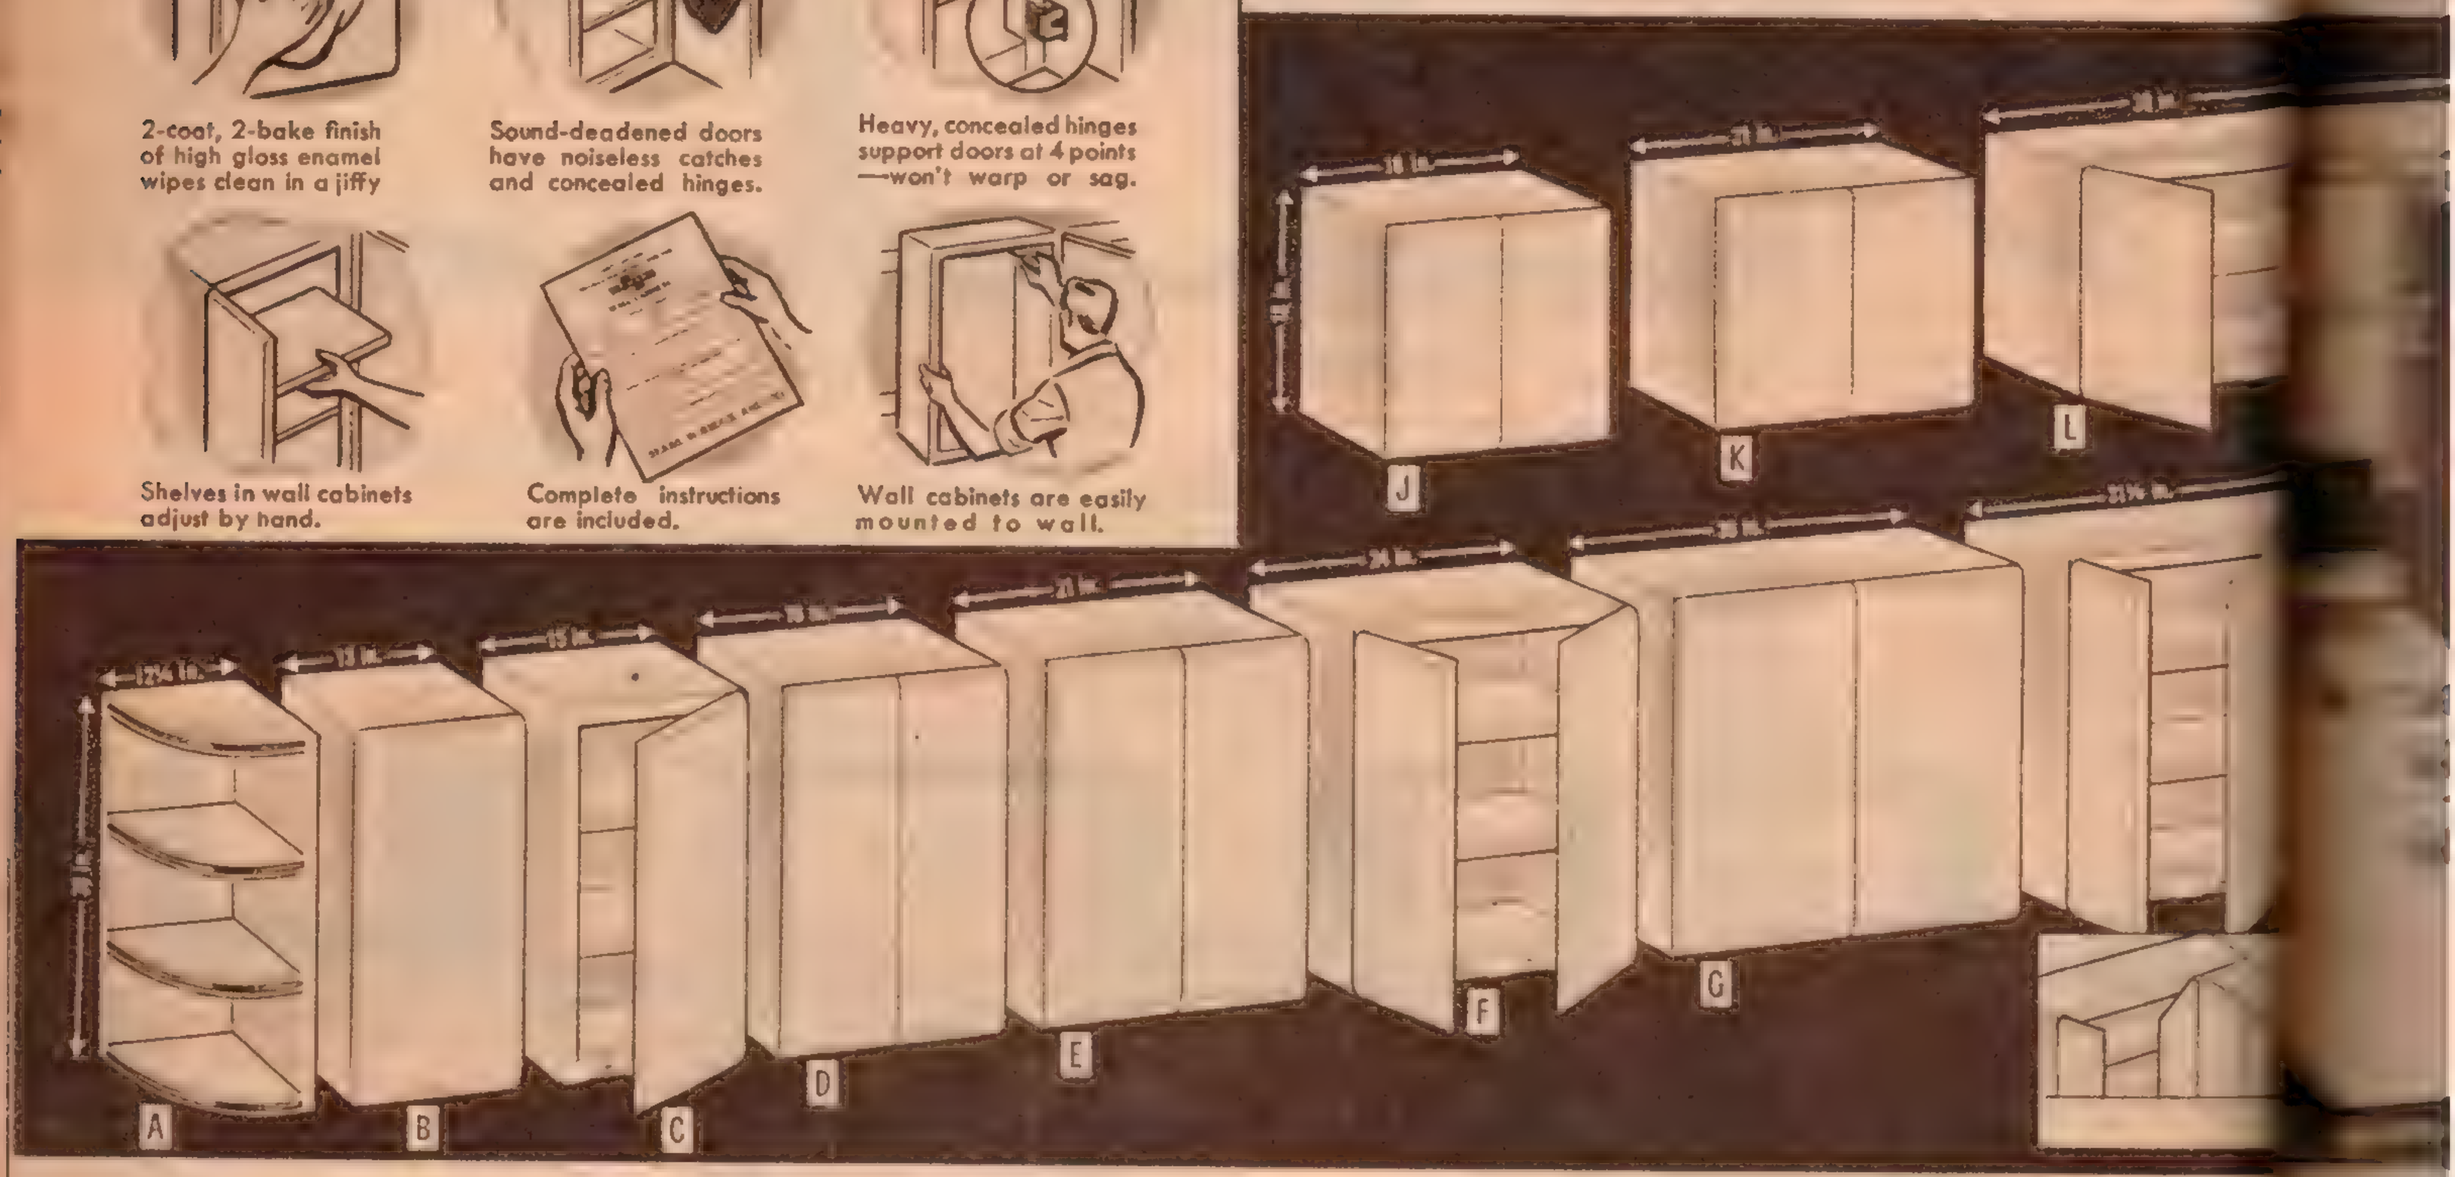
Finest Homart Quali

Now in More Sizes and Styles than



Exclusive design "customatched" Homart STEEL WALL CABINETS go together perfec

Sears improved 2-coat, 2-bake white enamel finish withstands kitchen humidity . . and stays gleaming white!

Corner shelf (A) **$8.25** | 13x30-inch cabinet (B) **$17.45** | 21x30-inch cabinet (E) **$22.50** | **$2.50 Down** | 18x18-inch cabinet (J) **$17.95** | 30x18-inch cabinet (L) **$22.**

The lowest prices we've seen for such exceptional quality! HOMART All-Steel Wall Cabinets are made of heavy furniture steel and electro-welded into sturdy, rigid units. Now in a complete line of sizes and styles to fit your kitchen space requirements. New 15x30 inch cabinet and corner cabinet have been added to provide even more flexibility in planning a time and step-saving kitchen.

Our best quality finish inside and out . . . metal-gripping primer coat is applied to chemically-treated rust-resisting steel and baked until thoroughly dry. A heavy coat of white enamel is then applied and baked again. Resulting high gloss finish is extra hard, extra durable . . . withstands kitchen humidity and is fume-resistant! So easy to keep clean . . . just wipe with a damp cloth!

Rounded-corner design is smart-looking . . . has no protruding hardware to mar its streamlined appearance. Non-spill shelves are removable for cleaning; easily adjustable to different heights with one hand . . . are deep enough to hold a 12-inch platter. Doors are ¾-inch thick; have concealed fingertip grips plus concealed hinges and noiseless catches—close quietly and securely. HOMART Cabinets are quick and easy to install—just mount to wall in position desired with screws and brackets included.

Designed to match perfectly so that a kitchen of HOMART Wall and Base Cabinets has that "custo-matched look," as if made to fit *your* kitchen. Start with a few cabinets or buy a combination . . . see the wonderful groups for use around stove, refrigerator or sink, as well as Ensembles on pages 1192, 1193. *For special Fluorescent Lights* to fit under HOMART Wall Cabinets, see Light Fixture pages 846, 847.

SEARS EASY PAYMENT PLAN is available . . . see inside back cover.

Assemble your own custom-type counter tops the easy, low-cost Homart way . . .

Use Colorful HOMART LAMINATED PLASTIC-ON-PLYWOOD

Save up to 50% of modernizing and installing costs by assembling these attractive HOMART Counter Tops and mounting them on your own cabinets (whether home or factory made). They are constructed of genuine Laminated Plastic thoroughly bonded to ¾-*inch* exterior grade plywood. They make a smooth, sanitary, continuous work surface that resists hard wear . . . is unaffected by fruit acids, cleaning alkalies, boiling water . . . is scratch and chip-resistant . . . wipes bright and clean in a jiffy . . . a practical way to add color to your kitchen! **Homart Counter Top Kits include 4-inch splash back to match** and enough polished metal edging to finish entire top. Edgings are polished metal with plastic insert to cover screws. You can order additional pieces of end splash and T-strips where needed for corner construction. Tops are 24 inches wide and come in 5, 6, 7, 8-foot lengths. Easily cut with a sharp-toothed carpenter's saw. Trim quickly applied. For Flat Rim Sinks and Sink Rings to install into counter top, see page 1190. For base cabinets without tops, see page 1195. **Homart Laminated Plastic Tops come** in Harmony House colors: *Pearl design in Dawn gray, Sunshine yellow, Pacific blue and linen design in Cherry Red.* **Note:** Cat. Nos. ending in "W" shipped from Dallas or Houston. Send order to Sears in Dallas.

Finest Homart Continuous Counter Tops
Custom-made to your own order

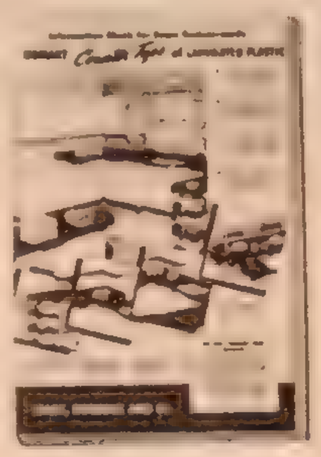
Come factory assembled and ready to put in place. The same fine quality Laminated Plastic-on-Plywood as described above. Finished with extra wide, best quality non-drip edging of 1⅜-inch stainless steel. Has 4-inch high splash back against wall with 1-inch trim. Underside of ¾-inch plywood finished with coat of moisture-proof sealer. Units to fit your kitchen can be built straight, "L" shape or "U" shape as shown in small diagrams at right.

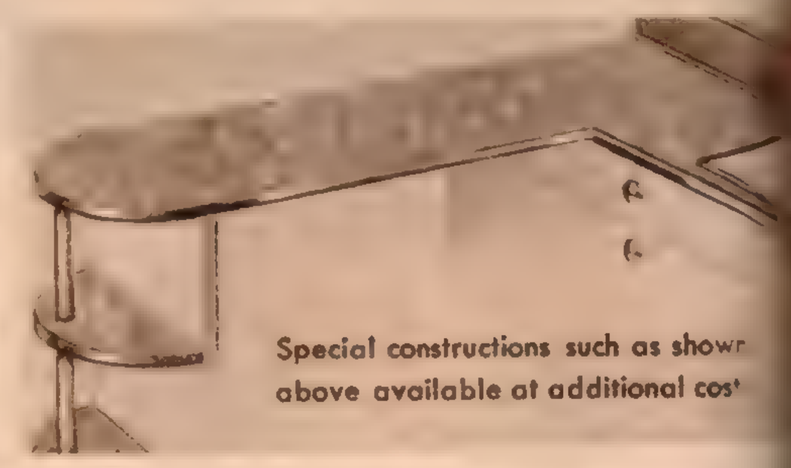
$6.95 per foot along wall

TO ORDER: Send carefully drawn sketch showing dimensions AA, BB, CC and DD as required. We will supply any width up to 26 inches. **Take all measurements along wall with steel tape or rule and state size to sixteenth of an inch.** PLEASE STATE COLOR OF TOP: *Harmony House Dawn gray, Sunshine yellow, Pacific blue in pearl design and Cherry red in linen design.* You pay freight or express from factory near Chicago on delivery.
42 G M6202F—Shpg. wt. per lineal ft. 8 lbs. Price per foot along wall. (Fractions of foot take next full foot price). $6.95

Counter Tops Complete with Sink. Save as much as $20 on usual installation costs by installing sink yourself the easy, HOMART way! Here's how it works . . . Counter top comes to you from factory with Sink Ring already fitted. Sink and fittings come from mail order house. This way you save the cost of double handling, mounting of sink and extra heavy crating. Sink can be mounted in a few minutes—usually all you need do is to tighten lugs with your fingers (see how HOMART Sink Ring works on page 1190).

TO ORDER: Select the Flat Rim Sink you want from page 1190, indicate dimensions BB on your sketch, state catalog No. of Sink, add price of sink (plus $4.65 for any size Sink Ring) to order for Counter Top above.





Special constructions such as shown above available at additional cost

If you need help in figuring or want a special construction, write for Free Counter Top Estimating Blank 6362G. Fill out and return to us, and we will estimate of cost of top made to order. No obligation. Write to

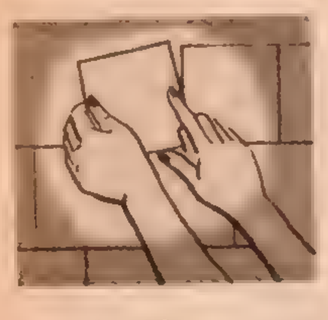
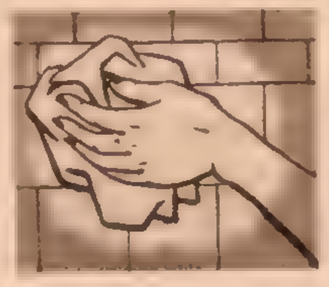
At Last! The New, Lovelier HOMART STEEL WALL TILE is he

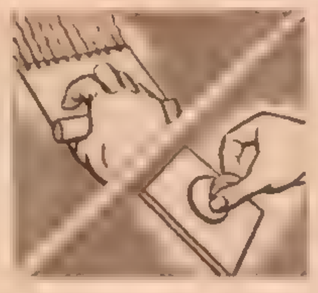
Large size applies easier and faster! Ideal for large wall areas and ceilings



Homart Tile is easily installed
Lightweight squares are easy to handle . . . are readily trimmed to fit around fixtures in the room. Instructions included.



Homart Tile is easy to clean
Just a swish of a damp cloth keeps its lustrous baked-on enamel colors bright and new . . . will not fade or peel.



Spreader and Holder included
Metal spreader puts mastic cement on wall more evenly...rubber suction-cup holder makes it easier to place tiles in position.

As low as **37** per sq. fo

Lovely Harmony House Colors . . . new decorator shades

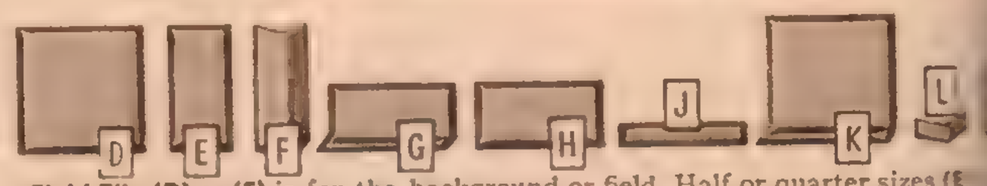
The new size, the new colors . . . Homart Steel Wall Tile has them both! Choose it also for its durability . . . it costs you less in the long run because it requires no painting or redecorating . . . will not warp, chip, crack or peel even when tile is bent! It is electrolytically coated with zinc both front and back and is bonderized to resist rust . . . is breakproof and scratch-resistant.

Introducing the new, dark decorator colors . . . the latest news in bathroom and kitchen decoration! These rich-looking, lasting enamel colors are baked on . . . will not fade or lose their gleaming freshness. Harmony House color coordination assures you of pleasing color schemes—see color story on pages 690 and 745. You'll be amazed at how little care keeps this modern wall covering bright and new. Dirt and grease cannot penetrate . . . just wipe occasionally with a damp cloth!

Ideal for installing around bathtubs and showers because HOMART Steel Wall Tile is steam-water-humidity resistant. Waterproof mastic cement prevents water seepage by making tight seal between wall and tile and between edge of tub and wall. Narrow line of mastic left between tile joints keeps out water and enhances appearance of wall tile. HOMART Tile is also fine for kitchens, game rooms, laundry.

Save as much as 50% of the total job cost by installing HOMART Tile yourself. Now the large size makes it easier and faster to do! Only tools needed are a level and tin-snips. Tile can be bent to fit flat against uneven wall—individual tiles can be replaced if ever necessary. May be applied over old plaster, plaster board or any smooth wood surface—walls and ceiling require no additional support (not recommended over beaded ceilings or absorbent type wall-board). Complete instructions included. Cement spreader and tile holder furnished at no extra charge with orders including both tile and cement.

HOW TO FIGURE AMOUNT OF HOMART STEEL WALL TILE YOU WIL



Field Tile (D) or (E) is for the background or field. Half or quarter sizes (E) giving a staggered effect. **Cap Strip (H)** and **Feature Strip (J)** for decorative **Base (K)** finishes base of wall. Corner pieces **(F) (L) (M) (N)** finish outside

(D) Field Tile. Multiply height x width to get square feet of area to be ti space for door, windows, cabinets, tub, trim). See chart below for are each package. Order one extra square foot for each corner for cutting lo

(E) Field Tile. For staggered effect: each starting edge at corner or doo Half Tile for every other row. (Tile at other end can be cut with snips f Multiply total number of corners (plus one for door) by number of ro and divide by two. Order this many Half Tiles.

(H) (J) (K) Trim. Figure in lineal (running) feet. Cove base (at floor—see tion above) will overlap field tile one or two inches.

Outside Corners. Order one **(F)** for each row of field tile and one **(L)** or **(M)** row of trim tile **(J)** or **(H)** or **(K)** for each outside corner of room.

(G) Half Cove. Order to fit around top of tub (will overlap field tile one

Two styles of polished chrome plated fittings

Thrift Style Homart Fittings

Same attractive design and sturdy construction as our Better Quality Fittings at the right, but do not have shower or mechanical drains on tub or lavatory.

Fittings for bathtub: Consist of wall mount mixing faucet (threaded for ½-inch pipe on 6-inch centers) and waste-overflow fitting of 1½-inch tubing with chain and rubber stopper.

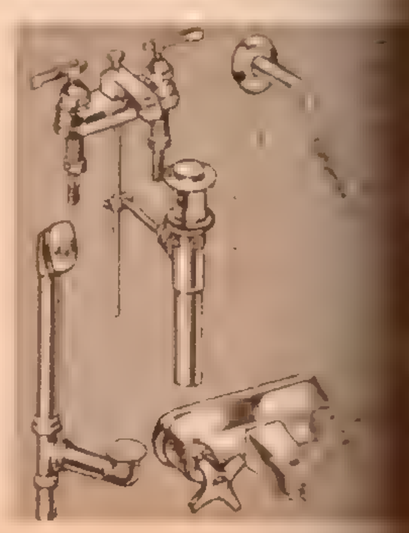
Fittings for lavatory: Consist of tubular legs, mixing faucet (with water connections on 4-inch centers), drain fitting with chain and rubber stopper (*order 1¼-inch trap page 1202, supply pipes page 1203*). Wall hangers for installing lavatory furnished.

Better Quality Homart Fittings

Complete with shower and mechanical drains for extra convenience . . . smart, modern appearance. Sturdily constructed of fine quality materials for durability.

Fittings for bathtub: Consist of wall mount mixing faucet (threaded for ½-inch pipe on 6-inch centers) complete with shower diverter, head and arm. Waste-overflow fitting of 1½-inch tubing has mechanical trip lever drain; closes at a flick of finger.

Fittings for lavatory: Tubular legs, mixing faucet on 4-inch centers and mechanical stopper that closes when you lift button on spout (*order 1¼-in. trap page 1202, supplies page 1203*). Wall hangers furnished.



NOTE: Merchandise on this page shipped from Dallas or Houston. Send order to Sears in Dallas.

Chrome Plated Better Fittings

Similar design, same sturdy construction. Tub faucet has shower diverter, head and arm . . . waste-overflow with trip lever drain that closes at flick of finger. Lavatory faucet has mechanical stopper that closes when you lift button on spout.

Steel Tub has wide flange rim to prevent seepage of moisture around wall.

Steel Tub has handy grooved, "hand-grip" for safety and wide shelf rim.

Homart Lavatory has wide shelf back ledge . . . holds toiletries, shaving articles.

Toilet is popular washdown model . . . unit-type with strong flushing action.

Quiet; highly efficient; modern design . . . just a few dollars more. With seat and regular ballcock. **$35.95** Cash. **$4.00 Down**

Hush-quiet Siphon Jet Actio

Our most efficient, streamlined toilet . . . well worth the small extra cost! With seat and regular ballcock. $2

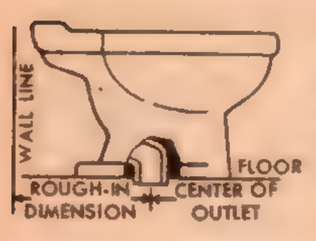
Homart TOILETS of white vitreous china . . complete with se

Thrifty Homart model combines simple, tasteful style with a real down-to-earth Sears price. Has unit-type design with extended back on bowl holding tank.

Made of stainproof, acidproof vitreous china . . . gleaming white finish is not affected by acids or caustic cleaning compounds. Washdown action clears bowl. Water area 8½x10 in. Water seal 2½ in. Trapway 1½ in. Height 30 in. White finished seat. Rough-in 12 in. or more. Shpg. wt. 95 lbs. *Order supply pipe on opposite page. Bath Ensembles with this toilet are on page 1201.*

42 G M4930W—With regular ballcock. $32.50

For listings of Bath Accessories, see page 1199B



MEASURE ROUGH-IN BEFORE YOU ORDER

Rough-in is the distance from center of bowl outlet to finished wall (not baseboard) – see at left. On old installations, it is about distance from rear bolt to wall.

Better Homart Toilet has quieter, faster flushing—reverse trap action uses only about 3 gallons of water as compared with usual 3½ gallons. Modern unit-type design with extended back on bowl holding tank. Trapway at back.

Acidproof, stainproof vitreous china guarantees you beauty that's built in to last. The sparkling white glaze is baked in so that neither acids nor caustic compounds can mar its beautiful gleaming white finish . . . so easy to keep clean!

Large 9x11½-inch water area. Water seal 2½ inches. Trapway 1½ inches. Overall height 31 inches. Complete with durable white finished seat. Rough-in 12 inches or more. Shpg. wt. 100 lbs. *Order supply pipe from opposite page. For Bath Ensembles with this toilet, see page 1200.*

42 G M4934W—With regular ballcock. . . . $35.95

Our finest Homart Toilet because it combines styling with extra fast, hush-quiet Siphon Jet Swirling water and twin jet siphonic actio quickly and thoroughly with only 3 gallons o ern unit-type design with extended back on tank. Trapway at back for streamlined ap

Entire unit is stainproof, acidproof vitreous china. white glaze is baked in so that not even ac cleaning compounds can discolor or dull its Always stays easy to clean just by wiping with

... Fittings have beautiful ... chrome plated finish

Has the same fine construction features as our biggest lavatory at the right, but without low faucet ledge. Attractively styled lavatory is made of stainproof, acidproof vitreous china (the finest lavatory material known). Sparkling white glaze is baked in and will not discolor or lose its gleam.

Modern design has two concealed overflows beneath front of anti-splash rim. Handy shelf back provides space to set down toiletries. Overall size 20x18 inches. Basin 15½x11¾x5 in. deep. *Better Quality Fittings* include mixing faucet (water connections on 4-inch centers), mechanical stopper (drain closes when you lift button on spout) and tubular legs. *Order trap from facing page, supply pipes below. Bath Ensembles with this lavatory page 1201.*

AA Faucet Water Softener. Just attach to any of your hot or cold water faucets . . . and *Presto!* . . . you have soft water for kitchen uses, or bath and "wash-basin" laundering. Filled with white Zeolite; will last for years. Easy to recharge with ordinary table salt! **$1.98**

Softener has neat 3½-inch diameter fabric container. Rubber mouth fits snugly over faucet. In some hard water territories softener can cut soap bills as much as ⅔! Pays for itself in soap savings.

42 G 3223—Shipping weight 2 pounds. Each.... $1.98

Buy a pair and save! Shpg. wt. 4 lbs. Pair..... 3.75

BB Jumbo Water Softener. Not only softens water with greater capacity than model above but also removes iron that causes cloudy, staining water. 3500-grain capacity! Excellent for laundry, kitchen and tub use. Inlet hose fits faucet. Easily recharged with table salt. White enameled steel. 7 inches high. 5½-in. diameter. Shipping weight 10 lbs.
42 G 3224..... $8.95

D PAGE 1203 . . BATHROOM EQUIPMENT

De Luxe Single Valve

HOMART WATER SOFTENER

Regenerates with a flick of a lever!

40,000 grain capacity

$162.50 Cash

$5.00 Down
$8.00 Monthly

BETTER 3 WAYS!

- Makes water rain soft
- Removes staining iron
- Filters out sediment

One lever regeneration . . so easy a child can do it!

Just a flick of a lever and weakened zeolite softener material regenerates to new softening strength!

LOWER DOWN PAYMENTS . . LOWER MONTHLY TERMS!

Saves from $35 to $100 in soap and clothing bills every year!

Be glad you waited for Sears finest. Not like ordinary water softeners, this HOMART de luxe model works three ways to give you the wonder-working magic of water that's actually *soft as rain!* But more than that, its completely advanced design allows full regeneration with just an easy turn of a lever. No more messy pouring.

Removes harsh hardness. High capacity zeolite mineral removes up to 60 grains total hardness per gallon. You get mounds of deeper cleaning suds from one-fourth the soap you normally use in hard water. Clothes wash cleaner quicker and last 25% longer by actual test! Dishes sparkle. Men like the way soft water wilts beards . . . makes shaving easier! Soft water shampoos are a joy . . . leave hair soft, free of hard water scum.

Banishes staining iron . . . filters out sediment. Removes up to 15 parts per million iron. No more red rust stains on your linens or on porcelain fixtures. No more limed-up tea kettles and utensils that wear out faster. Facts show that three-way treated soft water makes automatic washers and dishwashers work better.

Attractive modern design. Heavy gauge galvanized steel tanks finished in gleaming white enamel. All sizes have standard ¾-inch water pipe connections. See instructions below on how to select the most efficient size for your needs.

42 G M3207—Homart De Luxe Iron Removing Water Softener with Brine Tank

State capacity grains	Softener tank size	Brine tank size	Salt capacity	Shipping weight	Special Easy Terms Down	Special Easy Terms Monthly	Cash Price
40,000	12x48 in.	12x42 in.	100 lbs.	392 lbs.	$5.00	$8.00	$162.50

80,000	16x48 in.	16x42 in.	200 lbs.	564 lbs.	10.00	11.00	237.50

HOMART SOFTENER KITS CUT INSTALLATION COST

Flexible copper pipe connectors each with 1 straight and 1 elbow fitting. ¾-in. threads. **Installation Kit for De Luxe Model.** Two 3½-ft. connectors.
42 G 01697—Shpg. wt. 4 lbs. $4.95

Kit for Economy Model. One 7-ft. and one 3½-ft. pipe.
42 G 01698—Shpg. wt. 6 lbs. $7.00

TO FIGURE CAPACITY YOURSELF: Find grains of hardness from your local Water Department. Multiply that figure by the number of people in your home. Then multiply this figure by 210 (gallons of water required per person every two weeks) to get correct size softener.

FREE WATER TEST: Send a one-pint sample of your hard water in a clean glass jar to Sears, Dept. 243. State the number of people in your home. Laboratory engineers will test water for hardness and recommend softener type and size.

250-GPH outfit
$8.00 Down on Terms

Passed our MILLION GALLON "torture test!"

We sincerely believe it's the finest shallow well piston pump on the market today! Absolutely designed for "city main" dependability—the undisputed winner of our million gallon "torture test". *And what a penny-pincher!* Low in price, it also has a reputation for holding operating costs as low as 1 to 3 cents a day. That's precisely the kind of outstanding service you can expect to get. No wonder it's our most wanted HOMART shallow well piston pump.

Performance—**delivers water in a steady, even flow** comparable to big city mains. Pressure switch starts pump at 20 pounds pressure; stops it at 40 pounds. Draws from any depth to 22 feet; can deliver to any convenient location within 600 feet (use regular size suction pipe for runs up 100 feet; runs up to 300 feet take one size larger; use 2 sizes larger for runs up to 600 feet.)

Dependability—**we guarantee it for 1 full year** against defective materials or workmanship. Heavy duty pump, priming and air chamber thoroughly galvanized for rust-resistance and long life. Air chamber keeps valves and leathers submerged. Pump and motor are mounted on a common base, then the entire unit is mounted on the heavily galvanized tank. Double bearing pump built in sealed case. Stainless steel piston rod with wiper. Solid pulley . . . no spokes.

Motor—**capacitor type ¼-HP motor** has UL listed thermal overload switch for automatic burnout protection. Has costlier manual reset for utmost safety. Drip-proof cap protects against moisture. Pump features splash lubrication, brass-lined cylinders. Operates on 110–120-volt, 60-cycle current.

Economy—**Be thrifty . . .** order tank-mounted pump. Tank eliminates excess starts and stops—lengthens pump life. Tank-mounted pumps are shipped complete, ready to install!

250-gallon per hour water system, complete with galvanized tank. Especially ideal for cottages, etc. . . . where water pressure is less than average. Sturdy ¼-HP capacitor-start split-phase type. Connections for 1-inch suction and ¾-inch discharge pipes. Overall size 32x14x32 inches long. Order now. Shipping weight 140 lbs.

42 G M2952W—*Reduced. Was $83.95.* **$79.95**

350-gallon per hour Direct Pressure Outfit. Same as the 350-GPH water system above but without tank and pressure gauge. Pump starts when faucet is turned on. No tank required. Air volume control included. Adequate for cabins, trailers, etc. Tank size 22x12x22 inches long. Has connections for 1-inch suction and ¾-inch discharge pipes. *Our lowest cost model.* Shipping weight 75 pounds.

42 G M2951W—*Reduced. Was $73.25.* **$72.50**

Larger 350-gallon per hour system, complete with big 30-gallon galvanized tank. Has the extra advantage of a built-in fresh water valve which permits drawing fresh water directly from well. Heavy duty ¼-HP capacitor-type motor. Connections for 1-inch suction and ¾-inch discharge pipes. Overall size 33x17x40 inches long. Shipping weight 170 lbs.

42 G M2959W—*Reduced. Was $95.50.* **$94.50**

350-gallon per hour Direct Pressure Outfit. Same as the 350-GPH water system above but without tank, pressure gauge or fresh water valve. Air volume control included. No tank needed. Pump starts when faucet is turned on. Extra large air chamber practically eliminates pulsation. Has connections for 1-inch suction and ¾-inch discharge pipes. Size 23x11x25 inches long. Shipping weight 110 lbs.

42 G M2958W—*Reduced. Was $76.50.* **$75.00**

CUT Pump Installation COSTS ONE-HALF!

Easy-to-handle . . 13 times lighter than ordinary pipe
Gives long service . . proved by use in heavy industries

...—All day job for ...100-foot well takes ...ordinary pipe

...—One man does ...b in three hours ...lbs. plastic pipe

Homart FLEX-O-PIPE

Do the work of two men in less than half the time! Yes, HOMART Flex-O-Pipe makes any water system installation as easy as installing a garden hose. Lengths long enough to run from pump to water without a coupling. Coil lengths: ¾-in. pipe—400 feet; 1 and 1¼-in.—300 feet; 1½-in.—250 feet.

Made of superior polyethylene plastic—developed first for heavy-duty use in mines, industry and as underground and underseas cable—PROVEN! Will not rust or corrode . . . resists liming . . . not affected by soil or water chemicals. Does not affect water taste. Flexibility allows natural bends.

No threads to cut, no skill required! Durable couplings insert into ends to be joined—rust-resisting stainless steel clamps provide fast-holding unions. Tough plastic threaded adapters screw into threaded connections—insert into pipe end for easy hook-up. One clamp included with each adapter, two included with each coupling. *Not for hot water lines.*

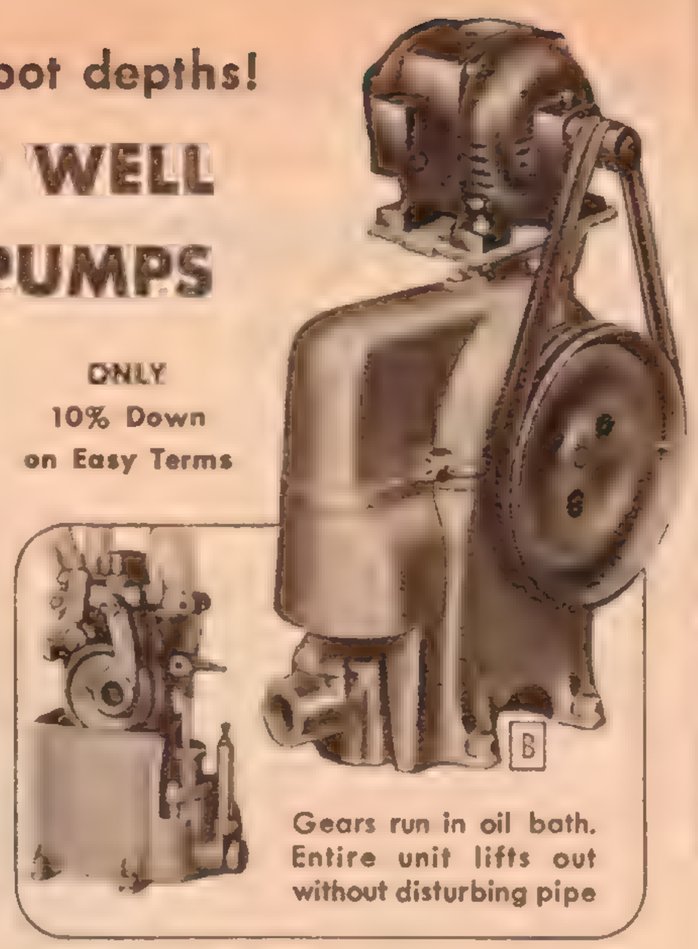
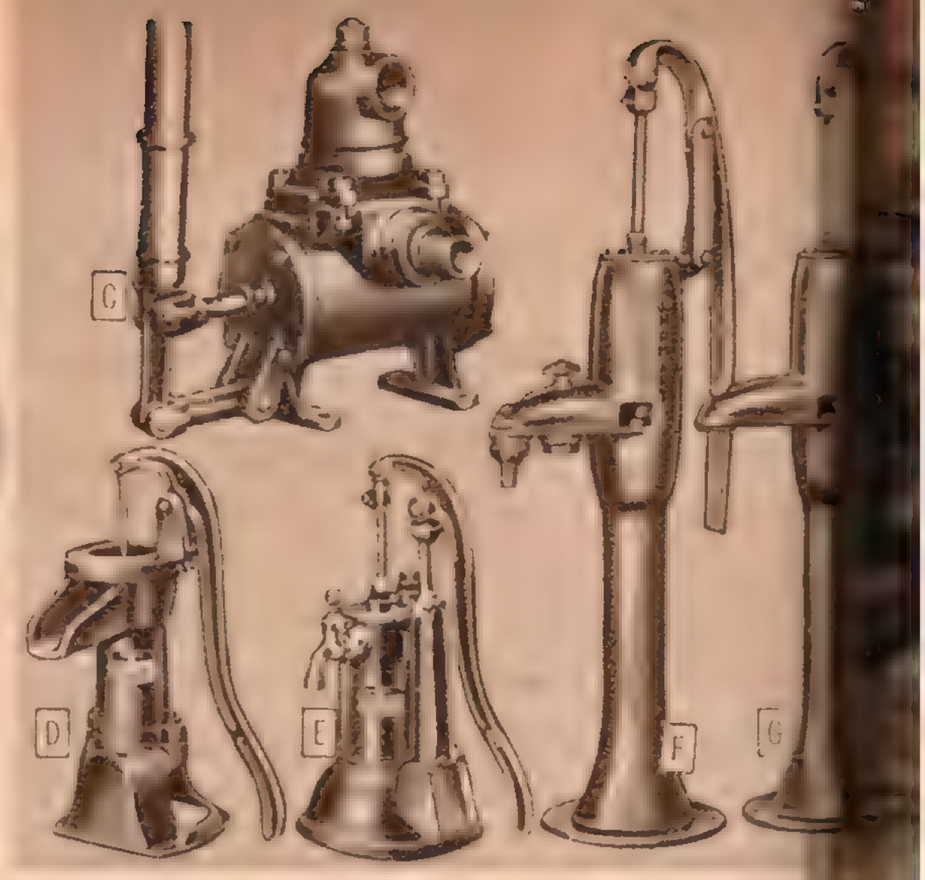
Homart DEEP WELL PISTON PUMPS

ONLY 10% Down on Easy Terms



Gears run in oil bath. Entire unit lifts out without disturbing pipe



For Wells up to 85 feet

Complete with tank **$124.50** Cash — $12.50 Down

[A] **Pump with 42-gallon tank** complete with automatic pressure switch, air volume control, check valve and built-in relief valve. Provides 200 GPH at constant 20-40-lb. "city-main" pressure.

Designed for efficiency—and economy. Has no gears . . pulley connects directly to crankshaft. Crankshaft runs on Timken bearings, connecting rod runs on grease-sealed ball bearings. Operates at 105 3-inch strokes per minute!

Extra-large air chamber reduces pulsation. Cast iron base. Plunger rod has ⅝-in. adapter—11 threads per inch.

Guaranteed one year against defective materials or workmanship. Powerful ⅓ HP motor for 110-120-volt, 60-cycle AC. UL listed overload burnout protection. Pump 23x13x27 in.; tank 16x30 in.; 2-in. suction; ¾-in. discharge. Largest cylinder recommended: $1\frac{13}{16}$ in. (see (B) below). Use 1⅛-in. rod (see (A) below). Pump-to-tank fittings below.

42GM2955W Outfit. Wt. 200 lbs $124.50
42GM2952W Pumponly.Wt.135lbs. 93.50

For Deeper Wells up to 275 feet

½ HP Pump alone Buy on Easy Terms **$136.50** Cash — $14.00 Down

[B] If you need a constant flow of water from a deep well down to 275 feet, then your best dollar-wise choice is one of these 3 larger HOMART pumps.

Precision-built helical-type gears. Unusually quiet. Require no attention other than keeping proper amount of oil in case. Operates at 60 5 in. strokes per minute. 2½-in. drop pipe, 1¼-in. discharge. Order pressure switch (T) on page 1205, pressure gauge (F) and relief valve (E) below.

Heavy duty motor, repulsion-induction type, starts against heavy loads. 115 or 230-volt, 60-cycle AC. V-belt drive. Drip-proof cap. Guaranteed one year against defective materials or workmanship. Size 28x18x35 in. Order outside cap cylinder (B) below. Order galvanized steel drop pipe on page 1183.

For 310 GPH capacity with 2¼-in. cylinder, use 2¼-in. drop pipe. Order pump rod (A) below.

For 200 GPH capacity with $1\frac{13}{16}$-in. cylinder, use 2-in. drop pipe. Order pump rod (A) below.

Easy-to-carry 1½-HP Pump

$109.95 Cash

$11.00 Down

What a performer! Delivers as much as 5700 gallons per hour at a 10-ft. lift or less. Ideal for drainage jobs, etc. Perfect for auxiliary fire protection.

Fits into an ordinary auto trunk! Simple, compact—just 19½x14x16½ inches high. So light, one man can carry it . . . weighs only 74 pounds in spite of its sturdy cast iron case and steel base. Requires practically no attention or maintenance.

Prime it only once! Built-in check valve holds the prime thereafter. Self-cleaning 3-vane open impeller handles sediment and trash-laden water with ease. Pump has patented shaft seal.

Amazingly economical operation! Delivers up to 25,000 gallons of water on each gallon of fuel. Powered by 1½-HP gasoline engine, famous 4-cycle air-cooled Briggs & Stratton or equal.

Outfit comes complete with: nipples, air cleaner, rope starter, muffler, suction strainer and instructions. No foot valve is required. Tapped for 1½-inch suction and discharge.

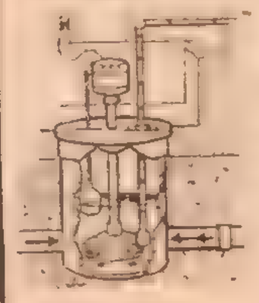
Prevents Basement Floods!

Saves expensive basement equipment
Provides low cost "flood insurance"

HOMART AUTOMATIC CELLAR DRAINER

ONLY $4.00 Down on Easy Terms

$39.95 Cash



Easy to Install

Simply set it below the floor in an 18 to 20-inch tile, cement or steel sump. Attach 1¼-inch discharge pipe to drainer.

Starts pumping automatically! Drains your basement BEFORE . . . not after . . . it's flooded. Protects your furnace, water heater, washer—all basement equipment from ruin by rain, seepage or backed-up sewer water. Can pay for itself *the very first time* it saves your basement from flood water damage!

For use in emergencies, simply fit garden hose to outlet and lower drainer into flooded area.

Needs no wiring . . . plug it in! When water rises in sump, it releases the precision switch. Instantly the sturdy ⅓-HP motor whirrs into action! Sends 3000 gallons per hour out the discharge pipe at a 5 foot head; 2200 gallons per hour at a 10-foot head. This unusually high discharge capacity means dependable protection even in flash floods!

Handles sediment-laden water without clogging! Has giant screened inlet. Semi-open impeller. Stainless steel impeller shaft. Sturdy cast iron housing and base.

UL listed automatic overload burnout protection! Ball-bearing protected split-phase ⅓-HP motor for standard 110-120-volt, 60-cycle AC. 1¼-inch discharge connection. Overall size 12x37 inches high. Cord, plug included.

For lifting basement laundry water, etc. to high sewer outlets, simply drain water into cellar drainer sump and drainer pumps it away instantly. Order now!

42 G 03037LW Shipping weight 50 lbs.. . . . . $39.95

Double Pole Cellar Drainer Switch. Easy to install replacement for HOMART Cellar Drainer above and other float-type drainers old and new. Efficient double pole design for 110-120-volt 60-cycle AC. Black crinkle finish.

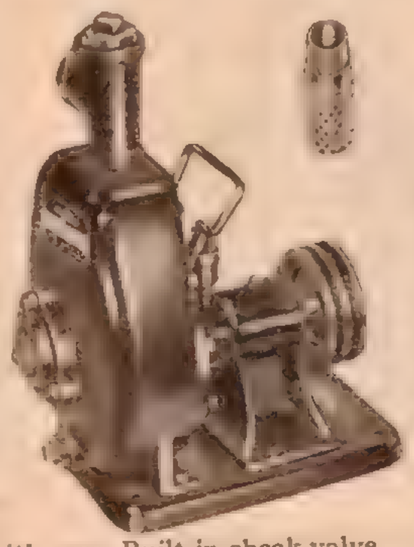
42 G 355—Shipping weight 8 ounces ..**$1.95**

Low-cost Homart V-Belt CENTRIFUGAL PUMPS for your motor

Self-priming High volume model

$5.50 Down Easy Terms

$51.95 Cash



Just the pump you need for draining and transferring liquids! Portable, lightweight with special handle for carrying. **Delivers big capacities** (see table below). Has twin 4-inch V-pulleys, or can be direct-driven by use of coupling. Takes two "A" section belts, ½ inch wide, 11/32 inch deep. Self-priming after initial prime.

Aluminum body, sturdy steel base. Cast iron open-type impeller handles muddy water with ease. Built-in check valve holds initial prime. Shaft rotates in sealed ball bearings; shaft seal lubricated by grease cup. Discharge T, suction strainer included. Foot valve not required. 1½-inch suction, discharge. Order suction hose (A) at left.

Homart NAX STEEL OVERHEAD GARAGE DOOR

Check these quality features . . they prove outstanding value

- NAX Steel—50% greater strength than ordinary steel
- All hardware for complete installation included with your order
- Rigid panels and strong frame will withstand abuse and dents
- Vertical panels blend with any type of architecture
- Spring-balanced to swing up-and-in overhead easily, smoothly

8x7-foot size
$61.25 Cash
$6.50 Down

Made of NAX high tensile steel . . . has 50% greater strength and 3 to 5 times greater resistance to corrosion than ordinary steel. Has one coat baked-on rust-resisting undercoat paint. Panels are 22-gauge steel, frame of 19-gauge steel. With "V" crimps pointing outwards.

Tubular operating arms won't twist or jam. Much stronger than angle iron normally used. One nut adjusts spring tension. Recedes completely inside garage; requires only 5/8-inch headroom-space above door . . . ideal for garages with low ceilings . . . saves sidewall height of garage. Key lock in auto-type handle.

Freight or express—single doors from mail order house; double door from factory in Detroit, Michigan. Order from mail order house.

CUSTOM-MADE CONTINUOUS PLASTIC TOPS

Make colorful easy-to-clean work surface

$7.35 Per foot along wall

Give your kitchen a custom-built look with a continuous work surface! Complete unit consists of work surface that extends 25 inches from wall with 4-inch high splashback along wall. Work surface and splashback covered with tough, 1/16 inch thick, high-pressure laminated plastic that resists heat up to 250° F., smoldering cigarettes or boiling water. Non-porous surface also resists common household acids, alkalies and alcohol—wipes clean with a damp cloth. Plastic bonded to ¾ inch 5-ply waterproof Douglas fir plywood. Has 1½ inch stainless steel non-drip counter edging. 1-inch stainless steel edging and cove molding on splashback for smart appearance.

HOW TO ORDER: (1) Take careful measurements of kitchen where counter top will fit. (Use steel tape or wood rule, do not use cloth tape). Take measurements along wall at height counter will be installed. (36 inches in most cases.) (2) Draw diagram of counter top you want (like above) and enter all measurements requested, (AA) for straight counter, (AA) (CC) for "L" shape counter, and (AA) (CC) (DD) for "U" shape counter. If corner base with angle front is to be used with "L" or "U" shape counters, be sure to give measurement (EE). (3) Plan position of sink; take into consideration any fixed plumbing pipes. Plot sink on diagram and enter measurement (BB) from center of sink to one end or corner of top.

NOTE: Check whether one-piece top can be brought into your kitchen and set in place. *State color of top*: Tops available in HARMONY HOUSE colors with mother of pearl pattern in Dawn Gray, Cherry Red, Sunshine Yellow, Sage Green or Pacific Blue. Shipped freight or express from factory near St. Louis Mo.. Order from mail order house.

64 G M2570F—Shpg. wt. per foot 9 lbs. Price per foot along wall. (Fraction of foot takes next foot price) **$7.35**

- Complete unit with trim
- Lower installation cost—saves on materials
- Eliminates dead closet space . . easy access to every part of closet. No wasted floor space
- Steel doors will not stick, warp or sag . . glide on rollers . . no primer coat needed

You can build your own built-in wardrobes using sliding closet doors at a fraction of the cost of conventional closets. It's easy, too, because every piece of the door is completely fabricated to fit in place. Can be installed in a minimum of time. With sliding closet doors you have no wasted space . . either inside or outside the closet. No need to allow space for swinging type door . . place furniture in space previously used. Makes the entire closet easily accessible, too . . no reaching into far corners. **Just think how convenient** this door will be in your own home . . you can shut off any unneeded area and have a closet—just like that! Or, use several together and have a huge storage space that won't detract from appearance of room. Ideal wherever you want to convert "waste space" to "use space."

LOOK! No need to cut or install jambs, stops or trim; no need to cut or fit door; no mortising frames and door for hinges; no prime painting needed . . has prime coat baked-on paint. Can be repainted. Doors can be removed in seconds. Fingertip operation . . 1-inch thick doors slide open and shut on rollers. Unit includes two flush panel doors of 20-gauge cold rolled steel; head, side channels serve as jambs; 1-inch wide interior trim and door guides; 2 factory-installed brass door pulls; floor guide channels; rubber bumpers; installation instructions. Requires only 2¾-inch jamb depth. Can be installed on wider jambs.

All doors 6 feet 8 inches high. Rough opening size: 6 feet 8 5/16 inches high, 2 inches wider than door opening. Shipped freight or express from mail order house. *Please state width wanted.*

THRIFTY FARMER'S FRIEND

Fully assembled window unit for any building needs

Often called the "Farmer's Friend" Window because of its low price, simple construction and ease of installation. **$13.50**

Ideal for hundreds of uses—in barns or any farm building, garages, work shops, cabins, summer cottages, tourist cabins and even homes (we recommend weatherstripped check rail windows, above, for home construction).

Completely assembled ready to set in wall opening. Glazed, 1⅜ in. thick, 2-light (1-over-1 light) design. Sash is plain-rail design—upper sash is permanently installed. Lower sash slides up, *has spring balance included.*

Frame includes casing, sill, stops and jambs. *Jambs available in two widths*—5-in. for drywall (plasterboard, etc.), and 5¼-in. for conventional plaster. Sash size is 2 ft. 4 in. wide, 4 ft. 6 in. high—only size available. Don't make stud opening until you receive window. By freight from factory in Ft. Worth, Texas. Order from mail order house. **State jamb width.**

ALUMINUM CASEMENTS

. . last life of building

Buy Complete Unit (see Table A) containing Sash, Glazing Material, Screens, at prices below total prices of items sold separately in Tables (B), (C), (D). Choose styles you want from table below.

LOW AS **$12.15** Sash frame only

Consider aluminum casement windows . . they can't rust, warp, rot or split. Resist corrosion and never need painting. Can reasonably be expected to last the life of your building because they're made of "long-life" aluminum.

Constructed to rigid specifications: Made of especially designed solid extruded aluminum, ⅛-inch thick or thicker, 1 inch deep. All joints are electrically flash welded.

Screens made of rustproof aluminum frame and 16-mesh aluminum screen wire. Fit on inside of casement, above roto-operator. Easy to change, 1 per swinging sash. See Table (D).

Storm Sash made of hollow frame aluminum (see top at left). If you want storm sash, you can get sizes and prices simply by writing to Sears Personal Service Dept.

Glazing Materials packed separately. Windows to be glazed after installation in wall. Includes glass, clips and putty. See Table (C).

Fins. Needed for masonry installation to hold frame in wall. One head and 2 jamb fins in set for each casement. Listed in Table (E).

Mullions. Used between casements when arranged in series. Not load bearing.

64 G M6075F—For frames 26 inches high. Shipping weight 2 pounds. 98c

64 G M3975F—For frames 38⅜ inches high. Shipping weight 3 pounds. $1.55

64 G M3976F—For frame 50⅝ inches high. Shipping weight 4 pounds. $2.09

30 G 03494—**Caulking Compound.** Gray. Gun type. Use 1 quart per 35 feet. Mailable.
Quart—Shpg. wt. 4 lbs. 6 oz. 79c
Gallon—Shipping weight 17 pounds. $2.68

HOW TO ORDER CASEMENT WINDOWS: List catalog number and window style number of item desired. Rough wall opening should be ¼-in. larger, each dimension, than window sizes given in table. All items shipped freight or express from factory in Northern Alabama. Order from M.O. house.

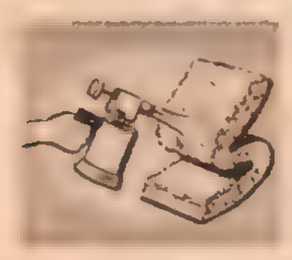
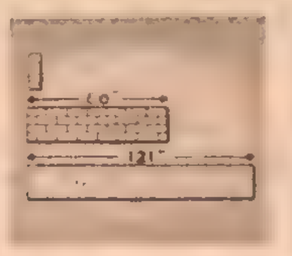
HOMART INSULATION KEEPS YOUR HOME 12° to 15° COOLER

CHECK THESE FEATURES . . AND SEARS LOW PRICE



All HOMART insulation is permanently fire-resistant—helps block spread of fire. Can also be placed around electric wiring because it is non-conductive.



Homart Rock Wool insulation stops up to 85% of heat from passing. 3 in. of Spun Rock Wool is equal to 12 in. of wood; 60 in. of brick or 120 in. of concrete!

All Homart Insulation resists moisture. Helps keep your walls dry and clean from dirt, smudges and streaks. Also helps keep air inside your home drier.

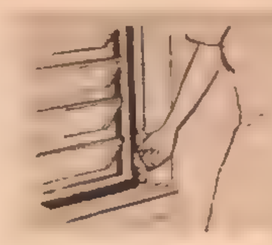
YEAR 'ROUND INSULATION . . In Summer . . keeps o.
In Winter . . keeps out chills . . keeps walls dry

1. INSULATION KEEPS OUT SUMMER HEAT . . keeps your home from 12° to
Yes, it's true! When you insulate with HOMART you can reduce summer
that keep your home hot as a bake-oven from the sun's penetrating heat. All
will be cooler throughout the day and night. When you insulate your hom
thing like the insulation around your refrigerator . . *it provides an effective b*
the passage of heat. So effective is this barrier that it **stops up to 85% of**
venting outdoor heat from penetrating into your home through walls
Insulation transforms unused attic space into liveable quarters. Makes
of rooms which might otherwise be unbearable. Also helps stop moistur
have a damaging effect on roof supports, joists.

2. INSULATION KEEPS OUT WINTER CHILLS. 3 inches of HOMART Insu
to 12 inches of wood, 60 inches of brick or 120 inches of concrete. HOMA
has millions of tiny air cells. Made of long rugged fibers that are hel
Phenolic resins—not by cheap starches as in ordinary insulation. This
Homart insulation will not deteriorate after a few years service, that
its fluffy softness with no weak spots to cause heat loss. Actually this ins
like the insulation around the oven of your kitchen range . . *it keeps heat in*
ing NOW you can save as much as ⅓ on your fuel bills . . and save e
costs over a 2 to 3-year period to more than pay for the cost of insulat
think of another investment that will give you a 100% return in abo

NEW IDEA FOR WINDOWS AND DOORS

Jalousies give up to 100% ventilation . . Ideal for porches, breezeways



Operating handle adjusts ventilation

Can be left open—even during rain

Glass can be cleaned from inside

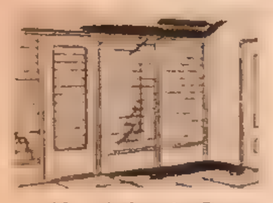
Small openings give added protection

Here's Big News! Jalousies are now available for doors as well as for windows. Jalousies are built similar to venetian blinds so that they **can be adjusted for light and ventilation!** . . from wide open, to a mere crack, to tightly closed. When partially open each glass slopes down and out so **you can have ventilation even in heavy rain** . . yet there is no danger of rain ruining interior furnishings. Smart, modern appearance **blends with all types of home architecture** . . especially suited for ranch style homes or where horizontal lines are emphasized.

LOW AS
$15.75
Window only without screen

Ideal for use on enclosed porches, breezeways, summer homes. All glass strips on both door and window operated with turning handle. Frame is made of aluminum . . **never needs painting.** Includes drip cap. Individual glass strips locked into louver slots **without putty or mastics.**
Screen frame and wire made of aluminum, fit on inside above operating handle. Window has permanent fins so it can be installed in any type of wall—wood, frame, brick veneer or masonry. See specifications for door at left below. **Your choice of clear or frosted glass.** Frosted or obscure glass often preferred for privacy. **State glass wanted.**

SHIPPING INFORMATION: Door, window and glass are shipped separately from factory in Northern Alabama. Both kinds of glass shipped separately. Order from Sears mail order house.



Use Jalousie Doors for your breezeway

Jalousie Doors "modernize" entrance

Door with Jalousie insert, Screen to fit . . . at one low price. Jalousie unit same as described above. Standard 1¾-in. thick clear fir wood frame. Insert permanently installed in frame. All wood parts sanded smooth ready to paint, stain or varnish as you desire. (No door hardware included.) Aluminum screen same as described above, fits on inside above. Operating handle. **Your choice of clear or frosted glass.** *See shipping above.*

New and Improved HOMART Rock WOOL BATTS

Two Brand New Homart Features offer important advantages:

-ENCLOSED . . Stronger, cleaner, easier to install than -face batts

LONG . . Assures fewer seams, greater efficiency, installation

LESS THAN **4½c** square foot standard-thick from factory

of insulation is measured by the amount of trapped dead ed within the insulating material itself. The long, rugged Rock Wool Batts create millions of tiny dead-air u year round insulation protection. HOMART Rock deteriorate even in the harshest weather extremes . . r sag (you have a minimum of loose fibers and dust) s and fire-resistant too!—even a blow-torch won't ck Wool. Top-grade Phenolic resins are used to keep . and the air cells intact.

Asphalt-coated Kraft paper on one side of batt acts as vapor-barrier—keeps ceiling and walls dry, cleaner, reduces need for frequent re- Breather paper on other side of these new batts seals in the rock wool . . t dust or dirt. These 2 paper facings are asphalt-sealed together at s a complete seal between batts across studs . . And new 4-foot length nous vapor-barrier from floor to ceiling.

ALL: Has strong triple flange, asphalted for complete seal between blankets Use for 16 or 24-in. stud construction. Easily cut in half lengthwise ears to fit between 24-in. wide studs or joists. In ceilings, lay batts oists in walls or roof, staple or tack flanges to studs or rafters. IN 2 ull-thick (about 3½ in. thick; more completely fills air space between thick (about 2½ in. thick). Both 48 in. long; 15 in. wide. Shpg. wt. s. *Minimum order 3 cartons.* Freight or express from factories near , Temple, Tex., McKinney, Tex., or from mail order house. Order r house.

TO INSTALL YOUR INSULATION

attic is used as living quarters, in- the roof rafters and end wall studs.

attic has separate room, insulate above around its sides and over remaining

attic is not occupied, place insulation be- joists of the entire floor.

Provide ventilation above attic insulation Homart louvers.) See below for louvers. s, too, for Extra Comfort and Savings!

NOTICE! Sears gives you top quality lowest possible prices. Because day are high, and freight charges antial part of your insulation bill, insulations are available from mail d factories within your area. Here's and keep your total bill down:

the insulation you need, and note ces. (2) Choose shipping point nearest check freight rates on page 1438 or freight agent. In this way you will r total insulation bill will be. (3) k ready cash, you need not put off r home. **Remember** . . . *Easy Terms orders of $20.00 or more . . . with a ment of only 10%. See inside back te details.*

COTTON BLANKET Insulation

Style (B) LESS THAN **5¾c** square foot

A Flame-resistant cotton blankets enclosed between aluminum foil (reflects sun's heat rays) and asphalt-cemented paper. Vapor-barrier. Special chemical treatment makes it resist flame; protects fluffy fibers from decay, moisture, vermin. Non-irritating; non-toxic! Instructions. 2-in. thick blanket compressed for packing; insulate 108 sq. ft. allowing for framing. Freight or express from mail order house. Order from house. Shpg. wt. 22 lbs. *Minimum order 3 blankets.*

64 G M9463—16 in. wide, 75 ft. long $7.65
64 G M9464—24 in. wide, 50 ft. long 7.65

B **Standard blanket**—Same as above except has Kraft paper instead of foil. Shpg. wt. 18 lbs.

64 G M9450—16 in. wide, 75 ft. long $6.14
64 G M9451—24 in. wide, 50 ft. long 6.14

HOMART Pouring ROCK WOOL

LESS THAN **5c** square foot (3 in. deep from factory

Our best insulation for existing sidewalls; won't deteriorate! 3-in. thickness stops up to 85% of heat; can cut fuel bills up to ⅓! Keeps home 12° to 15° cooler in summer. Won't burn! **Permanent.** Contains millions of tiny air cells. **No hand packing needed . . . "pellets" flow smoothly.** In ceilings, pour into spaces between attic floor joists; rake to depth desired (3 in. for best results Also flows freely into sidewalls. Won't settle or pack

One 40-lb. bag insulates 22 sq. ft. 3 in. deep, allowing for joists, studs. Freight or express from factories Temple, Texas, McKinney, Texas, Tulsa, Okla arkana, Ark., or from mail order house. Order house. Shpg. wt. 41 lbs. per bag. *Minimum order 3*

64 G M9310—40-lb. bag (from house)
Was $1.25 ..... Now $
64 G M9310F—40-lb. bag (from factory)
Last Spring Was $1.15 ..... Now 1.09

REMEMBER! If you need insulation, YOU NEED LOUVERS

A necessity for effective insulation! Louvers exhaust moist, trapped air in attic; help circulate air to protect rafters and framing from deterioration, rot, mildew; also discourage water stains, paint blisters on ceilings below. **Stormproof baffle construction** keeps out rain, sleet, snow—non-rusting screen keeps out birds, leaves, insects. Extra-heavy steel can be painted or left unpainted . . . has rust-resisting bright finish, and frame all around face for durability. For Roof Louvers, see illustrations and description at right.

LOW AS **$1.09** Each

Insulating value equals 18-in. brick

Resists moisture condensation

Apply any type exterior finish

Asphalt Coated Sheathing Board resists moisture condensation and penetration. High in insulating value, it resists both heat and cold. Panels go up quickly, add to strength of building.

ASPHALT COATED SHEATHING BOARD

LESS THAN **12¼c** Square Foot

Build with an eye to the future . . make your home stronger, more comfortable. HOMART Asphalt Coated Sheathing Board insulates as it strengthens. It's asphalt coated on both sides and on ends and edges and has a completely waterproof surface. The long edges are shiplapped for a tight fit. The ends have a square edge.

Homart Asphalt Coated Sheathing Board has millions of tiny sealed-in air cells that reduce heat passage. These tiny air cells keep your home cool and comfortable in the summer months . . . warm and pleasant during cold winter months. They also help to keep expensive fuel bills down. Over a period of time this fuel saving should more than equal the cost of HOMART Asphalt Coated Sheathing Board. Thus, by ordering this fuel-saving material now you may actually pocket additional dollars that were formerly applied to your fuel bills. Another saving which occurs when you build with Asphalt Coated Sheathing Board is the lesser need for additional insulating material in your sidewalls. It completely eliminates the need for building paper (except when used under stucco), acts as a waterproofing agent.

The panels are easy to handle, go up quickly. They saw and nail just like ordinary lumber. Better than ordinary wood sheathing. Asphalt Coated Sheathing furnishes both insulation and additional structural strength to your home or building. The panels come in large sheets and are 25/32 inch thick, 2 feet wide and 8 feet long. Sold in bundles of 6 panels. It's easy to install and you save money doing it! Saw, hammer and nails are all you need. Shipped freight or express from the mail order house. Pay shipping charges on delivery. A bundle covers 96 square feet. Don't put off your order! Send today for this fine HOMART Asphalt Coated Insulating Board. Make your home a better place to live. Shipping weight per bundle of 6 panels is 110 pounds.

64 G M8481—Bundle of 6 panels costs only. . $11.70

Plan individualized floors for every room in your home that have beauty! comfort! long-wear! . . the three outstanding qualities you get in Homart Rubber Floor Tile.

ONLY **7¾c** 6x6-inch Tile In carton lots

ONLY **31c** sq. ft. In carton lots

In the living room you can plan a floor to set off traditional or modern furniture. In the dining room you will be delighted with the way tile resists dents of chairs and tables. Rubber tile will add a welcome brightening touch to bedrooms and is a safe, clean flooring for children's rooms. You will find that rubber tile is ideal in bathrooms because it is "warm" to the touch. For color and pattern in kitchens, utility rooms and recreation rooms you are limited only by your imagination.

Rubber Floor Tile is strikingly beautiful. The colors are brilliant and pure with pleasing marbleized effect to break up color monotony. This bright, sunny effect gives new life to dull, drab-looking rooms. These beautiful colors go all the way through both the ⅛-inch heavyweight or 1/16-inch domestic weight tile.

Makes a soft walking surface. Resilient action of rubber absorbs jar in walking. You feel fresher after a day in the kitchen when you have rubber floor tile—even if the kitchen has a concrete sub floor.

Absorbs millions of footsteps. The natural resiliency of rubber ... it is not hard and rigid; it springs back after every footstep or scuff. ... **leave no permanent dent in surface.** Easy to keep clean, too. The ... porous surface is always easy to wash clean when polished with ... Self-Polishing Wax (listed on page 1248).

"No other type flooring gives you both the beauty and the durability of Asphalt Floor Tile at so low a price!"

- Now offered in 15 sparkling colors to liven and brighten your home. Revitalize worn out rooms with attractive Homart Asphalt Floor Tile!
- The colors can be combined in any combination you desire . . . the tile can be arranged in any pattern you wish. Design your pattern today!
- The only type of floor tile recommended for installation over concrete in direct contact with the ground. Ideal for basement or any floor on a concrete slab foundation.
- Simple to install. The tiles are precisely cut to fit together perfectly—won't stretch or bulge. Follow the simple instructions and save up to 50% by installing yourself!

A smart colorful floor for any room in your house. Its gleaming loveliness makes easy-to-clean floors. Use in dining room, living room, halls, bedrooms, bathrooms, laundry-room, recreation room. Yes, even for churches, schools and offices.

LOW AS **10¾c** sq. ft. in carton lots

Low as **6c** 9x9-in. tile

Only type of floor covering that stays lovely on concrete as well as on wood—the only type of floor covering that is unaffected by the moisture and harmful substances that filter through concrete in direct contact with ground! *Apply directly to concrete.* Can be laid over wood floors of firm construction (standard double thick type) if Asphalt-Saturated Felt, listed at right, is used.

The long-lasting tiles are made of asbestos, asphalt, plastics and color pigments—they'll stay bright and cheerful even after millions of footsteps .. stylish marbleized colors go clear through the 1/8-inch thickness, can't wear off! Floor can be wiped clean with a damp cloth. Keep it shining with Maid-of-Honor Self-Polishing Wax, listed at right.

Comes in 9x9-inch squares, 1/8 inch thick. Install using Asphalt Tile Cement. Instructions. Tile freight or express. Accessories mailable.

HOW TO ESTIMATE number of 9x9-inch tiles needed: Add 1/8 to the number of feet in length and in width of room. Multiply these totals for number of tiles required. For example: room is 11 ft. long by 15 ft. wide. 1/8 of 11 (4) added to 11 equals 15; 1/8 of 15 (5) added to 15 equals 20. 15 times 20 is 300, the number of Asphalt Tiles needed. Figure off-sets separately.

If you wish help in figuring the number of tiles needed, write to *Sears Personal Service Department*

Plastic Tile Cutter. Makes a neat cut, saves time. Available on loan basis only—Order Cutter by Catalog No. G 09189. Shpg. wt. 8 lbs. Send $15.00 deposit. We will refund your $15.00 deposit if you return the cutter postpaid within 30 days. *While we recommend use of this cutter you may also cut tile with a scroll or hacksaw.*

Take a look at your bathroom, your kitchen, your laundry. Would you like to make these rooms brighter, lighter, more cheerful . . . without spending a lot of money remodeling? If so, we suggest you consider HOMART Plastic Wall Tile . . . a truly modern way to make your rooms fresh, clean and sanitary looking. HOMART Plastic Tile will add value to your home. It will reduce yearly redecorating and painting expense and yet, your rooms will always look rich and cheerful. HOMART Wall Tile features the improved "crown" shape with gentle sloping edges that give deeper, more expensive looking shadow lines—a real third dimensional look.

Colors go clear through each tile . . . can't wear off. Plastic Tile is "warm" to the touch, highly resistant to water, humidity. Dirt, grease won't penetrate . . not affected by household acids. Cleans brightly with just a wipe from a damp cloth.

Versatile in use—three sizes of tile, handy individual 4¼x4¼-inch full tile, 2⅛x4¼-inch half tile for "brick" pattern and corners, and ⅝x4¼-inch feature strips offer utmost freedom in planning color schemes. Meets commercial standards CS-168-50, National Bureau of Standards.

Easy to apply. Use over any smooth, solid wall or ceiling surface such as plaster, plasterboard, plywood or hardboard (not over insulating board or similar soft surface material.) No sealing or sizing of wall necessary—mastic cement (at left) holds tile to wall. No need to remove fixtures—just cut tile and fit around them. Instructions. Tile mailable.

FREE ESTIMATING SERVICE. If you wish, write for Plastic Wall Estimate Blank 6265G. TO MAKE YOUR OWN ESTIMATE: (1) Find square foot area to be covered (total wall area, less area taken by openings, cabinets, fixtures); (2) divide by 5 for total number of cartons needed.

HOMART ASBESTOS SIDING SHINGLES . . no painting needed!

AND LOOK WHAT IT GIVES

EASY TO APPLY

Asbestos gives you simple installation. Self aligning . . . nail holes pre-punched . . . cuts quickly.

NO UPKEEP

Asbestos lets you stop worrying about next year's paint job . . . needs no paint, yet stays lovely

WON'T BURN

Asbestos gives you a fire-proof exterior . . . added protection for your family and your home.

WON'T DECAY

Asbestos gives you a siding that protects you for years to come . . . defies the weather!

HOMART ASBESTOS SIDING SHINGLES

Beauty that lasts . . beauty that protects!

LESS THAN **10¼c** Square foot From Factory

Try asbestos on your home . . . watch how it laughs at the weather, lasts for years! It isn't affected by even the worst type of weather—even salt-laden atmosphere can't hurt it. *Rain actually helps keep it clean!* The smooth, hard shingles have attractive cypress-effect graining—never need painting because of the extra hard, bonded-on surface of titanium dioxide.

Homart Asbestos Siding Shingles are made of genuine cement and asbestos fibers. Will not rot or decay; vermin and rodents can't harm them. Apply over any type siding. Shingles self-spacing, self-aligning—cut quickly with saw or Cutter listed at right. Nail holes pre-punched. Asphalt strips for sealing joints, rust-resistant face nails included. Order lap nails at right. Shingles 24 in. wide, 12 in. deep. 3/16 in. thick. Shingles shipped freight or express from factory in Houston, Texas, or mail order house. Accessories from house. Order from mail order house. Shpg. wt. bundle (19 shingles) 57 lbs.

No *better-made* ASPHALT Roofing

We spared no expense to bring you the BEST ROOFING we can obtain
Read the facts . . see for yourself why HOMART ROOFING IS SUPERIOR

Expensive "RAG" Felt Base made of long rag fibers, PLUS wood and paper fibers. Has greater rag content than ordinary roofing. HOMART Roofing is more pliant, therefore better able to resist winds.

HOMART Asphalt Roofing is coated with 100% PURE ASPHALT . . gives maximum water-proofing protection. (The coating of ordinary roofing substitutes mineral "fillers" for about 30% of the important asphalt oils.)

HOMART Asphalt Roofing is covered with deluxe mineral granules. Each granule is anchored firmly in hot asphalt, overlapping for complete protection. Rich, brilliantly colored granules . . colors go clear through . . won't fade.

elieve Homart Roofing, made under our own rigid specifications, is roofing money can buy . . regardless of price! Strict manufacture ment Specifications S-S-R-521. Only fine quality, long fibered, sed in the base of Homart Roofing. Felt base is made of long rag od and paper fibers. Homart roofing has a greater rag content than g and is better able to absorb more asphalt.

ful air and moisture are removed from this felt so the finished roofes or blistering. Then it is completely saturated with pure asphalt. eps the roofing pliable so it won't break off in strong winds. It's the lds the protective surface granules firmly embedded . . they won't

Asphalt is the only waterproofing element in roofing. Our speci- the use of costly 100% PURE ASPHALT in the coating. Most are coated with a mixture of about 70% asphalt and 30% mineral st, fine mica, etc.) costing much less. *Actually asphalt costs almost as filler and weighs only ½ as much.* Sears could offer roofing with a filler included and still meet government specifications. But we with 100% asphalt coating—no substitutes to "fill" out the weight and reduce the cost! That's why HOMART Asphalt Roofing is more pliant; resists cracking; does not become brittle as soon; stays waterproof and weather-resistant so much longer.

Only genuine bright-colored mineral granules are used to surface Homart roofing. Unlike rock, stone or ceramic (quartz) granules, Sta-So slate granules protect the roofing by preventing passage of destructive rays of sun that have a drying out effect on the asphalt beneath. They're long, flat and overlap, forming a "fish-scale" coverage that "sheds" water. By pressing them deep into the top coating while asphalt is still hot, they stay solidly in place. They retain their beauty, too, because the color goes all the way through.

SHIPPING NOTE. Sears many conveniently located shipping points offer you quick and economical shipping service. When you order your roofing, choose the shipping point nearest you. In this way Sears saves you money on freight charges.

SHIPPING: Roofing shipped freight or express from factories near Houston, Texas; Stroud, Okla. or Dallas. Pay shipping charges on delivery. Order from mail order house. Freight rates are on pages 1438–1440.

ACCESSORIES FOR YOUR NEW ROOF

Galvanized Nails.
64 G M394GF—**1¾ inches.** Use over wood shingles.
64 G M393GF—**1½ inches.** Use over asphalt roofing.
64 G M392GF—**1¼ inches.** Use over new boards. For *Selvage* on old roofs.
64 G M391GF—**1 inch.** For *Selvage* on new roofs.
Shipping weight 1 pound 4 ounces. Lb. 20c

Asphalt-saturated Felt Roll. Use over new roof boards as base for asphalt shingles. Two weights. Under shingles use the 432-sq. ft. roll ("15-lb. felt"). Use 216-sq. ft. roll ("30-lb. felt") for other purposes. Better moisture-proofing and insulating protection. Both 36 in. wide.
64 G M200F—216-sq. ft. roll. 72 running ft. Shpg. wt. 60 lbs. Roll.....$2.89
64 G M199F—432-sq. ft. roll. 144 running ft. Shpg. wt. 60 lbs. Roll.....$2.89

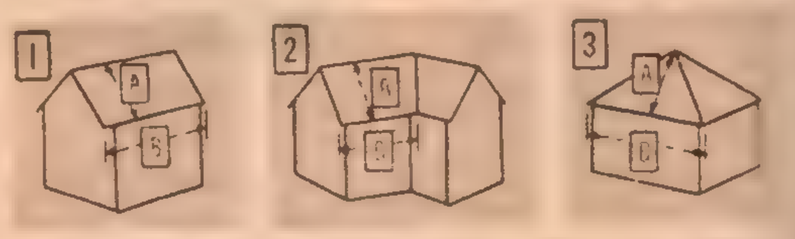
Homart Cold Application Cement. Needs no heating when temperature is above 60°. Blended asphalt, asbestos fibers. Order 1 gallon per roll.
64GM375F–Gal. Shpg. wt. 10 lbs.....69c
64GM376F–5-gal. Shpg. wt. 50 lbs. $2.69

Shingle-Seam Tack. Black mastic . . . for cementing down tabs of shingles. Protects roof against wind damage. Use ½ gallon per 100 square feet.
64 G M388F–Gal. Shpg. wt. 10 lbs...69c

Flashing Compound (plastic Cement). Made of asphalt and asbestos fibers. Use to seal flashings around chimneys, skylights, dormers, and valleys. For coating surfaces, 1 gal. covers 12 sq. ft. ⅛-in. thick. For flashing on re-roofing jobs, use ⅛ gal. per 100 sq. ft.
64 G M389F–Gal. Shpg. wt. 10 lbs...69c

NAILS *sold only with roofing in quantity needed.*

HOW TO ESTIMATE the amount of roofing



Plain Gable Roof. Multiply rafter length [A] by length at eaves [B]. Multiply result by 2. Add 6% to allow for waste in cutting and fitting in applying your new roof.

Cross Gable Roof. Multiply rafter length [A] by length at eaves [B]. Do this for each section of roof. Add 11% for waste at valleys, ridges, and gables of roof.

Hip Roof. Multiply rafter length [A] by length at eaves [B]. Divide result by 2. Do the same for each section of roof. Add 11% to allow for waste in fitting your roof.

Figure 5% additional material, each, for ac...

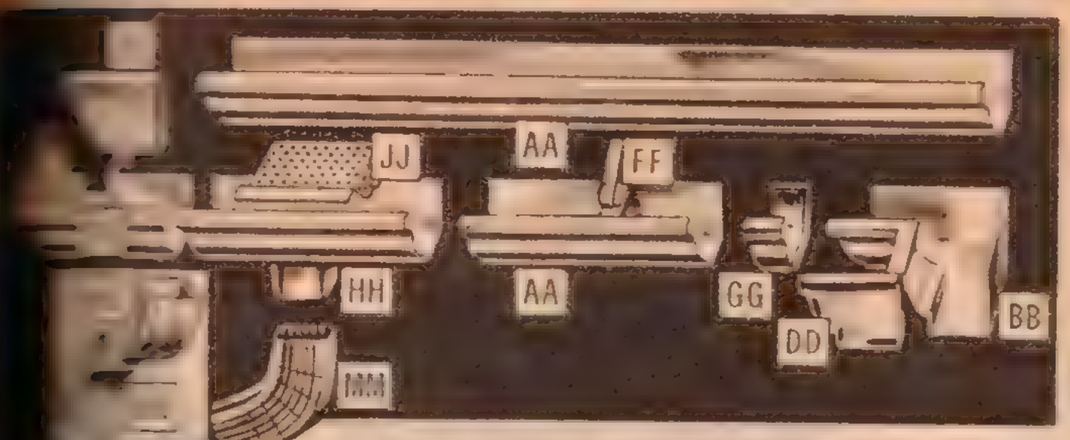
ALUMINUM GUTTERING—Lasts as long as your home



Made of special aluminum alloy—Resists wear and corrosion . . . lasts longer than ordinary steel guttering—Choose either BOX-TYPE or HALF-ROUND STYLE

Aluminum Guttering costs you less per year—low initial cost combined with minimum maintenance represents real savings. You get top quality when you order Homart Aluminum Guttering!

Made of .020-in. and .027-in. heavy stock aluminum alloy. HOMART Aluminum Guttering requires no soldering. Easy to handle slip-joint connectors make waterproof, no-sag joints when mastic (below) is added. Slip joint connectors make installation simpler, quicker, more economical. Extremely light weight—makes installation easier, too! Permanently rustproof, extra strong HOMART Aluminum Guttering won't stain your walls. Order either Box or Half-Round styles. Remember it's easy to install and you save money doing it.

Box-type Eavestrough, Fittings	Catalog No.	Shpg. wt.	Price
